

QUICK ACTION ON EAGLE POINT AND MEDFORD HIGHWAY

No time is apparently being lost on setting the preliminary work in motion for the construction of the Medford to Eagle Point highway this summer, which project was recently agreed on at Portland, the county to pay 25 per cent of the cost, the state 25 per cent and the government 50 per cent. K. E. Hodgman, division highway engineer made a survey of the lines of the highway last Saturday and will make his report to the state highway commission. The latter body will in turn report their findings to the post roads department of the government for approval, bids will be advertised for and the contract let.

When the project was being considered by the highway commission and one of the members expressed fear that no contractors could be found to undertake the work this year, W. H. Gore, E. V. Carter and County Judge Gardner, who were representing this county in urging the adoption of the project, at once assured the commission that there need be no fear on that score, for if no contractors bid on the work, the county and people themselves would furnish responsible persons to do the work. Since that time, Judge Gardner said today, it has been learned that several contractors have signified their intention to bid on the construction work.

CALL SOLDIERS IN TO QUELL PHONE STRIKE

LINTON, Ind., April 29.—Martial law set into effect here shortly after 8 o'clock this morning as a result of trouble attending a strike of telephone operators. State troops are patrolling the streets, and by local police. No violence has occurred since the mob formed last night dispersed.

He Escaped Influenza

"Last spring I had a terrible cold and grippe and was afraid I was going to have influenza," writes A. A. McNease, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. I then took Foley's Honey and Tar Compound, feeling relief from the first. I used seven small bottles. It was a sight to see the phlegm I coughed up. I am convinced Foley's Honey and Tar saved me from influenza." Checks coughs, colds, croup and whooping cough. For sale by Medford Pharmacy.

JUGO SLAV LAND INVADED BY U. S. ARMY OF HELP

BELGRADE, Serbia, March 25.—(By Mail.)—There has been an American invasion of Jugo-Slav territory. In every city from Durazzo, in Albania, to Strumitza in Serbia, and reaching from Belgrade to Zagreb, the jewel of Jugo-Slavia, American Red Cross officers, physicians and nurses, and representatives of the food administration and of the army, may be seen. All are engaged in the big task of feeding and clothing the people in the areas which

have suffered most by the war. The United States has been likened to a bountiful mother caring for a flock of small children—the children being the many Balkan countries comprising what one day is expected to become greater Jugo-Slavia.

At a hundred points in Serbia, Montenegro, Albania, Bosnia, Herzegovina and Croatia, the American Red Cross is giving the people a taste of American generosity. Food, clothing shoes and medicines are being distributed to the destitute. American physicians and nurses are caring for the sick and wounded. By their work and their example, these Americans are inculcating in the Slav new ideas of thrift, self help, cleanliness and honesty, which must have a lasting influence.

The population of these countries is composed of many diverse races. The individual ambitions of the different Slav countries have been sacrificed in a desire to keep Italy from obtaining Dalmatia or any part of the Eastern Adriatic coast. The eyes of

all are turned to America which they regard as the greatest sponsor for the unity and integrity of the Slav nations.

Man Has Miraculous Escape

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayr's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists everywhere. Adv.

WHO IS THIS WOMAN

Fisher's BLEND BRAND FLOUR

Now milled as before THE WAR

The Pacific Coast Leads the World in the Consumption of High Grade Flours

With this important fact in mind Fisher Flouring Mills Company experts comb the entire wheat producing territory of the United States to obtain the highest quality of Hard Wheat and Soft Wheat from which

FISHER'S BLEND FLOUR

is so uniformly produced the year round.

Just as the American woman is supreme in refined taste and culinary knowledge, so

FISHER'S BLEND FLOUR

is made to satisfy the particularity of her demands.

The ordinary mill cannot make a flour of FISHER'S BLEND STANDARD.

"America's Finest Flouring Mills" are completely and specially designed to produce this all-purpose flour.
