VETERAN OF WAR TALKS IN FAVOR OF VICTORY LOAN

H. W. Scott, United States electric gunner, who is touring the state of Oregon helping the Victory loan by telling the people of his experiences in Europe and urging them to do their duty by subscribing to this last loan, talked to the children of the Washington school this morning.

Mr. Scott's talk was in part a lesson in geography which the children will not forget quickly. He told them of the mining of nitro in Chile, the prices of the material, the customs of the people and how in payment Chile exacted the price of six submarines which we so badly needed ourselves at that time. An average of 12 vessels a day leave Chile laden with nitro to be taken to some port on the Atlantic coast. The children were amazed to learn that where nitro is mined it has not rained for 1000 years.

Panama was described and the humorous way Mr. Scott has of impressing the difference in height of the two oceans pleased the children. The speaker next dwelt upon the habits of the people of Colombo, those of Jamaica and the other islands of the West Indies.

The propaganda of the Germans in South America was explained and then followed a few stories of the treachery of the Germans to our American boys in France. A soldier saw a wailing cat nailed to the wall and immediately undertook to remove it. That action caused a mine to which it was attached to explode and killed many soldiers. Similar stories of such cruelty and treachery of the despised Germans will help the boys and girls to remember the war and to extend no favors to the Germans. Nor will they forget to do as Mr. Scott asked them—to spend their summer earnings in buying thrift stamps and to remind dad that the war is not yet paid for and that he should buy a Victory bond.

Mr. Scott will speak in Ashland tonight and Klamath Falls tomorrow, telling the people in those towns as he did here at the theaters last night, about his experiences with the 5th and 6th marines at the battle of Belleau Woods last July.

The subscription list to the Victory loan up to and including Monday is as follows:

$30,000
Medford National Bank
$15,000

E. M. McKeany arrived home this morning from a fruit business trip to Idaho and Washington points.

The long baking of Grape-Nuts makes it easy to digest. It's rich in nutritive values.

HART RANCH IS SOLD FOR $30,000 TO PORTLAND MEN

Dr. Henry Hart has sold his ranch south of the city to W. J. Furnice and Max Liedermann of Portland, consideration being $30,000. The new purchasers will take possession of the property the first of May. This is one of the first large ranch sales in the valley for some time and demonstrates that ranch values are being well maintained. The property consists of 109 acres, with Dr. Hart's residence, several ranch buildings, 70 acres being in bearing pears and apples about equally divided. The oldest trees are twelve years old, all of the trees, however, are in bearing. Dr. Hart who purchased the property several years ago coming here from Quincy, Ills., has moved to Medford where he has been practicing his profession of physician and surgeon for the past two years. He will remain in the city.

The purchasers are well known Portland business men. Mr. Furnice formerly of Pendleton, is a capitalist of large means, and was a candidate against Senator Chamberlain several years ago when the latter was elected governor. Mr. Liedermann is a well known real estate dealer in the state metropolis.

NEW YORK, April 29.—Directors of the United States Steel corporation at their quarterly meeting today omitted declaration of an extra-common dividend.

The directors declared the regular quarterly dividend of one and one-fourth per cent on the common and one and three-fourths on the preferred.

MONEY-SAVERS FOR ALL
These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-soling. Wear them, and cut your shoe bills down.

Neolin Soles are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

PEPTONA
WILL HELP YOU

A simple way to add strength and vigor to indoor workers.

Oftentimes the inactivity and confinement of indoor work results in a general "falling off" of physical fitness.

PEPTONA, our best tonic, is ideal as an aid in combating these conditions, and in rebuilding run down systems.

PEPTONA contains organic Iron, Malt, Manganese and Extract of Cod Liver Oil, so combined that it is pleasant to take and easily assimilated by even very weak digestive organs.

Patriotism and Profit

BOTH elements are involved in this Victory Loan. So also is GRATITUDE to our Medford and Jackson County boys who have done their share over there. A fair rate of Interest is to be had on these bonds—and sooner or later they will be increasing in value.

The facilities and services of the First National Bank are at your disposal.

Capital $100,000.
