PHOENIX SCHOOL NOTES

The Junior-Senior high school play, "Freddie," was a great success financially and educationally. Miss Homes deserves much credit in the way in which she directed the play, the "setting of the stage," which was very artistic, especially the out door scenes.

Harry Morgan of Ashland, who has just returned from France gave the high school students an interesting talk about his experience in the different camps in this country, his trip across the ocean, his stay in England and his quick march to the front he explained how the soldiers could tell when a gas bomb exploded; he told of how he was wounded; of his hospital life, and his trip home; how glad he was to see his dear old United States. Harry Morgan is a brother to Ray Morgan who gave his life for his country the day before the armistic was signed.

Prof. Milam is trying to get the pupils interested in the field meet sports. Some of the boys and girls will attend the meet at Ashland.

Operetta—Sylvia — directed by Mrs. Oliver. Watch for date.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three time during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
