TABLE ROCK TABLETS

H. C. Messenger is hauling the lumber to be used in re-decking the Hybee bridge. Several from here attended the high school play in Central Point last Friday night and were well pleased with the high class entertainment furnished.

Plowing has been finished at the Modoc orchard. Corn and potato planting are in progress in this district where a larger acreage than usual of corn is being planted.

Harry Rosenberg was a business visitor here the first of the week. He states that he and his brother have disposed of practically their entire herd of sheep.

We hear much about the little squirrel, but how about the peaky crow?

The squirrel is dormant for almost half the year and when he comes out is easily trapped, the dogs catch him, men shoot him, and he readily eats poison.

The sly old crow is on the job all the time, can't be trapped; if they say he can smell powder so keeps out of gun range, is very particular about taking poison and when he does it seldom does any more than give him a stomach ache, and can about hold his own with the squirrel when it comes to doing damage.

A fine crop of pears is the prospect at the Chase orchard, the trees being in excellent condition and the fruit growing rapidly. Mr. Chase is justly proud of his crop and is taking no chances being constantly on the alert with smudge pots out and filled.

Chinese pheasants, Hungarian partridges, and the common quail are quite numerous in this district and are quite busy looking after nesting quarters, while very few Bob Whites are to be seen.

We are sorry to see that the Lydard tennis court has been dismantled. This was one of the recreation places of the neighborhood and added much brightness to the district's appearance. We believe that such things are far more essential to the rural communities than in the cities.

L. B. Brown is putting in a large acreage of corn on his ranch in this vicinity and will erect a large silo if the crop prospects warrant it.

So far our little district has subscribed \$1400 to the Victory loan, which we believe is a fine showing considering we are only about thirty families strong. Our champion bond buyer is Robert Smith of the Washburn orchard who took \$250 of the Fifth loan.

"The District School," a farce in two acts, will be presented by the 8th grade of the Central Point school next Friday night, May 3, at the Table Rock school house, after which a box social will be held, the proceeds to go to our school fund to be used for necessary equipment for the school.

"The District School" is a clean, snappy little play with plenty of mirth and the parts are well carried out by the performers. As this is the first thing in the social line to come our way for almost a year a record breaking attendance is looked for.

EDEN PRECINCT

The prospects for a heavy fruit crop in this part of the valley are better than for several years past.

Prof. Reimer returned from a trip to Portland Wednesday where he went on business.

The big ditch between Talent and Phoenix is running full of water, and it certainly looks good to everyone, especially those who do not have the advantage of irrigation.

The gardeners between Talent and Phoenix are very busy planting their potatoes and other garden crops just now.

Nervin R. Walters of Phoenix, telegraphed his sister, Miss Elva Walters that he had arrived in New River, Virginia. He is still suffering from the effects of his wound, and is in the hospital yet but expects to be home soon.

Walters at the home of Mr. and Mrs.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they usually filter or strain only part of the waste and poisons from the blood.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.
