ITALIANS LEAVE FOR VERSAILLES

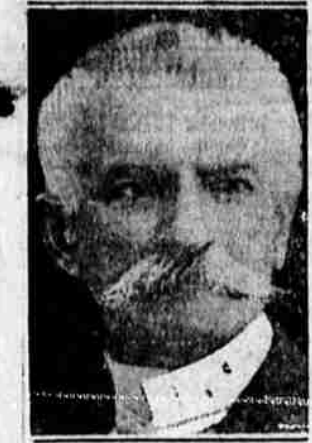

Orlando and Sonnino to Return It Officially Announced—Firm Attitude By Peace Conference Leads to Hurried Action—Invitation to Austria Brings Matter to Head—Peace Treaty in Two Drafts, One If Italy Participated, One If Not.

PARIS, May 5.—Vittorio Orlando, the Italian premier, and Baron Sonnino, the foreign minister, are to return to Paris, it is officially announced this afternoon. They will take a train from Rome for this capital tonight.

In the meantime it had been announced that Marquis Imperiali, the Italian ambassador at London, had been designated to participate for Italy and the meeting this afternoon of the executive committee of the League of Nations.

PARIS, Sunday, May 4.—(By Associated Press.) The status of Italy as one of the five great powers has been brought into question by her withdrawal from the peace conference, and it is this status which is proving a powerful lever in inducing Italy to accept the invitation to resume her place at the peace table.

Problems incident to the disposition of the German colonies are left by the treaty to the great powers, so that if Italy does not resume her

SIDNEY SONNINO place the treaty would exclude her from participating in disposition of the colonies.

Two Forms Printed The text of the treaty has been delivered to the printers, with the exception of some details which can be revised when the complete printed draft is ready. Owing to doubts as to Italy's status, the protocol of the treaty will be prepared in two forms, one including Italy as a signatory and the other omitting her. Both these forms and the entire text of the treaty will be printed tomorrow.

President Wilson today expressed his belief to a member of the American delegation that the delivery of the treaty to the Germans could be made Tuesday afternoon, but this ceremony probably will go over until a later day to give the Italians time

HOOD RIVER, Ore., May 5.—The deciduous fruit crop of the entire Pacific coast is going to be phenomenal, according to W. M. Dickerson, San Francisco district sales agent of the apple-growers' association, who was here today. Dickerson says the bloom of apples is extremely heavy in the Watsonville district of California and that the tonnage will be greatly increased. Heavy crops of pears, plums and apricots are also expected in California districts. Some Watsonville growers will sell these crops the coming fall for 23 cents per orchard box, contracts having been made for a period of years several seasons ago.

CLEMENCEAU TO PRESENT PEACE TREATY MAY 8

Final Draft to Be Handed to Count Von Broekdorff-Rantzau at Versailles Thursday Afternoon—France Gets Absolute Control of Mines in Sarre Valley.

PARIS, May 5.—The time for handing over the peace treaty to the Germans was set today for 2:15 o'clock Wednesday afternoon.

PARIS, May 5.—(By the Associated Press.)—It is now certain, according to the French press, that the treaty of peace will be solemnly handed to Count Von Broekdorff-Rantzau, the German foreign minister, by Premier Clemenceau at Versailles on Thursday afternoon.

The contents of the first five chapters of the treaty have already been outlined, dealing with the perambule, German frontiers, territory changes, German colonies and the military, naval and aerial features of the pact. The sixth chapter will define the status of prisoners of war and the seventh will concern the responsibilities of the former emperor and other Germans for the war. The eighth and ninth chapters will be devoted to phases of the reparations problem and financial clauses. The tenth will deal with economic clauses, the eleventh with ports, railroads and water communications. The twelfth will concern international labor legislation; the thirteenth will embrace guarantees and the fourteenth will contain general clauses dealing with ratification.

France to Control Mines Marcel Hutin of the Echo de Paris learns that France will get absolute control of the mines in the Sarre valley and a guarantee for their exploitation. He says that the president of the administrative council will be a Frenchman and will probably have executive powers.

BY THE ASSOCIATED PRESS, May 5.—Austria's delegation to the conference is reported to have met at Vienna and it probably will reach Paris soon after the Germans have received the treaty prepared for their country. The decision on the part of the conference to summon the Austrians is expected to have some influence upon the return of the Italians as well as the fact that Italy would be without a voice in the disposition of Germany's colonies.

Budapest in Panic Indignant at the seizure of the Hungarian legation at Vienna by counter-revolutionary forces, the soviet government of Hungary has demanded that German Austria take immediate action to arrest those involved in the reported seizure. Budapest is reported to be in serious panic over the menace to the city through the near approach of Czech, Serbian and Rumanian troops, there being no longer a semblance of order.

Whether Hungary will be asked to join the treaty will depend upon the outcome of the present disorders there. It is said that the Austrian treaty will be featured by the outlining of the boundaries of states newly formed from the old empire. The Bulgarian and Turkish treaties will follow but the time for treating the delegates from those nations has not as yet been fixed.

SEAPLANE SAVED FROM FIRE STARTS OCEAN FLIGHT TOMORROW

This is the N. C. 3, latest American entry in the transatlantic air race, photographed just after landing from her first trial flight at Rockaway, N. Y. The craft carried nine persons on her first soar, Captain H. C. Ritscher being the pilot. She is here moored at the Rockaway hydro-air station.

NEW YORK, May 5.—Fire at the naval air station at Rockaway Beach today damaged the naval seaplanes NC-1 and NC-4, which were to start tomorrow morning on the first leg of the trans-Atlantic flight. The right wing of the NC-1 was completely destroyed and this plane may be unable to attempt the ocean cruise. It was believed that the NC-4 could be repaired in time for the "jump-off."

The blaze, which Commander John H. Towers, in charge of the expedition, declared was accidental, started from an electric spark which ignited gasoline in the NC-1. The flames enveloped the wings and spread to those of the NC-4, which occupied the same hangar. Air station employees extinguished the fire. Commander Towers announced that the start for New Foundland, where the trans-Atlantic flight is scheduled to be begun, would be made tomorrow, weather permitting, with the NC-3, very likely with the NC-4 and possibly with the NC-1. The blaze started when workmen were filling the gasoline tanks of the NC-1. Both the upper and lower right wings, which only recently were transferred to the machine from the NC-2, were burned from their framework, necessitating complete refitting of this part of the big craft.

BOLSHEVIK FLEET IS DRIVEN OFF BY ALLIED BATTERIES

ARCHANGEL, Saturday, May 3.—(By Associated Press.) The Bolshevik flotilla on the Dvina again attacked the allied positions near the junction with the Vaga on Friday, but was driven off by the guns of the allied land batteries which outranged the weapons of the enemy.

ARCHANGEL, Friday, May 2.—(By Associated Press.) Allied forces succeeded yesterday in repulsing the first attack by Bolshevik gunboats on the Dvina. The enemy fleet attempted to approach positions held by American, British and Russian forces on the right bank of the river but failed, the allies having guns mounted which covered all parts of the channel. Artillery fire continues from both the river flotilla and the Bolshevik batteries at Tulgas, but up to this morning no allied casualties were reported.

On the Vaga sector the Bolsheviks suffered heavy losses yesterday when they attacked the village of Berenzik, which was defended by Russian and British infantry and American engineers. Another enemy force which attempted to cut the allied line of communications east of the Vaga also was repulsed. Artillery fire continues in this sector. The allied casualties there yesterday were only four wounded.

WASHINGTON, May 5.—Roger C. Tredwell, the American consul, who was arrested by the Russian Bolsheviks last October, has arrived in Stockholm. He advised the state department today that he was taken from Moscow to Finland several weeks ago and there released.

MOVIE BANDIT HAS BUSY MORNING IN SEATTLE SCENARIO

SEATTLE, May 5.—Wearing what was believed to be a false mustache, a lone bandit, shortly after 11 a. m. today entered the downtown jewelry store of F. C. Lawrence, shot wildly at Lawrence, ransacked the safe and escaped onto the street with several watches and about \$300 in cash.

Henry Voss, shoemaker and neighbor of Lawrence, ran out to stop the robber. The bandit knocked Voss to the sidewalk and shot at him. He then ran into the street and ordered a passing automobile to stop. The driver became frightened, put his foot on his throttle, instead of on the brake, and crashed into another car ahead of him.

Failing to get the automobile to stop, the bandit ran into the lobby of an office building nearby, took off his overcoat and dashed back into the street. At the point of a gun, he ordered another automobile driver to take him out of the city. When the machine proceeded about seven blocks the robber ordered it stopped, jumped out and disappeared.

U.S. FARMERS FAVOR LEAGUE OF NATIONS

NEW YORK, May 5.—An overwhelming majority of the 12,000,000 farmers of America "favor the entrance of the United States into the League of Nations," according to an announcement here today by officials of the League to Enforce Peace. Resolutions have been adopted by 193 organizations, it was said. At the same time, it was stated, 55 prominent agriculturalists, representing every state in the union, are mobilizing the farmers of the country for a "drive" on the United States senate when the League of Nations treaty is presented for ratification.

AN APPEAL FOR AID.

WASHINGTON, May 5, 1919.—(Special.)—The Victory Liberty Loan campaign is two-thirds over but subscriptions have been reported for little more than one-third of the loan.

Is it conceivable that the American people who with heart and soul waged the fight for freedom will permit this loan of victory and thanksgiving to fail. Our sons gave of their health, of their strength, and of their lives that freedom might not perish. There are one and a half million American boys in France and Germany. Now that the war is ended it would be as reasonable for them to dishonor the nation by deserting the flag as for the nation to dishonor itself by deserting them.

Is it a large thing that we are now asked to lend our money to pay the cost of victory? Is American money less willing than American manhood? Let everyone of the millions who have bought Liberty bonds buy Victory notes and success is sure. "CARTER GLASS, Secretary of the Treasury."

COMMANDS U. S. OCEAN FLIGHT

Towers is in charge of the fleet of three seaplanes which will start from America in the trans-Atlantic flight competition. He is the commanding officer of Crew No. 1.

SPOKANE STRIKING BAKERS REFUSE TO TAKE \$52 A WEEK

SPOKANE, May 5.—An offer of \$52 a week for skilled bakers on the part of seven local bakeries whose employees are on strike had caused no defections in the ranks of striking bakers, it was declared today at Union headquarters. The bakers are striking for wages of \$32 to \$36 a week, an increase of \$4 over the present wage, with Sunday's instead of Saturday's off.

Non-union employees of the seven bakeries which have refused to grant the new scale today were working in the plant of a large wholesale baker here, in an effort to supply their customers. It was stated from both union and employers' source. Other bakeries of the city have granted the wage increase and are operating with union help.

BELGIUM WILL SIGN TREATY WITH PROTEST

Crown Council Decides Treaty Gives Satisfaction Terms to Martyred Nation—Attention Called However to Serious Economic Situation and Need of Allied Aid.

BY THE ASSOCIATED PRESS, May 5.—Belgium will sign the treaty of peace in spite of the feeling at Brussels that the financial, economical and territorial aspects of the pact are not satisfactory.

A meeting of the crown council was held at Brussels Sunday night and after the terms of peace had been outlined by Paul Hymans, the head of the Belgian delegation at the peace conference, it was decided that the treaty would be signed.

The council met at 8 o'clock and continued in session until midnight. Paul Hymans, minister of foreign affairs and head of the Belgian delegation at the peace conference, speaking for himself and for his colleagues, expressed the opinion that the treaty as it now stands gave honorable and satisfactory terms to Belgium and recommended that it should be signed.

The council unanimously endorsed M. Hymans' views but was equally unanimous in expressing the opinion that the attention of the powers should be drawn to the financial and economic situation in Belgium and to the necessity that the allies assure Belgium of complete support looking to her economic restoration. The council was further of the opinion that the allies should be asked to support the initiation of negotiations with Holland regarding the settlement of the question of the Scheldt and the waterways.

2 OREGON BANDITS GET \$7000 FROM WASHOUGAL BANK

WASHOUGAL, Wash., May 5.—Word was received here at noon today that a sheriff's posse had located the robbers of the Clark County bank on the Hill ranch near Broad Prairie, some miles from Washougal. The men were reported to have left their automobile and to have been surrounded.

WASHOUGAL, Wash., May 5.—Two masked men robbed the Clark County bank here of \$7,000 in currency and silver at 9:30 o'clock today and escaped in a small automobile. Both men entered the bank and one forced the cashier and two young women assistants to hold up their hands, while the other took the money from the open safe.

A customer who entered the bank during the robbery was forced to put up his hands and stand quietly until the robbers made their escape. Fifty thousand dollars in Liberty bonds, which had just been taken from the safe, was overlooked by the men.

Police of Oregon and Washington were notified by the bank officials and it was hoped that the automobile might be recognized. When Kathryn Keep, one of the assistants in the bank was ordered to hold up her hands, she backed against the desk where \$50,000 in Liberty bonds had been placed, and thus concealed the package of bonds. Miss Keep is the daughter of the manager of the bank. The automobile in which the masked men escaped was said to have borne the Oregon license number 55-545.

CHICAGO CORN DROPS 12 CENTS

CHICAGO, May 5.—The local corn market broke precipitately today, 10 to 12 cents from the high point, on news that the grain corporation has arranged for the importation of a moderate amount of Canadian wheat.

Before the break new high records for the crop had been established due to wet weather. July touched \$1.72 and September \$1.67. The break carried July down to \$1.62 and September \$1.55. Just before the close July rallied to \$1.65 1/4 and September to \$1.60.

MEXICAN SITUATION IS SERIOUS

Washington Worried Over Developments Near Border—Villa On Rampage Again With Torreon as Objective—3,000 Employees American Mining Camp Forced to Leave—Million Peso Indemnity Demanded—Villa Resumes Terrorizing.

WASHINGTON, May 5.—The situation in northern Mexico is again reflected as serious in advices received today. The state department has been advised that 3,000 employees of an American mining company at Santa Eulalia have been removed to Chihuahua City because of threats by Villa.

In the capture of Parral the entire Carranza garrison went over to the Villa forces which now threaten Chihuahua City. Americans in the state capital are reported to be endeavoring to obtain passage to El Paso as they fear the garrison may join the Villistas.

Torreon is said to be Villa's next objective. Reports from the border say the Cinehos bridge at Ortiz, south of Chihuahua City, had been destroyed by the rebels, thus closing the road for reinforcements moving northward.

It is reported that Villistas captured Jimenez three weeks ago and that later the federal troops recaptured the city. While this is doubted it is admitted that the situation regarding Jimenez is confused.

Villa has demanded an indemnity of 1,000,000 pesos from the Torreon region industries. The superintendent of the Santa Eulalia mines reported that the bandit demanded "taxes" for protection. To avoid paying the "tax" the superintendent closed the mines and took all the men to Chihuahua.

In his new movement to the south, Villa has resumed his terrorizing tactics.

RED TERROR BOMBS NOT GERMAN MADE

WASHINGTON, May 5.—Experts of the bureau of mines analyzing the bombs used in the attempted May Day outrages have proceeded far enough to convince them that the explosive dynamite used was of American manufacture. It is expected that the firm producing the explosive can be identified from the chemical formula and the perpetrators perhaps traced in that way.

NURSE HOSPITAL FOR INSANE IS MARRIED RETURNS AS INMATE

SALEM, May 5.—At the insane asylum here Mary Ponce, low was an efficient nurse. Her knowledge of the insane and of state hospital methods made her an excellent attendant. She resigned a few months ago to be married. After she had been married she became mentally unbalanced and was a patient in the hospital ward where she formerly had been in charge.

In checking up her past history asylum officials learned that she formerly was an inmate of the state insane hospital at Clarinda, Iowa. She escaped from that institution and came to Oregon.
