CRATER LAKE MOTOR CO., Medford, Oregon.

Gentlemen: Attention, Mr. Hall.

1 hote

14-18-19-18-19-18-2

It has recently come to my attention that you have in your employ four former high non-commissioned officers of the Air Service from this field. You are indeed fortunate to obtain the services of such men as, Sergeants first class,, O'Grady, Hall, Gillispie, and Triantafeles. For the past year these men have worked in the Motor Division at this field under my personal supervision.

What Rockwell Field Motor

MOTOR DIVISION

ENGINEERING DEPARTMENT

AIR SERVICE FLYING SCHOOL

ROCKWELL FIELD.

San Diego, California.

Sergeants Gillispie and O'Grady are machinists and tool makers of exceptional ability. And have made thousands of tools and motor parts within the past year.

Sergeant Hall was employed on test blocks, where the final test is given to Motors before being turned over to the Flying Department. A very important position which was well taken care of by Sergeant Hall.

Sergeant Triantafeles was employed in the overhauling of motors, and has worked on every type of motor from the 80 H. P. Rotary up to the 400 H. P. Liberty. Out of the 220 men in this Division I consider Sergeant Triantafeles my very best motor mechanic.

- I congratulate you on being able to secure the services of such men. LIEUT. W. C. KENNEDY,
 - Officer in Charge Motor Division.

Reserve Military Aviator
