CROWDED HOUSE EXPECTED AT H. S. PLAY THURSDAY

From the sale of tickets and general interest manifested the presentation of the high school senior class play, "Green Stockings," at the Page tomorrow night will crowd that theater.

The cast, under the capable and experienced direction of Miss Newlands, aided by Miss Braut, have been practicing hard and diligently to master the difficulties in one of the cleverest plays of the season.

The interesting and humorous plot centers around the fact that Miss Celia Farraday, altho very attractive, was somewhat of a wall-flower. In order that she might "get off the shelf" and gain attention she announced her engagement to an imaginary Colonel John Smith, who, she said, was an English officer in Africa.

It was a coincidence that a real Colonel John Smith, with the British troops in Africa, received one of her letters and he arrived upon the day Miss Farraday announced the death of her imaginary colonel. Of course he eventually married her, but not before many humorous episodes had occurred.

This, of course, is only a brief outline of the main plot. Other equally humorous situations, in which other characters are prominent, combine with this an excellent comedy.

WASHINGTON, May 7.—From January 1 to April 30, receipts of the 50 largest postoffices, yielding about one-half of the total postal revenue, showed an increase of more than nine per cent as compared with the corresponding period last year. Receipts for April showed an increase of nearly 14 per cent.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.
