Looking a perfect picture of health and happiness and about ten years younger than when he entered the service two years ago, Major R. W. Clancy arrived home from Camp Lewis this forenoon and was met at the depot by his family and many friends. The major won a Croix de Guerre in France as a member of the 316th sanitary train, a part of the famous 91st division, which recently arrived in this country. The lack of his former mustache adds much to his youthful appearance. He will be a guest of honor at the Red Cross luncheon given at the Hotel Medford Thursday in tribute to Misses June Barhart and Kate Beckley, returned nurses from war service.

On June 10th Rev. Booser will deliver the commencement address at Albany college, and he has also been chosen to give one other commencement address.

The raise of one cent a loaf in the retail price of bread by the Medford bakeries, which went into effect Monday, has caused more widespread indignation than any raise on any food article since the beginning of the war. The recent raise has been a general topic of conversation since Monday and there seems to be a universal lack of knowledge as to the necessity of the bakeries increasing the retail price on a loaf by one cent.
