

### MODEL FARMS FOR RETURNED TROOPS WAIT ON CONGRESS

WASHINGTON, May 21.—With an ever increasing flood of men returning home from the war to take up anew the tasks of civil life, many of them with greatly changed ideas of life and ambitions and in a quandary as to just what to do, are appealing to the department of the interior for information as to the intentions of the government in its proposed plan of providing farms for soldiers.

Such a deluge of requests has been received from the men who wore the uniform as to emphasize the lesson of all other wars that the service men, because of army life, with its openness and activity, largely seek out-of-doors vocations.

The interior department has already explained to more than 40,000 that the development of its plans rests solely with congress. It is expected that early in the extra session which convened May 19, there will be introduced bills covering the farms-for-soldiers plan.

Briefly the department is saying that, if such legislation is passed, work will begin at once in the development of cooperative farm settlements for soldiers and sailors in nearly all of the states. In practically every state in the union there are large areas of land suitable for this purpose. There is dry land in the west that needs water, which can be provided by building dams and canals. In the east are large areas of cut-over or logged-off timber lands from which it will be necessary to blow the stumps and clear off the underbrush. In the south is a large amount of cut-over land and swamp land which must be drained.

Many of the soldiers have asked if it will be possible for them to obtain a job near their homes by doing, clearing, irrigating and improving these lands. That again depends upon the action of congress in providing the money for construction. The plans propose that these settlements be scattered all over the country, so that it would be possible for every honorably discharged soldier or sailor or marine to work near his old home. There would be work of all kinds in connection with these settlements, from the highest technical and clerical positions to that of laborer.

The plan involves "the new farm idea" in that there will be built what are known as community settlements, each containing a number of farm homes, so that the men will have near neighbors, good roads over which to bring their produce to town, and a market for the sale of the produce within a short distance of the farm home.

### OREGON RADIO TALKS WITH LYONS, FRANCE

MARSHFIELD, Ore., May 21.—The naval radio station at Englewood which recently picked up messages being transmitted from Lyons, France, has conversed with the station at Hawaii and received messages despatched from Guam, due to recent equipment, particularly receivers, installed at a cost of \$10,000, it was said today.

Chief Radio Operator Charles A. Stump declares the station hears at first hand practically everything that is going on at sea along the Pacific coast of the United States. Additional operators have lately been posted here, and there are now eight experts employed during the 24 hours of each day.

### FIRST FARM EMISSARY SAN FRANCISCO MAN

WASHINGTON, May 27.—Edward A. Foley of San Francisco, has been appointed to represent the United States bureau of markets in the United Kingdom, the department of agriculture announced today as the first agricultural trade commissioner sent abroad. He will sail for Liverpool May 24 to commence an investigation of farm products distribution there with a view of developing markets for American agricultural produce. Mr. Foley served as collector for the enforcement division of the food administration during the war.

### GOVERNOR PROMISES GAME INVESTIGATION

SALEM, May 21.—In reply to the complaint of R. W. Price, president of the Multnomah Anglers' club, to the general effect that the state fish and game commission was in need of reorganization, and that matters within it were far from right, Governor Olcott today wrote to Price saying that such an inquiry will be held when all members of the commission are in the state, and that the inquiry will be there and open.

### YES, THE M'ADOOS ARE IN THE MOVIES—ONLY FOR THEIR PRIVATE FILM LIBRARY

"Doug" Fairbanks would have to look to his laurels if W. G. McAdoo were to seriously go for movie acting. McAdoo and Mrs. McAdoo, as here pictured with Fairbanks, left, went out on location and did wild west stunts for the McAdoo personal film library. Fairbanks did the directing.

### SHIP \$285,000,000 SILVER DOLLARS TO INDIA DURING WAR

WASHINGTON, May 21.—Now that the government has completed its war-time shipments to India of silver from melted dollars, Director of the Mint Baker has disclosed how thousands of tons of the metal were hauled from the Philadelphia mint to San Francisco in special trains guarded by armed men without loss of an ounce and without general knowledge of the procedure.

Eighteen of these treasure trains made the trip across the continent in the twelve months ended last April 23 with the silver like big bricks piled high in each of the five express cars composing a special train. Two men with automatic pistols at their hips and sawed off shotguns on their laps sat in each car, and later guarded the secret transfer of the bars from train to ship at San Francisco. Each silver brick weighed about 62 pounds and was worth \$1000, and each train carried between \$5,000,000 and \$10,000,000 of the bricks. Guarded shipments of silver dollars

also were made from the United States treasury in Washington and from the New Orleans sub-treasury to Philadelphia. More than 285,000,000 silver dollars were melted and shipped to India during the year to meet urgent war demands for coinage.

### HAROLD LOCKWOOD IS STAR AT THE RIALTO

Harold Lockwood was the drawing card at the Rialto theatre yesterday in "The Great Romance," a screen classic, the production of great merit and beauty. The noted star is seen in a role which gives him full scope for the virtue and compelling power with which his audiences are familiar. He plays the part of a young man brought up in America—with all the freedom of democracy instilled into him—who suddenly finds himself heir to the throne of a small and obscure but very beautiful European country. Having strong views on the government of the people for the people and by the people he disdains the idea of becoming a despotic ruler in his own country. Fate, however, takes the decision out of his hands by placing the girl he loves in a position in which he alone can rescue her.

### SETTLEMENT OF WINNIPEG STRIKE EXPECTED SOON

WINNIPEG, Man., May 21.—H. G. Veitch, a member of the executive committee of the central strike committee, announced today that negotiations were in progress to develop the "conciliatory" conversations which have been taking place, into "direct conferences" looking toward a settlement of the strike here.

Immediate restoration of normal city water pressure was ordered by the common council today. A few trucks appeared on the streets this morning when some merchants attempted to resume deliveries. No serious disorders were reported.

The Winnipeg Great War Veterans Association announced today that the association has decided to remain strictly neutral during the strike. The announcement also stated that President James Winning of the Winnipeg Trades and Labor Council told the association that there was a possibility of strike settlement within a few days. The central strike committee ad-

mitted today that there had been a disagreement between Mayor Chas. P. Gray and the union forces regarding the mayor's order demanding that placards carrying the statement that certain business activities are "permitted by order of the central strike committee shall be immediately discontinued.

The Western Labor News, official strike publication, made this announcement regarding the mayor's action: "The matter was fully discussed and there was an evident unwillingness on the part of the committee to accede to this request. But the whole matter was again referred to a committee for thorough discussion.

### Doctor's Patient Gains 17 Pounds

Prominent Physician Continues to Use Tanlac in Practice With Surprising Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are now being received daily from scores of well-known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga. Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified indorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows just as it was written:

Fayetteville, Ga.  
Mr. G. F. Willis, Atlanta, Ga.

Dear Sir: I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here, and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much cannot be said about Tanlac. It certainly has cured him.

Respectfully,  
J. H. Edwards, M.D.

Mr. McGough's statement follows: "I suffered from indigestion and could not eat anything but what would hurt me. Constipation gave me a great deal of trouble also. My symptoms were indigestion, heartburn, and gas on the stomach after eating. My appetite was irregular, and my food failed to nourish me. This trouble caused me to get very poor—in fact I got so thin and weak I was hardly able to go about.

"I bought three bottles on Dr. Edwards' recommendation, and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work.

"I now recommend Tanlac to everyone who is sick like I was, and wishes to take something that will help them."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by J. J. McNair, in Eagle Point by Von der Hellen. Adv.
