The city officials will at once take steps to bar horses from the new auto camp grounds in the rear of the Natatorium which so far has proved a delightful stopping place for motor tourists but which is also being used by wagon team tourists. Unless a stop is quickly put to the practice just started of having horses in the park, the auto tourists would eventually give the place the go-by. A visit to the camp ground at 3 a. m. today found three wagons tenting out and six horses, two and two parked autos. There are covered stables in the adjoining lot which would make a splendid place for keeping horses.

An amusing feature of the high school assembly today was the last act in the recent ticket selling contest for one of the school's stunts between the four classes. The lowest class in the contest was to present a pennant to the highest class. The Juniors won and the sophomores were the lowest. Hence this afternoon Phil Young, president of the sophomores, presented to Herbert Gray, president of the Juniors, a suitable pennant.

GEO. TREICHLER AND MISS UTLEY ARE MARRIED

The marriage of two of Medford's most widely known residents in the person of George L. Treichler, president of the Commercial club and head of the George L. Treichler company automobile business, and Miss Cora E. Utley, hair dresser and chiropract in the Liberty building, created much surprise around the city when the wedding news leaked out. The wedding took place at the Presbyterian parsonage, 718 West Fourth street, at 6 p. m., Thursday in the presence of only a few intimate friends, Rev. L. Myron Boozer performing the ceremony.

The bride and groom were desirous of having their wedding kept secret until tomorrow and made every effort to keep the arrangements quiet, but the news leaked out thru their having a third person buy their railroad tickets and engage a stateroom for them to Portland on last evening's train. Following the wedding ceremony they went to Central Point or Tolo and there boarded the train. Their honeymoon trip will be spent at Portland and Seattle. They expect to return to Medford next Tuesday. Both the bride and groom are well known and extremely popular in the city.

Early this forenoon by personal visits and by phone the news of the wedding was spread over the city fast. "Did you know George and Cora were married," was the favorite opening of phone conversations. Every one was helping Mr. and Mrs. Treichler keep their marital secret.

WASHINGTON, May 23—The senate today passed without debate or amendment the deficiency appropriation bill, adopted by the house carrying \$45,000,000 for war risk allotments to families of soldiers and sailors and for dependents of Civil War veterans. The measure now goes to the president.

It is earnestly requested that all soldiers of the late war assemble in uniform at 9:30 a. m. in the Medford park, Decoration Day, to do honor to the fallen heroes of the United States of America.

MAJOR, R. J. CLANCY.

EFFORT FAILS TO SETTLE STRIKE IN WINNIPEG

WINNIPEG, Man., May 23.—Efforts to bring about a program of conciliation at a public meeting today of citizens and unions to discuss the general strike which has been in progress here for more than a week, failed today. Mayor Gray closed the meeting with the remark:

"If it is your wish that nothing further be done regarding conciliation, then hop to it. I will see that law and order are maintained."

R. B. Russell, one of the leaders of the central strike committee, then declared that trade unions in twenty-six Canadian cities are ready to declare general walk-outs rather than see "Winnipeg labor lose this strike."

Winnipeg citizens have transmitted a formal protest to the federal government regarding the embargo on mail to and from Winnipeg as a result of the general strike here. The protest demands the government resume mail service immediately.

Protests have been sent from here by heads of at least two local unions to their international headquarters.

Acids in Stomach Cause Indigestion

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. Adv.
