Ye Smudge Pot

By Arthur Perry

The trans-Atlantic flight of the NC-4 is a great achievement, and paves the way for unlimited possibilities in the world of travel.

Perfect-ed, the airplane will make great distances trifling, and permit our presidents to gad from the White House to Europe between two suns.

Newt Borden has joined the ranks of Dock Bennett in the plan for the total annihilation of the sparrows (Cerealis acedris sparverius), along with this col., making a total membership of three.

As soon as a quorum can be secured up the work of exterminating will begin. It was first proposed to perform this blessing to humanity by putting salt on the sparrow's tail, but this has been proven too expensive.

YOU CAN SEARCH US (Corvallis Gazette Times)

Even in such a town as Corvallis, two-thirds of the people are not in church on Sunday. Where are they?

The pastoral beauty of the vacant lot across the street from the post office has been ruined, somebody shaving off the barley last week. This has nothing at all to do with the Phoenix jai being full of hay—no doubt wild hay.

Summer in the east offers new pleasures, new life, new interest to all people. Come!—(R. R. Administration ad.) Yes, come, and die of the heat, this saving the annoying publicity attendant upon committing suicide deliberately.

A SOCIETY SLICKER (S. F. Chronicle)

Editor the Chronicle—Sir: I have been in the city of San Francisco nearly four months and have had the pleasure of meeting some of the most beautiful young ladies I have ever seen.

Nearly every time I have been introduced to a young lady here, about the first question asked me is, "Are you a native son?" Of course, my answer would be in the negative, and it was this with me. Now my answer is in the affirmative, and I am making good. Young men, if you are not "native sons," and when you are introduced to California ladies, be sure to tell them that you were born and bred in the "land of sunshine and flowers," and all will be well. It pays to be naturalized. — Arthur Morehead, San Francisco, May 25, 1919.

The latest social fad is bulldogs wearing wrist watches. The idea hit San Francisco last week. Nothing knocks the socks off the Bolsheviks and I. W. W. so fast as tricks like this.

The regular practice of the band succumbed Monday night without a struggle, being unable to compete with two carnival music boxes.

IT SOUNDS SUSPICIOUS (Coox Bay Times)

James Snell, his wife reports, is ill at his home at Pittsville, suffering from an attack of malaria.

Stockholders Notice

Notice is hereby given that the annual meeting of the stockholders of the Home Telephone & Telegraph company, of Southern Oregon, will be held at the office of the company, 218 West Sixth street, Medford, Oregon, at 3 o'clock p. m., June 3, 1919.

W. H. GORE, President.

Notice

It is earnestly requested that all soldiers of the late war assemble in uniform at 9:30 a. m. in the Medford park, Decoration Day, to do honor to the fallen heroes of the United States of America.

MAJOR, R. J. CLANCY.

DANIELS FOR PRESIDENT.

A SOUTH CAROLINA newspaper suggests Josephus Daniels, Secretary of the Navy for presidential candidate on the democratic ticket.

Secretary Daniels enjoys the confidence of the entire country, maintains this southern luminary, and is head and shoulders above any other democratic possibility. President Wilson will not run again, and even if he would could not be elected. His service to his country and the world has forced him to cultivate too large an army of enemies. He could not get the German vote or the Italian vote, the Irish vote, or the Catholic vote, and of course he will have a united republican party against him.

The above, sent to us by a friend in the south, emphasizes the sensational apotheosis of the Secretary of the Navy. Only a short time ago Mr. Daniels was the scapegoat of the party. Commodore Josephus of the Good Ship "Piffle" was, to express it bluntly a "joke." His bone dry navy, his knitting circle in the forecastle, his efforts to improve the navy's morals rather than its marksmanship, raised a vociferous demand for his retirement.

The war came and everything changed, including Mr. Daniels. Instead of trying to run the navy on his own fresh water ideas, Mr. Daniels showed the good sense to leave the practical details to experienced navy officials. Instead of giving advice, he took it. Instead of preparing for a Chautauqua, he prepared for war. And when the conflagration finally reached these shores, the American people were gratified to find their navy was ready to meet it, did meet it, and showed itself to be a weapon in Uncle Sam's equipment, that could be absolutely relied upon.

Nevertheless we doubt if many people will take this Daniels boom seriously either in the north or south. Secretary Daniels has done well and his rise in public favor is picturesque, but there is a deep founded suspicion that the qualities in the Secretary of the Navy which made this possible, are rather negative than positive. And negative qualities are not the qualities demanded in the chief executive of this nation.

BARDWELL FRUIT COMPANY WILL ENLARGE PLANT

The Bardwell Fruit company recently negotiated the sale of the entire crop of apples on the Sunnybrook orchards owned by L. D. Harris. The crop is estimated at about 25,000 boxes of Spitz and Newtowns. Mr. Harris says that the price is very satisfactory and is well pleased with his contract.

In addition to the above deal Mr. Bardwell has also closed this season's Cuban sale covering Comice and Anjou pears for the coming season. This is the third consecutive year that the Bardwell Fruit company have handled this deal and past seasons have proven very satisfactory. The highest prices realized on both Anjou and Comice for the past two seasons were made by export sales to the Cuban trade through the Bardwell Fruit company.

Owing to the phenomenal growth of the Bardwell Fruit company since its advent in the fruit business in 1917 a large addition is to be added to their present plant on South Fir street which is now one of the largest and best equipped plants in the northwest. Construction will commence at once and the building will be completed in plenty of time for the present crop.

The Stewart Fruit company will continue their efficient marketing services for the local company and they are now making a thorough canvass and advertising campaign in the east for Rogue River fruit.

THE PROPER COURSE

Information of Priceless Value to Every Medford Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a nearby resident who has used them and publicly tells of the benefit derived?

J. D. Samuels, R. F. D. No. 2, Central Point, Ore., says: "Several years ago, I worked at the stone mason trade and during that time my back gave me a great deal of trouble. I had hard work getting down and I could hardly straighten up. After I had taken Doan's Kidney Pills awhile, I didn't have the lameness in my back and could get up and down, as well as ever."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Samuels had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

DISCUSS SPECIAL ELECTION ISSUES LIBRARY MONDAY

A public discussion of the measures to be voted upon at the special election next Tuesday will be held at the public library next Monday evening at 8 o'clock under the auspices of the Medford Drama League and the Greater Medford club. This meeting will be open to the public, and because of the interest in the measures a large attendance is expected. Hon. Ben Sheldon, state representative who has charge of reconstruction campaign in the county, will explain the measures in general, and the other members of the local delegation, Senator Thomas and Representatives Gore and Westerland will also, explain certain measures. Following this program there will be general discussion, and any questions offered will be answered. People who have been too

busy to study the issues involved should attend this meeting, for in a very brief session the program can be clearly outlined.

Notice is hereby given, to the Foley & Burke Carnival Company that they must notify their employees in charge of the booths that have games of chance that they must not allow any more gambling or misrepresentation to go on while in the city of Medford, and furthermore they must bar all children of both sexes under the age of sixteen from playing at said games of chance. These orders must be complied with or I will close said booths. By order of the Chief of Police, GEO. O. TIMOTHY.

COMMUNICATION. To the editor: In ending the war work of the National War Garden commission I wish to thank you for your cooperation and to tell you how impossible the task of rallying the home food producers would have been without your aid. The one outstanding feature of

Get Thorough Cultivation Without Hard Work

Do you still find that making a cultivator do the right kind of work is a tiresome, tedious job? Wouldn't you be interested in a cultivator that puts thoroughness into cultivation and takes the hard work out? That is just what the use of our John Deere KC Cultivator assures. The "KC's" rigs, in shifting easy parallel, its wheels always face squarely to their work. They never track or trail on crooked rows. No uncultivated spots nor no deep trenches are left. Over all of the field, on crooked rows, as well as on straight rows, the "KC" gives thorough cultivation—the kind that most effectively destroys weeds and conserves moisture. The rigs shift quickly in response to slight pressure on the foot levers. Guiding the rigs is as natural as walking. You can maintain thorough cultivation without delaying work to make adjustments. No wrench work is necessary. You don't have to leave the seat. Simply use the handy levers. These levers enable you to meet quickly and accurately every field condition. We want you to get into the seat of this cultivator and see for yourself how handy and reliable it is. We've never seen its equal in single-row cultivation for time-saving, labor-saving, weed-destroying work in the field. Don't fall to come in early and get acquainted with this cultivator.

You can get a "KC" furnished with the famous John Deere Method equipment slip-point hood flanges and sweeps.
