WORLD LIBERTY IS NEW MANDATE FOR DECORATION DAY

WASHINGTON, May 29.—President Wilson has cabled the following Memorial Day message to the American people:

"My fellow citizens: Memorial Day wears this year an added significance and I wish, if only by a message, to take part with you in its observance and in expressing the sentiments which it inevitably suggests. In observing the day we commemorate, not only the reunion of our own country, but also now the liberator of the world from one of the most serious dangers to which free government and the free life of men were ever exposed. We have buried the gallant and now immortal men who died in this great war of liberation in a new sense of consecration. Our thoughts and purposes now are consecrated to the maintenance of liberty of the world and of the union of its people in a single comradeship of liberty and of right. It was for this that our men conscientiously offered their lives, they came to the field of battle with the high spirit and pure heart of crusaders. We must never forget the duty that their sacrifice has laid upon us of fulfilling their hopes and their purpose to the utmost. This it seems to me is the impressive lesson and the inspiring mandate of the day.

YANKS FIGHTING IN CONTINUOUS SUN IN NORTH RUSSIA

ARCHANGEL, May 27.—(By the Associated Press.)—The first American unit to sail for home will be a battalion which has held the Volozda railway front. The few American infantry and engineer detachments still in the front line positions are fighting in continuous daylight. There is no midnight sun but for two or three hours after 11 o'clock at night here is hazy twilight over Northern Russia.

The inhabitants of villages along the Terek coast, which is the landlocked southern shore of the Kola Peninsula, have been relieved from starvation by an American Red Cross ship which has returned here after penetrating the ice floes. This ship, commanded by Captain J. B. Clewell of Bellemead, Wash., was the first craft to visit the villages since the American Red Cross ship was there last autumn.

Large crowds, including many American and Russian soldiers, witnessed a parade today of the British relief force which arrived here yesterday. All the British soldiers are picked men and created a fine impression.

They were agreeably surprised to find instead of the expected Arctic conditions warm bright sunshine and a breeze.

Don't ask for crackers, say Snow Flakes.

Your grocer can supply you.

It's toasted
JUST like your buttered toast. Lucky Strike, the real Burley cigarette has the most appetizing quality because it's toasted. Toasting develops the Burley flavor.
