Time Brings Joy And Happiness As the Four's Pass the Coming of Baby Drives Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mother's Friend.

By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, head-down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours of the crisis are naturally less. Pain and danger as a consequence is avoided.

Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The child is kept soft and smooth and natural and free from discomfort.

Write to the Bradford Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, for their Mother's Friend book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can think of.

CHIEF TIMOTHY IS ATTACKED BY TWO DRUNKEN SAILORS

Two Yreka young men, members of the U. S. navy home on a furlough, are in jail today as a result of an attack on Chief of Police Timothy last night, during which the chief was badly choked by one of them.

The chief was first returning from the city prison at 10 p. m. after having arrested four men for flirting with girls at the carnival. When on North Fir street between the Big Pine Lumber company plant and Dr. Helm's office he heard two young men talking loudly in the dark and one was heard to exclaim: "If we could get another bottle I'd stay over here tonight."

The officer at once approached the young men and feeling in their pockets and finding a pink bottle on one he said to him: "You will have to come with me." Then the other man who was about six feet in height suddenly reached his arm around the chief's neck and drew it tight, choking him severely. The chief could not even gasp and no one else was in sight. Then the other man warned the assailant to stop or he would choke the chief to death. At this the assailant slightly loosened his hold and Timothy managed to break loose and stepping back drew his revolver. Then both said they would go with him to jail.

As the jail was full the chief turned the prisoners over to Sheriff Terrell to lodge in the county jail at Jacksonville.

This morning the chief's throat was so sore he was unable to eat, and this forenoon he spoke with difficulty. The prisoners were taken before Prosecutor Roberts this forenoon and several charges were sworn out against them. They will probably not be arraigned in court until tomorrow. Both boys, who are about 19 years of age, were considerably worried today over their predicament, especially as their furloughs are about up and they fear a court martial if they do not get back to duty in time.
