### SHOW OREGON SCENES AT RIALTO TONIGHT

Most of the scenes of J. Warren Kerrigan's newest picture, "Prisoners of the Pines" which will be displayed in this city for tonight only at the Rialto theatre were "shot" in the big forests of Oregon and at Great Bear Lake, California, and represent actual incidents in the logging camps of these two far western states. In "Prisoners of the Pines" Kerrigan has the role of a young French Canadian who finds the trapping business not a paying venture and who goes to work in a logging camp where his invariable and unflagging good nature immediately makes him a favorite with his companions. There is a wealth of comedy in "Prisoners of the Pines" while at the same time, scenes that are at once thrilling and exciting abound in the development of the Kenneth B. Clarke story.

### HAPPY VALLEY LAST TIME LIBERTY TONIGHT

"Now it is D. W. Griffith who has proven beyond a doubt that you don't need war, pillage, ancient history or anything else like that to make a picture that will 'get you.' In 'A Romance of Happy Valley' at Loew's Palace this week there is the simplest, homeliest, honey kind of a story with that really wonderful pair Robert Harron and Lillian Gish. You are in Happy Valley, O., for two hours, and you thoroughly enjoy it."—Washington National Tribune.

This picture will be shown at the Liberty theatre the last time tonight.

### JUGO-SLAVS NOW STUMBLING BLOCK TO WORLD PEACE

PARIS, May 31.—While awaiting the convening of the plenary session of the peace conference set for 5 o'clock this afternoon for the reading of the peace treaty to be presented to Austria, President Wilson filled a number of engagements to receive individuals.

The council of four held no meeting this morning. Meanwhile, the Jugo-Slav delegation conferred with the American delegation. The conference was over the Adriatic question. No decision was reached, the Jugo-Slavs standing firmly for their claims. It is understood that they are less disposed than the Italians at present to give ground in the controversy.

President Wilson joined the other members of the American delegation at the Hotel de Crillon at 2:45 o'clock. The American conference discussed phases of the German peace terms, as well as the Adriatic and other pending problems.

### HOLD HUN GOLD IN BELGIUM AS CREDIT OF ALLIES

PARIS, Thursday, May 29.—Economic experts with the different nations at the peace conference are making a close study of the disposition to be made of the gold which the Germans are paying for food supplies. This gold is being stored in the Belgian National bank. Realizing there would be a general disturbance of world credits if the gold should be taken to the United States, economists have advanced a plan to hold the metal where it is as security which will be gradually redeemed by shipments of commodities to various parts of the world.

Experts hold this plan will secure the payment of allied debts to America and assist in restoring allied countries to normal conditions of employment. It is said that the payments are rapidly reducing the German gold reserve.

SAN JUAN DEL SUR, Nicaragua, Friday, May 30.—The Nicaraguan government is disarming and arresting Costa Rican revolutionists crossing the border from Costa Rica. Lack of ammunition is said to have caused the failure of the rebel invasion of western Costa Rica from Nicaragua.

### For Colds, Catarrh or Influenza.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as a blood disease, with this alternative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy. Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

### A Boy Can Run a John Deere Dain Mower

While you are getting things in shape for making hay, put your boy on the John Deere Mower and let him do the cutting—he will do it just as well and just as easily as you can do it.

Because of the powerful lift, he can easily raise the cutter bar to pass over any field obstruction or to extreme height, when necessary. A foot lever, working in conjunction with the hand lever, makes the lift simple and easy.

He will never have to back up to get a start, even in the heaviest hay. The knife starts cutting the instant the mower is thrown in gear—no lost motion.

You will see big advantages in the drive on this machine—it's extremely simple—the gears are so placed that one set holds the other set in mesh constantly. The John Deere will cut all of the grass for years to come—a simple adjustment takes up all lag in the cutter bar, without affecting the centering of the knife. If the knife ever needs re-centering, a special adjustment is provided.

The John Deere is the simplest, most powerful and best-built mower we have ever seen. We know it will appeal to you.
