TABLE ROCK TABLETS

A crew of girls are thinning apples at the Carlton orchard. A new grader with a scarifying attachment will be put to work on the road near the Scott ranch in the near future where the road will be graded and put into first-class condition, which will be a great boon to people living up the river.

A real estate deal of large proportions is being completed which will affect one of the largest ranches in this district.

Several from here attended the home visiting tour last week. Speaking of homes we would say that too much importance cannot be given the subject, while it seems it is receiving very little attention, many housewives using the same antique methods that have been in vogue for fifty years; for example carrying water from springs or wells quite a distance from the house while enough gasoline is burned gadding about during the year to equip an up-to-date water system with a bath room and lawn.

Notices are posted announcing the annual school meeting the third Monday in June.

The Table Rock Red Cross auxiliary was represented in the parade at Medford Decoration day.

We are sorry to report that there is no improvement in the condition of Frank Deford who is suffering with congestion of the liver.

Mrs. Gullinson of Marshfield, Ore. is visiting her parents, Mr. and Mrs. A. L. Vincent of this place.

Many of our citizens went to Central Point on Decoration day where as usual the day was fittingly observed with an appropriate program in the opera house and the decorating of the graves at the cemetery.

Mrs. Brandon of the Snowy Butte mills is trucking considerable wheat from the Sams Valley district. The Collins children are thinning fruit this week at the Ben Sheldon orchard in the Agate district.

Mr. and Mrs. C. A. Dickson were Table Rock visitors last Wednesday and while here Charley aided by G. P. Hall, the cut-worm butcherer, again launched a furious attack on the fish but as usual no prisoners were taken, even the carp in the pond on the Nealon ranch were assailed but suffered no casualties.

As Oregon has only one state election this year we should all try and get to the polls next Tuesday.

Several from here attended the commencement exercises at Central Point Wednesday evening.

John Nealon and Ed Vincent have purchased new cars during the last week.

Two young men in the employ of the government who are poisoning squirrels on the upper Table Rock, have killed several rattlesnakes while at their work.

Spring sown grain on the river bottom ranches is looking excellent but that on higher land is needing rain badly.

Pat Dally was out this way Tuesday delivering ballot boxes to the election boards.

Apple thinning has been in progress for several days at the Washburn and Carlton orchards.

Orchardists in this district have completed the second spraying for codling moth.

Judge Gardner and wife and little daughter spent a few hours in

this district Monday evening. The Judge was looking over the road situation in this vicinity and states that the county is giving its first attention to localities that are willing to cooperate. With the business-like way road work is going on thru-out the county we can feel justly proud of our new court.

Colonel Washburn left Thursday for Portland and will return in a few days by motor accompanied by Mrs. Washburn who have spent the winter there with relatives.

Mrs. Collins and daughter Thelma who have been staying at the Finley ranch for some time are expecting to leave in a few days for their former home in Colorado.

Mrs. Everett Pierson of Oakland, Cal., formerly Miss Francis Alken, a well known teacher of this valley, was a welcome visitor at the Nealon home Saturday evening.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, becomes food for the bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood while the bowel pores do.

Fourteen Acres High Class Pear Orchard

This is located just outside of Medford city limits and one mile from the business district. Fronting on the Pacific Highway, 11 acres Bartlett pears and 3 acres Newtown apples, 11 years of age, now showing a fine crop of fruit on the trees. Best of soil and irrigated. No buildings. Come and see this, you will like it. Price \$7500. Reasonable terms if desired.
