House Reduces R. R. Funds. WASHINGTON, June 9.—Reduction of four hundred and fifty million dollars in the \$1,200,000,000 revolving fund asked for by the railroad administration for the remainder of the calendar year was made today by the house appropriations committee.

THE TREATY MUDDLE.

"OPEN covenants of peace openly arrived at" was one of President Wilson's felicitous but unfortunate phrases. It was felicitous because it represented the democratic ideal of what the peace negotiations should be after a successful war to make the world safe for democracy. It was unfortunate, because it represented an ideal which in the practical exigencies of the situation at Paris was impossible of fulfillment.

The covenants of peace have not been openly arrived at, and President Wilson was soon forced to acknowledge that he could not keep his promise that the American people would know "all that I do." President Wilson was forced to join in the pledge of his associates to keep the text of the peace treaty secret until it had been officially completed, but instead of acknowledging this fact to his constituents at the time, he waited until the cat was out of the bag, and the treaty had been smuggled through to this side of the Atlantic.

Now things appear to be in a pretty mess. The treaty has been ordered printed in the Congressional Record over the president's protest, and the effect upon this country and the world may be deplorable. Before the facts are known it is necessary to reserve judgment, but it appears that the present predicament is one in which President Wilson and congress are both to blame.

The president's original pronouncement was an error, but so is any disposition to make political capital out of an error at such a critical time, at a sacrifice of the national welfare. It would seem that sound statesmanship and common loyalty should have delayed the publication of the treaty text, until President Wilson either had released it, or his reasons for withholding his release had been fully presented and shown to be unjustified.

LARGEST CROP OF WHEAT IN HISTORY PREDICTED IN 1919

WASHINGTON, June 9.—A wheat production of 1,236,000,000 bushels this year combining the winter wheat and spring wheat crop was forecast today by the department of agriculture from the condition of the crop June 1.

Winter wheat production is forecast at 893,000,000 bushels, compared with 899,915,000 bushels forecast last month, making it the largest ever grown. Condition of winter wheat was 94.9 per cent of a normal, compared with 100.5 last month and 83.8 last year.

Spring wheat production is forecast at 343,000,000 bushels, compared with last year's production of 339,000,000 bushels. This is also a record crop. Average this year, is 22,593,000. Condition of the crop June 1, was 71.2 per cent of a normal, compared with 95.2 a year ago.

Condition and production in thousands of bushels by important producing states, include: Winter wheat—Washington, 97 and 27,061.

Oregon—96 and 18,432. Spring wheat—Washington 90 and 30,714.

GOODRICH COMPANY IS AIDED BY THE PRESS

Goodrich's Victory announcement of more mileage adjustment on Goodrich Tires—fabric 6,000, Silvertown Cord 8,000 miles—has made a decided hit with every automobile owner in this territory.

This new adjustment stands back of all Goodrich tires, including tires already purchased in the hands of user of dealer.

Goodrich tires in actual usage on road and pavement are today unfolding such matchless mileage, regularly in excess of adjustment basis, that Goodrich knows it has the strongest, most durable tires the rubber industry has produced.

The Goodrich adjustment mileage is increased because Goodrich knows the mileage of its tires, and it wants to give every motorist a share in their economy, and all around benefits.

The newspapers, as usual, formed the backbone of this very unusual announcement and the comments by everyone who has read this advertisement that it is all that a 100 per cent effective advertisement should be. The B. F. Goodrich company believes in newspaper advertising, and is now conducting one of the most effective as well as result bringing campaigns that is now appearing in the newspapers on Goodrich safety treads, Goodrich Silvertown tires and Goodrich De Luxe truck tires.

ADMIT SOUTH AMERICANS TO U. S. MILITARY SCHOOLS

WASHINGTON, June 9.—Legislation authorizing the president to invite each of the Latin-American republics to send two representatives to this country after June 1, 1920, to receive instructions either at the naval or military academies, was recommended to congress today by Acting Secretary of State Polk.

TEEL IRRIGATION DISTRICT TO MEET STATE CONDITIONS

PENDLETON, Ore., June 9.—Preparations are being made to meet the conditions imposed by the state board of certification upon the Teel irrigation project in this county in order that the sale of the bonds may be approved. A surety bond in the sum of \$400,000, guaranteeing that the head works of the project will be built within the sum agreed upon has been provided and owners of lands on the project are signing a guarantee that the system will be completed according to plans.

When this is finished the directors of the project will make another showing before the board.

LOCOMOTIVE MEN DISCUSS WAGES

DENVER, Colo., June 9.—Timothy Shea, acting president, was to present his triennial report to the Brotherhood of Locomotive Firemen and Engineers at the opening of their triennial convention here today. Eight hundred and eighty delegates are present for the meeting which will continue into July with two daily sessions.

The wage question, government control of railroads and legislation to be recommended to congress will be considered at the convention in executive sessions and speakers will include Walker D. Hines, director-general of railroads who will speak before the convention Wednesday.

CHEERFUL WORDS

For Many a Medford Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Medford readers. Mrs. Ida Kenworthy, 508 S. Grape St., Medford, says: "I have taken Doan's Kidney Pills when I have noticed my kidneys haven't been acting as they should and they have never failed to do me good. I also give Doan's Kidney Pills to one of my grandchildren who is often bothered with weak kidneys and they are very beneficial."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney pills—the same that Mrs. Kenworthy had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

IRISH-AMERICANS VISIT IS BOON TO SINN FEIN CAUSE

DUBLIN, May 10.—(Correspondence of Associated Press.) The net result of the visit to Ireland of three American delegates representing Irish societies in America apparently has been to convince the American visitors that the great majority of the Irish people desire a republic and nothing else. Another apparent effect has been to convince doubting sections of Irish people that the establishment of an Irish republic is practical.

The American visitors dealt with De Valera as though he were a real president and when Frank Walsh, one of the Americans, announced that he had reason to expect that a "safe conduct" would be granted to enable De Valera and Count Plunkett to go to the peace conference, the Sinn Feiners were jubilant.

The unionists passed resolutions and set all the wires working to check any possible relation between Premier Lloyd George and the Irish republicans.

The attitude of the government authorities while the delegation was in Ireland was regarded as significant. There is a stringent military order forbidding processions and public meetings without a permit and before the arrival of the Americans there had been numerous prosecutions and sentences both in Dublin and throughout the country punishing men for unauthorized meetings and for "forming fairs" in procession.

Yet there was not the slightest interference with the huge processions organized in Cork and Dublin for the delegates, or any attempt to prevent either them or the Sinn Fein leaders whose guests they were from addressing mass meetings of thousands who crowded into the fashionable square in Dublin in which the lord lieutenant and the chief secretary were said to be disatisfied and helpless.

All this has made a deep impression in Ireland with the result that very many people who a few weeks ago thought an Irish republic was either a pretense or a dream have come to think it a possibility. They will look eagerly for the fulfillment of the expectations aroused. If they are not realized, and experienced politicians cannot see how they can be, the disappointment is likely to be very great.

Home Rule as a policy is openly scorned. Professor John MacNeill, Sinn Fein member of parliament for the Nationalist university as well as for Derry city in a speech delivered on Thursday boasted that the Sinn Fein party had killed the Home Rule act. It is asserted that the American visit has greatly stiffened this attitude and given substance to the demand for a separate republic.

Billie Burke at Liberty Today

BILLIE BURKE, "Good Gracious, Annabelle!"

In the production of Billie Burke's latest Paramount photoplay, "Good Gracious, Annabelle!" which will be presented at the Liberty theatre today many stage sets of unusual splendor have been provided.

Several of the scenes were photographed in Miss Burke's own home at Hastings-on-the-Hudson.

The story of "Good Gracious, Annabelle!" narrates the adventures of a young girl whose life is linked by fate with that of a hermit miner who steps from poverty to riches overnight. It is one of great attractiveness and affords Miss Burke an unexampled opportunity for the display of her talent as a comedienne. The story was written by Clare Kummer, author of a play of the same name, which created a sensation in New York during the theatrical season of 1917-18. Herbert Rawlinson is her leading man.

GERMAN COURT TO TRY OWN LEADERS FOR STARTING WAR

BERLIN, June 8.—(By the Associated Press.)—The constitutional convention has completed its consideration of a bill creating a state court which would try those accused of starting, lengthening and losing the war. It will be presented to the national assembly soon. The measure provides for a committee of 15 members of the national assembly to investigate and requires the government to produce any documents needed at the projected trials. The accused would be permitted to have counsel and would be given the privilege of testifying. Deliberations of the court would be secret and there would be no appeal from its verdict.

GERMAN SOCIALISTS WERE DECEIVED AS TO WAR CAUSES

BERLIN, June 9.—The reason why German socialists of all complexions voted solidly for war credits at the beginning of hostilities is explained by Edward Bernstein in Vorwarts. Answering an editorial in the Tagblatt, which claimed that even radicals had not the slightest word of protest to offer against the violation of Belgium, Bernstein says the socialists were completely in the dark about the real situation until the reichstag's meeting in August, 1914. Even then, he says, they did not know about the entry of Belgium by German forces and did not learn of it until the chancellor, Bethmann-Hollweg, mentioned the fact in a speech. And the chancellor, according to Bernstein, so represented matters that it appeared as if France had begun hostilities by airplane and cavalry attacks.

"The falsity of that statement," the writer continues, "was not and could not be established until later. It is impossible to blame any socialist for not springing up and flinging 'Untrue!' in Bethmann's face."

These Two Little Girls Are Lively Now as Crickets

"It makes me feel good to see how bright and healthy my two little girls are since we started them on taking Tania," said H. P. Cornett, of 518 East Gandy street, Denton, Texas.

"They were both weak and puny children," he continued, "had no appetite and suffered from indigestion and were awfully pale and thin and sallow looking. They complained of having headaches and pains in their backs, they were restless at night, had no life nor energy during the day and wouldn't play around like other children. Medicine we gave them did not do them any good and my wife and I were greatly worried about their condition."

"Since starting them on Tania my two little girls are not like the same children. Both have gained in weight and are as lively as crickets, they eat hearty meals, sleep well at night and are as playful and happy as any other healthy children of their ages. Tania has simply done wonders for them and I am only too glad to endorse such a splendid medicine."

Tania is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by East Side Pharmacy, in Eagle Point by Von der Hellen. Adv.

SPRING FEVER

Following Colds, Grippes, Thirs, Watery or Poisoned Blood

(By Dr. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the strengthening tonic powers of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and herbs.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

Los Angeles, Cal.—"I will gladly tell of the relief and cure Dr. Pierce's Golden Medical Discovery gave me. I was sick with all troubles of stomach, liver, etc., and La Grippe with all its attending ailments. When all else failed Dr. Pierce's Golden Medical Discovery did the good work. I also took 'Pleasant Pellets' for biliousness; with grand success. I write with gratitude to tell others of the relief that is in store for them. Do not delay but hasten to get the above remedies if suffering from any indisposition."—Samuel Katsky, 978 Third St., Ariz.
