I am requested to ask the voters to meet at the school house on the 16th day of this month, June, at 2 o'clock in the afternoon, as that is the day set for the annual school election. If

you can't come out and vote, don't kick on account of your taxes. Come out and elect a director that suits you or else quit growing. Remember the time, Monday, June 16, at 2 p. m. sharp.

Among the different callers in our town Thursday beside those already mentioned were Mrs. Bert Clarno, Alex Vostal Alvin Conover, Irlie Johnson and C. E. Bellows and family. As I start Thursday afternoon on my rounds to gather news items for the Daily Mail Tribune, I noticed quite a crowd of people at the wagon bridge and my curiosity led me to investigate and found that a large tractor with a gang of eight 14-inch plows and a trail wagon had got as far as the bridge and stopped as the bridge was too narrow for it to pass and was not considered exactly safe on account of its weight—17 tons—so the men in charge of it, Charles Rodgers, formerly of Sams Valley, and Charles Henson, decided to ford the creek, but the grade was very narrow and steep, but they made it all O. K., but when it came to the irrigation ditch that was bridged, so they started and by the time the tractor fairly struck the bridge, down it went, but the engineer made no stop but went right along demolishing the bridge. They took it to the farm of Fred McPherson, where they have 70 acres to plow and understand that they have a lot to plow for Mig Jack and Charles Clark. Will have more to say about it and its work in my next. Mr. Rodgers has a room at the Sunnyside.
