

### WHAT DEFEAT OF SCHOOL BUDGET WOULD INVOLVE

A school election will be held Monday. It is important that the voters should, in order to vote intelligently have all the facts. Unless they have all the facts the budget may be defeated, which will merely mean another election to add to already high expenses, and another vote on approximately the same proposition.

The budget provides for a direct tax to raise \$82,245 as against a direct tax last year of \$55,086, an increase of \$27,159. This is a tremendous increase but an analysis shows the increase is actually only about \$14,000, equalized by the necessary increase in teachers salaries.

Expenses in 1918, \$78,000. For 1919 there was only \$55,086 raised last year the actual running expenses for the year were \$78,000. The difference between the actual expenses for next year or \$91,995 and \$78,000 is \$13,995. Looking at the budget from this point of view the increase demanded is only fifty percent of what a cursory examination makes it appear.

1918-1919	
1. Direct tax	\$55,086
2. County fund	12,674
3. State fund	3,000
4. All other sources	3,200

6. Approximate running expense for current year plus extension of term	78,000
7. Approximate running expense without extension of term	74,000

In addition to the facts above various state laws have increased the expenses of school administration; matters entirely beyond the control of the local administration. There is a new law making physical training compulsory which necessitates an increase in the appropriation in this department. A part time school for those who have not passed the eighth grade is also compulsory, which also adds to the expense. An increase in the teaching staff is necessary for the Northwest Association of Secondary Schools requires a certain number of pupils per teacher—a demand which it is desirable to comply with necessitating an increased teaching force.

### TWO KILLED RACE RIOTS IN WALES

LONDON, June 13.—There was a renewal in Cardiff, Wales, last night of the race rioting that broke out recently between negroes brought into Great Britain as laborers during the war, and the white population. One white man and one Arab were killed and several persons injured. Many arrests were made. The colored rioters had possession of numerous revolvers and kept up an incessant fusillade, while the whites for the most part, according to reports, threw bottles and bricks.

### SALARY SCHEDULE FOR LOCAL SCHOOLS IS BELOW AVERAGE

At the time the data below was collected, practically every school in Oregon the size of Medford was revising its schedule. This will explain why only one or two Oregon schools have a place on this list. In some instances the schools maintained only high school departments while in others only grade school departments were maintained due to the county high school plan. This accounts for only the high school list in some instances and the elementary list in others. In some instances the schools were smaller while in others there may be a few more teachers, but it is fair to say that the several systems listed are approximately the same size.

It is seen from the data that the new schedule of Medford is in no instance on the whole as high as any of the schedules listed. This schedule is based on five years of service the same as the schedules with which it is compared. This does not mean that teachers the following year will get the maximum salary. This will not be the case for some time. However this gives the successful and efficient teacher something to look forward to in her work in Medford. In order that those efficient teachers this year might remain it has been necessary that substantial increases be given. In order that the incoming efficient teacher might be employed it is necessary to give salaries above that for the current school year. By way of explanation it might be said that teachers in our school system cannot secure the last two increases unless they have attended summer sessions in some school of national reputation.

Cecil B. DeMille's new special Art-craft picture, "Don't Change Your Husband," which is on view at the Liberty today and Saturday, will

Tuesday morning took the Hermit Jitney for Medford on his way to Portland. Sunday morning at the close of the Sabbath school by unanimous vote expressed a wish to have the Presbyterian minister who is expected to come to Butte Falls to take charge of the work there, to include Eagle Point in the field of his labors. The move was started thru Rev. Hooper, the Presbyterian minister of Medford and John Hoyt, the Sunday school missionary for the Presbyterians to have a young man coming out from the east to take charge of that work and to include one or more other places in his field of labor, hence the action of the Sunday School.

There was not the gathering at the Sunnyside Sunday morning that we usually have but there was quite a respectable company. Among them was Charles Edmondson, wife and daughter Bernice, Mr. Vernon Jones of Butte Falls, Gus the Tallor and wife, Jack Garrett, Frank Farrell, Ned Vilas, of Medford; the three last named came out to work on the Happy Camp picnic ground that was recently purchased by the Medford Elks on Rogue river near the mouth of Little Butte creek, but came by here to eat chicken dinner. Glen Haley, Thomas Riley, Planey Leabo, Wm. Coy, Nellie Coy, D. K. Patrick and C. F. Rhodes, our county surveyor were here for dinner.

Monday morning the autos began to dash thru our town quite early on their way to Medford to witness the performance of the aviators, and by 8 o'clock a. m. Horace Geppert of Butte Falls drove up to the gate with his father, mother, sister, Mrs. Roy Casey and two children, his two little brothers, and took in another brother, Lewis, here on their way to see the sights. Horace's sister, Mrs. Anna Corum and two girls had come out and spent the night at the Sunnyside and gone on to Medford with the mail carrier, Mr. Harnish. During the day our streets were almost deserted. Monday I took a jaunt out to the

Mr. Perry and was to stay and help him get it started. Mr. Perry is one of our hustling farmers and does business about right. He raises a large quantity of hay and uses his own machines and now he has a hay baler and will probably do most of the baling in the neighborhood.

Verna Mathews came near breaking his arm a few days ago. He was stretching wire fence and the "dog" failed to catch letting the stretcher fly back and struck his arm near the wrist.

Monday was rather a busy day here. Ralph and Lloyd Stanley were among the callers, and two of the Stewart boys who have recently returned from service in the navy passed thru on their way to their home in Butte Falls.

Monday noon C. A. Pickett, J. H. Jones, E. W. Behard and H. E. Eckstein of the C. O. P. Co. engaged board and rooms. They came out to move thirteen light poles that had been put near the middle of the county road west of the Eagle Point depot.

About 1 o'clock p. m. Dr. L. E. Tracy and wife, Mrs. H. C. Kentner of Medford and Mrs. H. C. Smith, and F. P. Tracy of Eugene, Ore., called for dinner. They had planned ahead to let Mrs. Howlett know that they could not arrive before that time. Mrs. Smith recently returned from Vladivostok, Siberia, where she had been engaged in the Red Cross service. Mr. Smith is a civil engineer and is now engaged in railroad construction work in Russia. Mrs. Smith is here visiting her parents, Dr. Tracy and wife and family. She is a sister to Mrs. Kentner, and expects to return to Russia this fall.

W. E. Hammond and wife and M. R. Koontz were business callers Tuesday, and James M. Dericks and A. P. Brown came in from Prospect Tuesday evening and spent the night at the Sunnyside. S. M. Hazell is of Medford and Miss Hazel Ditsworth of Prospect, were here for dinner today, Wednesday.
