

Local Briefs

All over the county and state today the school districts are holding their annual elections. Each district in addition to other matters elects one school director for three years and a clerk of the district board for one year. A number of districts of this county are also holding meetings today for the selection of teachers for next year and the transaction of other business. Most of the school districts have already chosen their teachers.

As the result of Mr. and Mrs. O. C. Boggs trying to surprise each other they passed each other on separate trains Sunday night, she on her way home from Portland where she had been the past five weeks recovering from a major operation in a hospital, and he enroute to Portland to visit her at the hospital. He supposed, of course, that Mrs. Boggs would not be able to come home until some time this week and did not telegraph her of his coming, leaving her Saturday night for Portland. Mrs. Boggs, thinking to surprise him by coming home filed a telegram of her coming before she boarded the train Saturday night and the telegram did not reach the house until Sunday morning.

Spark plugs for all cars. C. E. Gates Auto Co.

Try our merchants lunch. The Shasta. 77*

The people of Medford had a fine view of the airplane squadron passing over the city early last evening despite the cloudy sky. The planes were flying low. The first one appeared about 7 p. m., and the three others flying close together came along about fifteen minutes later. The fire whistle had blown about a half hour before the first plane arrived and so every one was on the lookout. Many Medford people were at Ashland all afternoon awaiting the arrival of the squadron.

Overland Breaks World's Record

—truly the Thrift Car for You and the Family

Overland stock car, Model 90, on April 5th, at Oklahoma City, made a new world's record for a seven day's non-stop run, with gear sealed in high.

Over rough country roads, good and bad city pavements, through traffic of a city, with two days of rain, the Overland Model 90 traveled 4370.1 miles. That beats next best record, standing since 1914, by more than 129 miles. It traveled a distance equal to trip from New York to Los Angeles and back to Oklahoma City at a cost of less than two cents a mile for gasoline and oil.

The Overland Model 90 is the car you want.

Form 1201

WESTERN UNION TELEGRAM

NEWCOMB CARLTON, PRESIDENT GEORGE W. E. ATKINS, VICE-PRESIDENT BELVIDERE BROOKS, VICE-PRESIDENT

RECEIVED AT Oklahoma City, Okla., Apr. 5, 8 p. m.

WILLYS-OVERLAND, INC., Toledo, O.

Overland Stock Car Model 90, Number L45135 established new World's Record tonight at 7 o'clock, completing Seven Days' continuous non-stop sealed in high gear run with a total mileage of 4,370.1 miles. This beats all previous records made by any type or size of cars by 129.1 miles.

No trouble at any time. Engine ran 168 hours without missing an explosion. Encountered two days' rain—rough country roads, good and bad pavements and traffic from twelve to fifteen hours of every 24-hour period.

Most remarkable showing ever made by any stock car. Used team of four drivers working in four hour shifts with observers. Overland 90 averaged 624.3 miles a day and the speed was 26.1 miles per hour. Averaged 20.66 miles per gallon of regular 59 test gasoline. Never changed carburetor or a spark plug.

Broke all records but engine runs as well tonight as any I ever rode behind; it's the gamest car ever built.

DICK CARHART, CARHART MOTOR CO.,
