

UNION LEADERS JUBILANT OVER BURLESON EDICT

CHICAGO, June 16.—Union leaders directing the nation-wide strike of commercial telegraphers were elated over reports from Atlantic City, N. J., that the right of collective bargaining, granted Saturday to electrical workers, had been extended to all other employees under the postoffice, including telegraph operators.

"If Postmaster General Burleson's order is extended to the striking telegraphers the strike will be called off immediately," S. J. Konenkamp, international president, said. "But, first, assurance of reinstatement of the strikers would be arranged."

"The outlook today is brighter than at any time since the strike was called," said Konenkamp. "The strike is spreading."

ATLANTIC CITY, N. J., June 16.—In order, he explained, to bring about removal of any doubt about the position of the postoffice department in regard to the rights of all employees, M. W. Atkins, of the railway telegraphers, received consent to introduce a resolution providing that the American Federation of Labor shall give its complete support to commercial telegraphers now on strike.

Andrew Furuseth of the seamen's union, leader of the delegates who intend to protest the League of Nations, the labor treaty and the concessions secured for labor in the Paris negotiations, succeeded in having unanimously introduced a resolution providing that the committee dealing with international labor relations shall report on Wednesday morning without fail.

The group in the convention favoring the League of Nations is determined to make every effort to have organized labor endorse the principles. A sharp debate is certain to develop.

The convention severely condemned the recent shooting of seven persons in a mill strike at Columbus, Ga.

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 50c, or extra large bottle at \$1.00. Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. The E. W. Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well, what a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, and heavy, acid stomach can, instead, feel as fresh as a daisy by opening the sinuses of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the alimentary canal, before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sticky complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone's pronounced crank on the subject of inside-bathing before breakfast.
