## LEAGUE OR WAR IS ALTERNATIVE FOR AMERICA

WASHINGTON, June 20.—Supporting the League of Nations, Senator Sheppard, democrat, of Texas, told the senate today that objection to any war-making power of the league was entirely groundless. The covenant only pledges the member nations to cooperate in repelling invasion, he said, "but confers no powers on the league" in that regard.

"Viewing the covenant as a whole," said the Texas senator, "it may well be characterized as the most effective instrument for the prevention of war the heart and brain of man have yet produced. It is based on a clear recognition of the fact that we have not yet reached that stage where war may be entirely suppressed.

"But we are told that if we subscribe to this covenant we do so as a matter of favor to other nations; that they need us, but we do not need them. I tell you that there was never a time when it was more necessary for the civilized nations to stand together for the peace and liberty of the world than now. It is either this or the piling of armaments on armaments until the people's backs are broken from the strain.

"The covenant is the mightiest advance toward a higher existence and a better day since the cry of the angels in the skies of Bethlehem for peace on earth, good will to men."

## The Joy of Motherhood Told

Women Tell How They Made Event One of Great Happiness.

In every part of the land there are women who tell how, through the application of Mother's Friend, they entirely avoided the suffering usually incident to motherhood. They relate in no uncertain terms how from its use the days were made bright and cheerful and the nights calm and restful, how the crisis was passed without the usual suffering experienced when nature is unaided, and how they preserved their health and strength to devote it to the rearing of their children and to the things life holds for them.

Mother's Friend is a most penetrating remedy, prepared especially for expectant mothers from a formula of a tested physician. Strain upon the ligaments is avoided, and instead of a period of discomfort and constant dread it is a season of calm repose. The hours of the crisis are less, and Mother's Friend enables the mother to retain her natural grace, and her skin is not cracked and does not become hard or disfigured.
