

ARMY 1,000 WILL PICK BERRY CROP

PORTLAND, June 23.—Girls and women who are willing to help harvest the Willamette Valley berry crop are being mobilized here, according to a statement issued today by Mrs. Bruce Scott, head of the women's department of the federal labor bureau and it is expected that one thousand pickers will go from Portland within the next few weeks to work in the berry fields.

TABLE ROCK TABLETS

Lloyd Nordwick has returned home from attending school at Seattle. Wm. Lewis has purchased the band of sheep belonging to Mr. McDonald of Gold Hay.

MR. and Mrs. Dunlap of Lakeview have leased the Harry Nealon cottage for the summer. L. Fitzpatrick played ball last Sunday with the Gold Hill team at that place.

J. A. Gocher of Grants Pass, agent for a patented tire welder was thru here one day last week. The spring seedling of alfalfa on the Lydiard ranch is making an excellent growth and a fine stand is assured.

W. J. Freeman, the well known implement dealer of Central Point, was making orders for silos in this and surrounding districts one day last week. The Lewis sheep passed thru here Monday on the way to government range on Union Creek.

The annual school meeting last Monday drew a very small crowd, in fact so small that two members of the board had to "rustle" two more voters to make a quorum. A. L. Vincent was elected director and Ed Vincent clerk and it was decided to have the school house painted in the near future.

Apple thinning at the Washburn orchard will be finished in a few days. Mrs. C. W. Sage and babies arrived Friday from Poplar, Mont., and will spend the summer in the valley. The Blgham brothers purchased a new grain blinder in Central Point last Wednesday.

H. W. Davison has purchased a dozen pure bred White Leghorn chickens from the pens of J. O. Isaacson. O. T. Wilson of Sams Valley, was a business visitor here Tuesday. He reports that many of the crops in his district are very short this year.

course he is anxious to meet him when he speaks at Ashland next month. Jesse and Elbert Glass, two of Antioch's hustling farmers were business visitors in this district one day last week. The consolidation plan that was voted on by the Sams Valley, Chaparral and Parkley school districts at the annual meeting was defeated by one vote.

L. Fitzpatrick is busy painting the Table Rock school house. Verne Pendleton who underwent an operation at the Dow hospital is reported to be getting along nicely and will soon be home again.

With the decreasing interest in our country schools and their general decline in the last few years despite the ever-increasing overhead expense, many think that consolidation is the only solution to an efficient rural school. It would seem to us that a consolidation of the Table Rock, Chaparral and Antioch schools would be an excellent plan. Table Rock has a modern building, with ample room to house the pupils and a play ground that is never wet and muddy. Two teachers could handle the school and the saving made on teachers' salaries and equipment would more than pay the cost of transporting the pupils.

G. P. Hall, the erstwhile man of all trades, has hied himself back to his boyhood days and rigged up a slingshot very much like the one used by David when he slew Goliath. And G. P. is some shot, too, having retained his boyhood accuracy although his feet are not so brown and the hair not so thick on the top of his head as in the bygone days.

There was such small attendance at the meeting last Sunday conducted by Rev. Hoyt that no attempt was made to organize a Sunday school and the time taken up with a very

SAYS HOT WATER WASHES POISONS FROM THE LIVER Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

interesting service. Rev. Hoyt expects to be here again on the night of July 24, when a program will be given consisting of stereopticon views, readings and music and to which every one is cordially invited. The Nordwick ranch is a little way off the road but if you want to see a well filled up-to-date ranch with the most beautiful crop of growing grain that you have seen for a long time it will pay you to visit this farm.
