

LARGE GRIST OF BOOZE VIOLATORS IN POLICE COURT

Six men were fined in Judge Taylor's court this forenoon on intoxicating liquor charges, and a woman who was arrested with two of the offenders was released. The arrests were made by Sheriff Terrill and Chief of Police Timothy.

Late Saturday night as Chief Timothy was on his way home from a picture show the noise being made by two men and a woman in an auto on West Main street between Central avenue and Front street, attracted his attention, and he arrested William Wolgamott, owner of the car, Oscar Peterson and the woman, sending the latter to the county jail where her parents called for her in an hour or so and she was released on her own recognizance. The men were teaching her to drive the car when the arrests were made.

Oscar Peterson was fined \$50 and sentenced to 30 days in the county jail for being intoxicated and having two pint bottles of booze in his possession. William Wolgamott was fined \$15 and costs for having two pints of whiskey in his car. No charge was made against the young woman who bears a good reputation and had not been drinking.

Late last night in the Siskiyou Sheriff Terrill and a deputy arrested four men from the Gold Hill section returning from Hornbrook in an auto after the officers had found fifty pints of whiskey in their possession. They are all hardworking men and are not bootleggers, saying that they were taking the booze to their homes for their own consumption in order to be prepared for the long, long dry spell which will soon be here. The offenders, Roy Shurte, Lounce Goodwin, John Knotts and Floyd Robinson were each fined \$15 and costs.

TREATY TO BE SIGNED

(Continued from page one.)

The government must come into contact anew with the national assembly in order to take the previous decision which is still required of it in such a manner as it can only be taken in accordance with democratic principles and with the internal situation in Germany.

"Accept, Mr. President, my greatest consideration."

(Signed) "VON HANIEL"

The following reply was sent after its approval by the council of the allied and associated powers:

"Mr. President: The allied and associated governments beg to acknowledge the receipt of your communication of June 23. After full consideration of your request they regret that it is not possible to extend the time already granted to your excellency to make known your decision relative to the signature of the treaty without any reservation."

(Signed) "CLEMENCEAU"

COBLENZ, June 22.—(By the Associated Press.)—American soldiers concentrated in the Coblenz bridgehead awaiting orders received news of the German national assembly's vote for peace at Weimar through extra editions of German newspapers today. The bare facts regarding the vote were published in one sheet extras. The Germans in Coblenz were apparently excited by the news. New and stringent police regulations were put into force by the American military authorities.

PARIS, June 23.—There appeared today to be some indications that the national assembly at Weimar may adopt a resolution or declaration that the signing of the treaty was under compulsion and that the German people did not feel morally responsible for the war and were willing to submit the question of responsibility to a tribunal consisting of two members representing the allied and associated powers, two neutrals and one German.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells, or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's Kidney Pills. Read the statement of this Medford citizen.

D. R. Andrus, 510 S. Fir St., says: "I was bothered considerably by my kidneys and bladder. I had trouble in retaining the kidney secretions and I also had a dull ache across my kidneys. I got quick relief from Doan's Kidney Pills. My kidneys acted more regularly and I didn't have that trouble in my back. This has convinced me that Doan's Kidney Pills are a medicine of merit and are worth recommending to others."

man peace delegation, who was asked to conduct peace arrangements at Versailles, has notified the government he will not sign the allied terms.

PARIS, June 23.—The activities noted today at the Paris residence of President Wilson appeared to indicate that preparations were being made for the president's departure for home. It seemed probable that the president would leave Paris Wednesday barring the unexpected.

History of Treaty

The peace treaty of Versailles is the fruit of about five months of conferences in which delegations from 32 allied countries and Germany participated. The five leading nations, the United States, Great Britain, France, Italy and Japan were represented in the peace conference at Paris by five delegates each, while the delegates of other nations and British dominions were composed of from one to three men.

The representatives of the United States were President Wilson, Secretary of State Robert Lansing, Henry White, formerly American ambassador at Rome and Paris; Colonel Edward M. House and General Tasker H. Bliss.

Georges Clemenceau, premier of France, was chairman of the peace conference.

At first a supreme council or council of ten was organized so as to include two representatives each from Great Britain, France, the United States, Italy and Japan. Subsequently this council was divided in two parts—a council of four, composed of President Wilson and Premiers Lloyd George, Clemenceau and Orlando; and a council of foreign ministers.

The conference of the allied delegations convened officially on January 18 to draw up the terms to be submitted when completed to the German delegation. President Wilson had arrived in France on December 13 and had visited England, Italy and parts of France.

One of the first acts of the conference was to send a proposal to all Russian factions to meet on the Prince's Islands to endeavor to compose the Russian internal situation but this plan was rejected by the Russians. Various factions which were disputing over territory in different sections of Europe were directed by the peace conference to discontinue their conflicts.

The first step toward the actual drafting of the treaty occurred on January 24 when the conference agreed to plan for organization of a League of Nations and a committee was appointed to draw up a covenant. By January 30 the conference had adopted the plan of governing colonies and backward nations through mandatories issued to various nations, subject to the direction and approval of the League of Nations.

The covenant of the League of Nations was completed on February 14. On the following day President Wilson left France for the United States. He returned to France, arriving there March 13. In his absence the council of ten had continued its work despite an attempt to assassinate Premier Clemenceau.

A report of the International Labor Legislation committee was adopted April 11. Reparation demands to be made on Germany were approved April 14, and the Germans were invited on April 16 to send their delegation to Versailles to receive the treaty.

The peace conference next considered the treaty with Austria. The Italian delegation insisted upon obtaining control of the formerly Austrian city of Fiume, but on April 23 President Wilson gave out a statement that Fiume could not be given to Italy. On the next day Premier Orlando returned to Rome and for more than a week thereafter the Italian delegates were absent but returned on May 7, in time to participate in the conference with the German delegates.

A revised covenant of the League of Nations intended to conform in respect to the Monroe Doctrine to objections raised in America was adopted by the peace conference on April 28. Geneva was selected as the seat of the league.

Shantung was disposed of on April 30, when the council of three voted to turn it over to the Japanese on assurances that it would be given later to the Chinese.

The Germans, headed by Count Brockdorff-Rantzau, arrived in Versailles and presented their credentials to the allied delegates on May 1.

The peace treaty was presented to the Germans at Versailles on May 7, the anniversary of the sinking of the Lusitania, and an official summary of the treaty was made public that day. It was also announced that the United States and Great Britain had pledged aid to France against possible future aggression. The manner in which the Germans received the treaty was described as insolent. Numerous German leaders declared they would not sign it and a week of mourning was decreed by the German government, but the decree was virtually unheeded.

Thereafter the German delegates submitted various notes to the council of four asking for concessions or criticizing the terms proposed in the treaty as submitted to them. On May 16 it was announced that the German treaty would become effective when ratified by Germany and three of the allied or associated powers.

The German reply to the firm form of the peace treaty was presented to the allied delegates on May 28, and this was followed by several German counter proposals.

Meanwhile the Austrian delegates had arrived at St. Germain and on June 2 the terms of the peace treaty with Austria as drawn by the allies was submitted to them.

E. G. RIDDELL HEAD OF SCHOOL BOARD EXPLAINS BUDGET

The rejection of the school budget at last Monday's election should serve to awaken the citizens of Medford to a sense of their duty regarding school matters. Our public school system is the prime factor in the development of our future citizens and as such is entitled to the thoughtful consideration and loyal support of every intelligent American, not only do we owe it to the rising generation to give them the advantages of a good up to date school system is the prime factor in considered from a business standpoint alone, is a good investment for a community like Medford. Almost invariably the first question asked regarding a place in which a man of family is contemplating making a home is "Do you have good schools?"

It is only within the last few months that Medford high school has been placed on the accredited high school list of the state; this means that hereafter, provided the present standard is maintained, graduates of our high school will be permitted to enter colleges or universities without spending six months to a year in preparatory work as has formerly been the case.

It is true that the budget is much higher than that of last year but under present living conditions that is inevitable, the members of your school board are all tax payers and are just as vitally interested in a true economy as are the voters who turned down our budget at last Monday's election but we are not interested in the kind of economy which would deprive our children of that which is due them in the way of education.

Cause of Increase

The school board has considered carefully every means of cutting down expenses without interfering with efficiency and there is no way of doing so at this time. It must be remembered that our budget covers not only actual running expenses for the coming year but also such items as special city assessments, necessary repairs to buildings, about four thousand dollars for extra expenses incident to the "flu" epidemic and also the board has established a sinking fund to take care of interest and bonded indebtedness. The condition of our high school assembly room is a disgrace to Medford. Not one of our buildings is provided with a ventilating system so that the suggestion of our over-zealous economists that we close one or two of the buildings and crowd the children into the other three cannot be considered. Health is the first consideration.

The last legislature passed a bill making physical training compulsory in all our schools. The measure is a good one but of course calls for an extra teacher. There is a demand for competent teachers from all over the country and our teachers are demanding and are entitled to better salaries than in the past. Some of our teachers who have signed contracts with us for the next year have already been offered much larger salaries to teach elsewhere and we shall be fortunate if we can retain them.

Support Is Asked

Much new equipment, which we cannot afford to put in at this time, is needed in the science department. There has been a great deal of misunderstanding regarding the budget; also regarding the policies of the board, and we shall endeavor, thru the newspapers, between now and the date set for the next election to give such facts and figures as will make the situation better understood by our citizens generally and your board asks the cordial support of all who are in favor of better schools for Medford. By E. G. RIDDELL, Chairman Board of Education.

"I have not only gotten complete relief from my suffering, but I have actually gained fifteen pounds in weight since I commenced taking this Tanlac," said A. A. Welch, a well known employe of the Columbia River Ship Building Co., and who lives at 427 Eleventh street, Portland, while in the Owl Drug Co.'s store a few days ago.

"For more than two years," he continued, "I have suffered from indigestion and stomach trouble, but since getting up from an attack of the 'flu' last January, this condition has been very much worse. Up to the time I began taking Tanlac, my appetite was very poor, and my stomach was in such terrible condition that what little I did eat would cause me to suffer like everything afterwards. I would have cramping pains in the pit of my stomach that would almost draw me double. Then at other times I would be all bloated up with gas, and would have sharp, shooting pains all through my body. My kidneys were out of order, too, and I just had a dull, heavy pain in the small of my back from morning till night, and I would sleep very little, for I would have to get up six every morning that I was hardly able to get out of bed and dress myself, and I finally got so weak and run-down that I was hardly able to get about."

"I had read so much about Tanlac, and had heard so many people talk about the good it had done them, that I decided to give it a trial myself. Well, sir, by the time I had finished my second bottle of Tanlac I was picking up right along. My appetite came back, and from that day to this, it just looks like I can't get enough to eat. I cut just anything that is put before me, too, and I never have the least bit of trouble afterwards. My stomach trouble is a thing of the past, and I haven't had one of those cramping spells since I finished my second bottle of Tanlac. My kidneys seem to be all right now, and I am never bothered with pains in my back, and I sleep the whole night through without having to get up. I have gained so much in weight and strength that I can put in as much hard work as I ever could. Tanlac did all this for me, and that is just why I want to spread the good news from one end of the country to the other, and I hope my experience will cause others who suffer as I did to take Tanlac and get rid of their troubles."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by East Side Pharmacy, in Eagle Point by Von der Hellen.
