

GEN'L PERSHING AND MR. HOOVER RECEIVE DEGREES

OXFORD, England, June 25.—(By Associated Press.) General Pershing and Herbert C. Hoover represented the United States in a distinguished company of noted men from the allied countries who were honored today by Oxford university with degrees of doctor of civil law. The ceremony was the culminating feature of the annual convocation and commemorative exercises.

The event was rich in ceremonial pomp fostered by the traditions of this famous institution. Among those who witnessed the ceremony was Mrs. Hoover.

Earl Curzon, chancellor of the university, presided, and solemnly went through the prescribed formula of proposing the degrees to the house. After the house had as solemnly granted the degrees, the recipients were summoned in turn by the public orator.

Those upon whom the degrees were conferred included General Pershing, Mr. Hoover, Baron Makino, head of the Japanese peace conference delegation; Marshal Joffre of France, Vice Admiral Sir David Beatty, Field Marshal Sir Douglas Haig, Major General Sir Henry Hughes Wilson, chief of the British Imperial Staff, and Vice Admiral Sir Rosslyn Wemyss, first sea lord. Former Premier Orlando of Italy and Premier Ignace Jan Paderewski of Poland received degrees by proxy.

COMMUNICATION.

From a Non-Wilson Man
To the editor: Any right-minded loyal citizen would commend the broad gauge sentiment expressed in your editorial last Thursday in reply to "Reactionary." It was good reading, but it was like training a 16-inch gun on a sparrow. Reactionary evidently has redemptive shame enough to conceal his or her name, however the one chosen was very appropriate. In the first screeled all the abuse of our president was based on the fact that he stood against granting Italy the city of Rome and asserted that Italy had been promised that city "and was going to have it," which to put it mildly was a rank misstatement. Italy never was promised Rome, neither in the treaty of London or anywhere else, for this we have the unqualified word of our president and Lloyd George, and president and Lloyd George, and neutrality and epithets don't change facts. "A sinful heart makes feeble hand."

The malcontents in congress and elsewhere who are berating Mr. Wilson in his splendid efforts for a better world, waving ally bogles to scare people such as the "yellow peril" and the Catholic vote in the league, are doing it out of mean envy and jealousy of his popularity should he succeed. They are not afraid of the failure, but the success of the league, for it goes without saying

BUILT FOR TWO
And the baby. One of the niftiest little bungalows in the city; having four rooms and sleeping porch; built-in features; bath, toilet, fire-place, hardwood floors, gas; on paved street with all city assessments paid. Oh, yes, and the price is only \$1,900.

that as the great allied nations do so do the other lesser ones who are bound to them by the ties of gratitude and friendship.
Lodge, after he had made his first speech against the league was silent for a few days, then held a conference with his political friends and advised them not to make a party issue of it. Mr. Lodge in the interim had evidently put his ear to the ground and heard the rumble with a national protest—the masses who are back of our president—the great people who will hold up his hands. This is not the tribute of a blind partisan for I did not vote for Mr. Wilson, but I admire the man for his practical common sense combined with splendid ideals.
J. H. LYDIARD.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.
In 1855 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.
In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.
This product HORLICK named Malted Milk. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Get less meat if you feel Backsachy or have Bladder trouble—Salts fine for Kidneys.
Most forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, also you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush of the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Texas & Pacific Railroad Man Spent Savings

"I wish to goodness I had only known about Tanlac before for I'd have saved myself years of suffering and my bank account would have been a great deal bigger," said C. C. Harrill, a well-known railroad man with the Texas & Pacific, who resides at 809 West Kipling street, Fort Worth, Texas, and who has been a resident of that city for more than thirty years.
"I was about ten years ago," Mr. Harrill continued, "that my troubles began. My appetite failed me and everything I ate soured on my stomach and formed gas that gave me terrible cramping pains and I could hardly get my breath. It seemed like there was a big hard lump right in my chest that was cutting off my breath. I got so I could hardly do a thing that didn't bring on one of these attacks and sometimes it didn't seem like I would live through them. I tried everything I had ever heard of and spent every cent I had saved for years, trying to get relief but nothing that I took helped me at all.
"I read so much about Tanlac and the good it was doing that I decided to try a bottle. I have now taken four bottles and can truthfully say that it has entirely relieved my stomach trouble. My appetite is just splendid and everything I eat now agrees with me and does me good and I am never bothered with indigestion or those cramping pains in my stomach or chest any more. I can eat anything I want and never have a minute's discomfort afterward and I am feeling better in every way than I have for years. Tanlac has sure done the work for me and I gladly recommend it to anyone who has troubles like mine were."
Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by East Side Pharmacy, in Eagle Point by Von der Hellen.

Notice of Sale of Government Timber, General Land Office, Washington, D. C., May 12, 1919.

Notice is hereby given that subject to the conditions and limitations of the Act of June 2, 1916 (39 Stat. 213), and the instructions of the Secretary of the Interior of September 15, 1917, the timber on the following lands will be sold July 2, 1919, at 10 o'clock a. m., at public auction at the United States land office at Roseburg, Oregon, to the highest bidder at not less than the appraised value as shown by the approval of the Secretary of the Interior.
