

Local Briefs

While all Medford people will hail with rejoicing the going into effect at midnight tonight of the reduced postage rates probably no one will sit up that late to purchase stamps nor will the postoffice keep open to accommodate them. After that hour the two-cent stamp will again carry a one-ounce letter anywhere in the United States and circulars, postcards and local letters can again be mailed at the old one cent rate.

See the city treasurer about your semi-annual interest payment this week. Times are better. You can't afford to lose your property for a few dollars.

Earl York and Ernest Carpenter finally arrived home today from Portland much to the joy of their relatives who had been meeting every southbound train for three days to greet them. The boys were last week discharged at Camp Lewis from service in the 118th engineers, having only recently arrived from their long duty in France and Germany.

Chas. P. Mayhew of Seattle arrived in Eugene yesterday from a non-stop drive from Medford, in the neighborhood of 180 miles. He reports the roads in good condition with the exception of a few bad spots. In his opinion the much-talked about Cow Creek canyon is a fairly rough piece of road of which the dangers and difficulties are extremely over-rated. He says there are about 10 miles of rough road but autoists who have really experienced real bad roads would consider this much advertised spot fairly good.—Eugene Guard.

Plans are now being perfected for the complete exploration of the large natural caves on Galls creek a short distance from this city. This natural attraction is described by people who have seen it as a wonderful bit of natural interest. A thorough investigation will be made in the near future and the possibility of opening up a near attraction for Gold Hill will be written up at length. Other attractions, tho possibly not as great as the natural caves, are here and in turn will be explored with an eye to development which will give this community as many if not more side attractions as any locality on the coast.—Gold Hill News.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is In the Blood. Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrhs and other blood disorders with S. S. S. during warm weather, and thus free the system from all impurities. It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the very root of the trouble and eliminates it. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Adviser about your case. A picture so great—so amazing—so spectacular—so gentle—so violent—so altogether startling that cold type falls utterly in describing it.

This great Canadian Play is the Biggest Motion Picture Medford Has Ever Known. See It.

NOTE—In securing "The Hearts of Humanity" we believe we have taken a step towards reducing the cost of first showings on big pictures which as a rule, are billed as road shows at regular road show prices—one dollar. While the tremendous cost of this film will make it necessary to charge fifty cents admission we feel that we are at least saving you fifty cents on the first showing of this greatest production. What did you pay to see "The Birth of a Nation," "Intolerance" or "Hearts of the World"? Just think it over!

A special orchestra of five pieces under the personal direction of Henry Harkke of the Liberty theater, furnishes music that harmonizes with this great picture. This special feature is well worth the price of admission. 2:15. 7:30. 9:15
