

Every Medford Druggist Is Grossly Underpaid

How Much He Gives in Service Compared to What He Receives in Return.

No professional man in Medford serves the community better or more conscientiously than the druggist.

He accommodates you with postage stamps at cost, maintains a general information bureau and free waiting room, his store is a first aid hospital conducted without reward, he gets up in the middle of the night to answer your emergency calls.

Night and day he is consulted oftener than any other, and he gives his professional services without fee. His only reward, and it is a small one at that, comes when you make a purchase from his stock of merchandise.

You accept his recommendation just as you accept that of your lawyer, your doctor or your banker, because you know that his record is good and that he knows best. He can't afford to make mistakes—and he doesn't. He knows that his whole success in his chosen profession depends on accuracy—on skill—on keeping faith with his customers.

He stakes his reputation on his duty done a day with a hundred different customers—but his judgment is founded on knowledge and experience—the knowledge and experience of the men of his profession learned down through the ages through unbroken college and text books—and the knowledge and experience which come in the day's work and in consultation and conference with others in his profession.

The druggist of today doesn't guess—he knows. And one of the reasons he knows is because he in-
