Many of them are seen from time to time with solemn mien as though in the act of hard thinking, from which they emerge suddenly with large guffaws of laughter. The stories to be told are of the kind published in the Old Ladies' Journal and the Women's Home Comrade, but nevertheless they must be very funny.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 42 Swift Laboratory, Atlanta, Ga.
