

DECLARES FAILURE TO RATIFY TREATY HURTING BUSINESS

NEW YORK, Jan. 14.—Investment of American capital in foreign countries is being delayed by the failure of the United States to ratify the peace treaty, Secretary of Commerce Alexander declared today in an address to the American Manufacturers Export association.

Regretting that the peace treaty should be made the subject of political debate at a time when Europe's need for political and economic stabilization is acute, the secretary said the United States has assumed a moral obligation in foreign affairs which cannot be ignored.

No immediate solution of the problem of European credits is in sight, Mr. Alexander asserted, but financial aid for the reconstruction of European countries must be extended by private American investors and not by the government.

As examples of enterprises suitable for the investment of American capital Mr. Alexander suggested the extension of railroads in the republic of Honduras which would open up large areas of cattle producing country.

The secretary predicted an easing of the foreign exchange situation because of the marked tendency in recent months towards increasing the imports into the United States.

When the general learned the truth he embraced the cook," says the Echo de Paris, which vouches for the story, "and since has not allowed himself to make remarks when any dish has not been a perfect success."

"PAID IN ADVANCE" AT RIALTO REST OF THIS WEEK

"Paid in Advance," under another title, is one of James Oliver Curwood's strongest stories of northern Canada and the gold country of the Yukon.

The story teems with dramatic situations which are amplified to the fullest extent by the players. The photography is rich with the scenery of the far trading country and the white grandeur of a Yukon winter.

Dorothy Phillips is seen as Joan Gray, a daughter of Canada, who is enticed to Dawson City, Klondike, during the gold rush to the Klondike in 1897.

In the supporting cast are such favorites as Priscilla Dean, herself a Universal star; William Stowell, Lon Chaney, Joseph Girard, William Brownlee and William Bress.

"Paid in Advance" will be shown at the Rialto theater, the remainder of this week.

London R. R. Men Accept. LONDON, Jan. 15.—Delegates of railwaymen's unions have accepted the government's offer in settlement of wage demands made by employees in the lower grades of the service.

CITIZEN OF CHILE EXPLAINS WHY HE IS A YANKOPHILE

SANTIAGO, Chile.—"Why I am Yankophile" is the subject of an article contributed to *Ultimas Noticias* by a Chilean who has visited the United States. Some of the reasons he gives for liking the United States are:

Because when a person falls down nobody laughs.

When in the street a person steps on another's toes, they do not insult each other.

The shopkeepers can leave their deliveries on the doorstep.

People keep in line at ticket offices and have respect for each other's place in the line.

Everybody takes a bath.

People have only one surname.

There is profound respect for the police. The public fear the police and not the police the public.

The people know how to walk in streets, always passing to the right and they do not stop to talk.

There is only "first-class" on railroad trains and special cars for smokers.

Drunkards in that country are an extinct species.

The name doesn't make the man, but the man the name.

It is a sign of ill breeding not to respect the opinions of others.

(There are two hundred religions in that country).

Youths of 13 are in the universities, and not in the stock exchange or saloons.

Democracy co-exists with the government.

The men know how to sing and are not bashful about it.

CAN'T SCOLD COOK WHO HAS LEGION OF HONOR RIBBON

PARIS.—Strange and puzzling conditions have arisen in the relations of the people of France as a result of the world war.

Sometimes persons wearing proudest decorations are found engaged in rather humble vocations, and the fact that they have been honored by their country would probably never become known if on some occasions attention was not called to it.

"You are wrong to speak so severely, my general. I am a knight of the Legion of Honor."

The general was General Gassouin, who controlled the Paris railroad systems when they were taken over by the army and the knight was his own cook, who had overdone the roast.

The general could not believe his ears. He made an investigation and found the new cook had lost her husband early in the war. She became a nurse at the front, where she showed such bravery that the red ribbon decoration was awarded her.

When the war was over she accepted dismissal from the army medical service without complaint and having to earn her living, became a cook, wearing her decoration only on Sundays.

"When the general learned the truth he embraced the cook," says the Echo de Paris, which vouches for the story, "and since has not allowed himself to make remarks when any dish has not been a perfect success."

REPORT YANKEES PAID \$150,000 TO GET BABE RUTH

NEW YORK, Jan. 15.—The most popular indoor sport in New York today is guessing how much the New York Americans paid for George H. (Babe) Ruth, the homerun monarch.

The nearest approach to anything of an official nature was the smiling admission of Colonel Jacob Ruppert, the Yankees' president, that he understood an offer of \$100,000 for Ruth was refused last summer by Harry Frazee of the Boston club.

Sporting writers estimate the price paid from \$125,000 to \$150,000.

Followers of the national pastime recalled that it was not so many years ago the baseball world was staggered at the news that the New York Giants had purchased Babe Marquard for \$11,000.

Since then the sale of diamond stars has mounted even faster than the high cost of living. Until the sale of Ruth yesterday the record price was \$50,000, paid by Cleveland for Tris Speaker, and \$50,000 of the Chicago Americans for Eddie Collins.

In commenting on the purchase of Ruth, Colonel Ruppert said: "This is our answer to those who would like to drive us out of baseball. We entered into negotiations for the famous player in pursuance of a definite policy to give the club's loyal following in New York an aggressive, strong, well balanced team."

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring.

It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.
