LESS MEAT IF BACK AND KIDNEYS HURT
Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.
Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.
The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Probably the best detective story writer of today is Maurice Le Blanc. His famous crook character, Arsene Lupin, is known all over the world as one of the most fascinating characters of fiction. And of all the Arsene Lupin stories, none is more fascinating, more intriguing, than "The Teeth of the Tiger."

Written by one of America's most popular living authors—James Oliver Curwood—this huge drama of...
