Pigeons \$2.75@3.50 per dozen. Turkeys, dressed, 52@53; do, live, nominal.

EAGLE POINT EAGLETS

Mr. F. (Hann) Lewis, who is working for the Britton brothers on the P. S. Anderson dairy ranch, on Rogue river, about six miles above here, was a business caller Saturday afternoon. In speaking of the Anderson ranch, for years it was considered as one of the many ranches on Rogue river and in the foot hills as being of little consequence, but since it was purchased by Mr. Anderson and he has placed the Britton brothers in charge of it and has perfected a ditch to bring the water of Rogue river onto the land and under their management it now is considered one of the best ranches in this section of the country. And if I was asked what has made the change, I would answer, work and water. For when I first knew the place 50 years ago the old Reese place, it was about all that could be done to raise feed to keep a team to do the work, and a few cows. But now it is a thriving dairy ranch and bringing in to the owner a handsome return for the investment. And that is not an isolated instance, but there are hundreds of cases all through that section of the country where, if they succeed in bringing in the water from Big Butte as is contemplated where thousands of acres are being irrigated, the result will be a great increase in the production of hay, where the increase, on account of water, has been from one to three hundred per cent. And still there are a few of the "old moss-hacks" who are fighting the project to put water on the land. George Given was also another business caller Saturday afternoon, and he can add his testimony in favor of bringing in the water onto the land. Mrs. J. E. McDonald, at present the hostess in the Elks' Resort, came out Saturday afternoon on the stage and spent the night at the Sunnyside, on her way to Medford, taking passage on the Sunday morning stage.

FOR BURNING ECZEMA
Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain
Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

Everybody predicts a rise in Tires and Tubes Buy at Big Reductions At the Big Auto Supply Sale C. E. Gates Auto Co.

Tribune where it was suggested that a farmer could afford to pay \$125 per acre for the use of water on the land, he affirmed that that was correct, and cited to a place where there was a fine crop of alfalfa growing on ground that would not grow "black-eyed beans" without water.

Thomas F. Nichols was in town Monday and reports that he has sold his cattle to the Stanley brothers. He met his wife here, who had been in Medford, having her teeth extracted.

Mr. Adenson, the present mail carrier between here and Portland via Trail, went to Medford Saturday and his daughter, Miss Ellis, has been carrying the mail in his place, but she is fully competent to fill the position. Mr. A. returned today, Wednesday, and took charge of the business again.

Robertson and Patton of Medford, brought out a Fordson tractor Monday for J. L. Robinson, and Tuesday, Benj. Garnett brought out a lot of distillate to be used in the place of gasoline in the tractor. Mr. R.'s many friends are hoping that he will make a success in the undertaking and he surely will if push and confidence will accompany it.

George W. Sedgwick of Weldon was a business caller also Monday. W. E. Butler was in town Monday afternoon. He had a load of dressed hogs on his back, and was retaining them out to customers in quantities to suit. What he could not sell here he was taking to Medford.

John Holtz of Sams Valley, W. C. Daley of Lake Creek, William Martin and L. F. Nichols were diners at the Sunnyside Tuesday. Mr. Daley had been to Medford and on his way out broke a spring in his Maxwell and took to our old reliable, W. L. Childreth, our blacksmith and auto repairer, for repairs, and called one of his neighbors, James Colburnson, to come for him. And John Holtz also left his car at the same shop for repairs.

A Meyer of Lake Creek came out from Medford and went on home with Mr. Colburnson. Benj. Whetstone and his brother-in-law, Thomas Riley, were also business callers Tuesday.

Mrs. John D. Singleton and her daughter, Miss Sarah, and Mrs. Carl Esch were doing shopping here Tuesday. Mrs. Esch is the wife of the man who bought the Singleton farm.

Among the business callers Wednesday were A. C. Spencer, Gus Nichols and wife, and a strange young man. They all came out from Brownsboro on the E. P. L. C. stage and Gus Nichols and wife went on out to Medford.

Mrs. Sarah Hall and Mrs. J. R. Satchell were also business callers. Mrs. Satchell was working earnestly for the Southern Oregon club, who are trying to secure legislation that will put a stop to the state paying out the tax payers' money to propagate fish for the benefit of millionaire game men and leave us poor mortals to eat whatever happens to slip through their nets. To this end, she was giving the Oregonian just what it deserves for its treatment of the people of southern Oregon in killing our normal school, our fish industry—in fact, almost every move that has been made to develop the southern part of the state. And while she was working for the above she also was soliciting for the Evening Telegram.

Thomas, Ralph and Roy Stanley, three of our prominent cattle men, took supper Tuesday night and breakfast this morning at the Sunnyside.

J. F. McCabe and his daughter, Miss Ellen, were visitors this Wednesday morning. Mrs. J. E. McDonald, at present the hostess in the Elks' Resort, came out Saturday afternoon on the stage and spent the night at the Sunnyside, on her way to Medford, taking passage on the Sunday morning stage.

Benj. Brophy, one of our prosperous farmers and stock men was in town Monday and in talking with him on the subject of using water and referring to an article in the Daily Mail
