

JAZZ DANCING TO BE REPLACED BY OLD TIME WALTZ

NEW YORK, Jan. 20.—Old-fashioned, keep-your-distance dances, are to displace the modern jazz steps, if the nationwide reform movement undertaken by the American National Association of Masters of Dancing proves successful. The dancing masters, it is announced here, count upon the support of mothers, fathers, daughters, sons, dance hall proprietors, dancing teachers and hostesses—and if necessary the police department—to exterminate the "half Nelson," "body hold," "Shimmy lock" and other imported ballroom graces which are practiced by some dancers. Clean and valor music is also to come under the ban and, according to a circular just issued by the association, those in charge of community or public dances are urged to show their opposition to undesirable dances by distributing "You will please leave the hall" cards to those who persist in offending.

The women, it is charged, are often as much to blame as their partners and in some cases, dance hall proprietors are advised to pick out ten or a dozen objectionable couples and, if a warning is disregarded, to oust them at once.

"You will soon see," the circular reads, "that you have raised the standard of your establishment and that the loss will be more than made up by the double number of persons who have respect for you and your dancers."

Some of the rules and regulations which are urged to obey follow:

"Dance music should be bright and cheerful, properly accented and the phrases well divided. Clean, vulgar music of the extreme jazz type invites cheap vulgar men in dress and in no sense to expect refined dancing when the music lacks all refinement, for after all, what is dancing but an interpretation of music?"

"The association has adopted the following tempos, it being impossible for the masters to regulate fast dancing:

- Waltz, 48 measures to minute.
- Two-step, 54 measures to minute.
- One-step, 66 measures to minute.
- Fox-trot, 40 measures to minute.
- Dancers should assume a light, graceful position.
- There should be no jerky half steps for these cause undesirable variations. Partners should not dance with cheeks close or touching nor should the clasp be tight. Neck holds are positively unbecomable. The gentleman's arm should encircle his partner's waist, his hand resting lightly just above the waist line. The lady's left arm should not encircle her partner's shoulders or neck.

FIRST LOAN FOR GERMANY COMES FROM HOLLAND

BERLIN, Jan. 19.—Negotiations with Holland for a loan to Germany of 200,000,000 guilders (normally \$80,000,000) will shortly be concluded, according to the Zeitung am Mittag. Of this amount 140,000,000 guilders will cover purchases of raw products and the remainder will be used to buy foodstuffs. The credit is established for 10 years and may be extended proportionately as Germany makes payments on the account.

Germany undertakes to procure the commodities covered by the credit only from Holland which is also given special economic benefits respecting coal deliveries. This is the first credit accorded Germany since the conclusion of peace.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No toxins, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

PALMER EXPLAINS WHY COAL PRICE HAS BEEN RAISED

WASHINGTON, Jan. 20.—Attorney General Palmer said today he had received no information that bituminous coal operators had added to the price of coal the fourteen per cent wage increase to miners authorized by President Wilson pending final settlement of the wage controversy.

"It is true," said Mr. Palmer, "that in some sections of the country a larger price is being charged for fuel administration. This makes it appear as if the operators had added the fourteen per cent increase in wages to the price of coal.

"Where the price is greater than the fuel administration price, it is caused by the fact that the operators allege that the coal was bought on contract before October 31, 1919, which contract coal was expressly excepted from the government price by an order issued by Dr. Garfield on November 12."

Unusual Value—In Tires for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3 1/2- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$3.90
