

### T. J. HICKEY SAYS "IT'S GRANDEST IN THE WHOLE WORLD"

"What I have seen Tanlac do for my wife convinces me that it is the grandest medicine in the world," was the statement made recently by J. T. Hickey, a well-known employe of Taylor Mill, who lives at 4628 Chicago St., Seattle, Wash., in telling of his wife's recovery since taking Tanlac.

"My wife has been in bad health for over a year troubled with a bad case of indigestion, nervousness, headaches and rheumatism," continued Mr. Hickey. "She hardly ever cared whether she ate anything or not and when she did force herself to take a few bites it would sour and cause her to have cramping pains. Gas would build her up so bad that it pressed up against her lungs and almost cut her breath off entirely. Her kidneys were badly disordered and all the time she was complaining of a pain in the small of her back. She had rheumatism in her sides and through her back that gave her no end of trouble and made it hard for her to get about the house. She was troubled with severe headaches and dizzy spells and her nerves were so upset that any little unexpected noise would excite her. At night she was so restless she could get but little sleep and as a result of all her suffering she was in a miserable run down condition.

"Our daughter had taken Tanlac and it had helped her so remarkably that my wife began taking it. It helped her right from the start and it looked like it was no time before she was able to eat anything she wanted and digest it without the least bit of trouble. The rheumatism disappeared entirely and the headaches and dizzy spells are a thing of the past. Her kidneys are in good condition and the pains in her back have just about gone and the nervousness has all left her. She sleeps sound at night and gets up feeling so fine every morning that it is an easy thing for her to do her housework. She has been built up in every way and is no much stronger than she looks like a different woman."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Moo, in Ashland by East Side Pharmacy, in Eagle Point by Von der Hellen.

### EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

### Flowering Bulbs

Tulips  
Narcissus  
Daffodils  
Hyacinths  
Potted and ready to bloom as soon as taken from carton in which they are packed, and exposed to light and heat.

### PUBLIC MEETING OF ORCHARDISTS FEB. 4 CONSIDER FREEZE

humanitarian standpoint the never greater.

But what does congress propose assistance, because treasury proposes assistance snipers and sits still.

"We can't believe all the declares House Leader means committee members

The following telegram was received today by A. C. Allen, state horticultural commissioner for this district, from Senator Charles L. McNary at Washington, D. C.

"Have persuaded Prof. J. C. Reed to stop over at Medford and survey the recent freeze injury to fruit trees. He will arrive about February 4th, and will communicate with you before arrival. Hope that you will provide him with means of transportation so that his examination may be comprehensive."

The county agent had prepared the call for the fruit growers meeting here for next Saturday, but on learning of Senator McNary's telegram, changed the date to February 4, in order that Prof. Reed might attend the meeting. Mr. Cate's call reads as follows:

"The fruit growers of Jackson county are requested to meet at the library Wednesday, February 4, at 2 P. M. A discussion of the effect of the recent freeze will be the main topic for the afternoon. Inspection made in the various parts of the county reveals the fact that the damage is spotted and no general recommendations can be given for treatment of trees that will be applicable to all parts of the valley.

"I would like to urge the fruit growers to bring to this meeting some of the buds and sections of bark that have been affected by the recent freeze. This is a subject of importance to every grower in the valley and we should get together at this time and determine certain methods of procedure that will be of benefit to all.

"There is more or less uncertainty in the minds of the most of the growers at the present time in relation to the crop for this season, which has a direct bearing upon many things that should be decided now. For instance box shock should be ordered, and orders should be placed at once and many other things in the line of sprays that should be talked of at the present time. We trust that there will be a good attendance at this meeting so that we can get together and decide on certain phases of this work.

May Allison at Rialto  
"The Walk-Offs," a Screen Classics Inc. adaptation of the famous Broadway stage success by Frederic and Fanny Hatton, will be the feature attraction at the Rialto theatre, beginning tomorrow with the beautiful May Allison in the stellar role. It is a play with a rich society background and is said to have been mounted for the screen with a most lavish display in fashionable gowns and settings.

The play was originally produced on Broadway by Oliver Morosco and is by the same authors who wrote "Lombardi, Ltd.," "Years of Discretion" and "Upstairs and Down." The Hattons have been the most acceptable playwrights in a decade in picturing New York society and "The Walk-Offs" is credited with being their biggest success in this direction.

May Allison appears in the role of Kathleen Rutherford.

### OBITUARY.

ZENDELL—Isaac Eberhart David Zundel died at his home, 714 West Second street last night of paralysis, aged 79 years, 2 months and 10 days. Deceased was a native of Hancock county, Pennsylvania, resident of Oregon for 17 years. He leaves a wife, Emma, and six sons—Lawell, Earl, Laven, Harold, Weldon and Golbie. Funeral announcement later.

LESTER—Died at the Sacred Heart Hospital Jan. 27, 1920. Frederick James Lester, a native of Milan, Ohio, at the age of 22 years, 7 months and 8 days. He had been a resident of the valley for seven years and leaves to mourn his loss his father, E. H. Lester, a sister, Hattie B. Lester, and one brother, Joseph E. Lester. Funeral services will be held at the Weeks and McGowan company chapel Friday, January 30th, at 2 P. M. Interment in the I. O. O. F. cemetery. Rev. Springs officiating.

Subpoenas to appear before the grand jury for testimony in regard to their conduct of cases in the police court and criminal departments of the superior court in San Francisco, were issued yesterday for nine attorneys, in connection with alleged charges of corrupt practices under the bail bond system.

### FEAR A SERIOUS BOX SHORTAGE AGAIN IN 1920

Shortage of material for the manufacture of boxes will seriously affect marketing of the 1920 fruit crop, according to statements made recently by leading box manufacturers of the Pacific coast at a meeting in the Alton hotel. The meeting was called for the purpose of reviewing marketing conditions and outlining a program for supplying fruit and canneries packers with this year's requirements of boxes.

Forty representative box and lumber manufacturers from points in Oregon, Washington, California and British Columbia were at the conference. George M. Cornwall presided and delivered the opening address, calling attention to seriousness of the box situation and the necessity for concerted action on the part of box and lumber men.

Increased orchard acreage in Oregon, the Inland Empire, California and British Columbia has created an increased demand for fruit boxes over last year and several new packing and cannery plants will add to the demand. Attention was called to the fact that the supply of boxes was far short of the demand in 1919 and present indications point to a still greater shortage this year.

Spruce, pine and hemlock are used chiefly in box manufacture and with the prevailing demand for lumber for building purposes the output of the mills has gone into construction work to a large extent. The situation has been aggravated, it was stated, by the shortage of cars for carrying Douglas fir to eastern market. Being unable to secure shipments of fir for structural purposes, the eastern buyers have absorbed the pine and hemlock produced by mills east of the Cascades, where the car shortage has not been so acute as in west coast territory.

May Standardize Boxes  
Standardization of boxes was also given considerable attention and it was agreed that the adoption of a standard scale of measurements for boxes put to various uses would result in a great saving to manufacturers and consumers alike. Study of the box situation will be continued by the box bureau of the West Coast Lumbermen's association.

### WILL ARREST 1919 LICENSE HOLDERS

Beginning with tomorrow morning the Medford police and the sheriff will arrest every auto owner or driver who is driving a car which does not bear the 1920 state license or whose owner has not already made application for such license with the secretary of state's office at Salem and who can't produce his receipt to that effect.

This is in accordance with orders which have just been issued to the various police officers throughout the state by Governor O'Leary. The governor's instructions state that the motor vehicle division of the state department has cleared away the congestion of auto license applications with which it was deluged the first of the year, and from now on will issue licenses for all motor vehicles, motor cycles, chauffeurs and dealers in motor vehicles on the day of the receipt of the applications.

### MEDFORD PRICES LESS THAN THE WHOLESALE

A Medford merchant received this message the first of the week: "Hats, coats, wool shirts, wool hose, velvets, French serges will increase 50 per cent in ten days for fall deliveries." This is some evidence of why merchants have to increase their prices on merchandise and it is a tip to prudent purchasers to buy before the new stock is received, as you can buy at old prices. Medford merchants sell Amoskeag Duxey cloth at 35 to 40 cents a yard now, and the wholesale price to duplicate the same is 40 cents in the east. Devonshire cloth that now sells at 45 cents a yard wholesale, retails here for 45 and 50 cents. All merchandise will be higher next year.

### Grape-Nuts

Wonderfully easy to digest and full of nourishment.

### COMMITTEES IN C. OF COMMERCE ARE ANNOUNCED

The following standing committees were appointed by the president, Vernon Vanster, at the Chamber of Commerce luncheon today:

- Commerce and industry—J. W. Wakefield, Wm. G. Tait, T. E. Daniels, Geo. L. Treibler, H. L. Walther.
- Civic affairs—Geo. L. Treibler, W. F. Isaacs, Rawles Moore, Geo. T. Collins.
- Business activities—John H. Carlin, J. C. Mann, Jonas Wold, M. F. Platt, Carl Whillock.
- Entertainment—T. E. Daniels, John H. Carlin, W. F. Isaacs.
- Agriculture—Geo. A. Mansfield, D. M. Lowe, Roland D. Flaherty.
- Highways and transportation—H. L. Walther, K. E. Hodgeman, Geo. A. Mansfield, S. S. Smith.

### CALOMEL!

It's Mercury! Quick-silver! Shocks the Liver—Danger!

You're bilious, but take "Cascarets." You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched, your bowels are constipated. No wonder you feel foggy, mean and ill-tempered. You need Cascarets tonight. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are ended by morning with gentle, harmless Cascarets—they work while you sleep, never gripe, shock, sicken or inconvenience you. They're grand!

L. Walther, K. E. Hodgeman, Geo. A. Mansfield, S. S. Smith. Auditing and advertising—A. L. Hill, S. S. Smith, C. S. Butterfield. The following special committee was appointed to confer with real estate men and report to the board a satisfactory plan for co-operation with the chamber: T. E. Daniels, A. L. Hill, H. C. Garnett.

Dormitories under the immediate supervision of the university are to replace all fraternity and sorority houses on the campus of Stanford university, California, ultimately, according to President Wilbur.
