Because applications are coming in at the county clerk's office at the rate of 50 daily from owners for state licenses and there are only a few hundred dogs yet to be licensed, it is understood that the sheriff and other peace officers will hold off a few days yet before starting to kill all dogs without licenses. So far 1500 of the county's 1600 dogs have been licensed and it is figured that licenses will not be taken out for at least 100 stray and other dogs.

LEGION MEETING TOMORROW WILL BE IMPORTANT ONE

The February meeting of the American Legion will be held tomorrow night at the Moose hall at the hour of 8 p. m.

Business of importance will be transacted and every legionaire and ex-service man is urged to attend.

After the business meeting a program will be rendered, Colonel Sargent will give a short talk on some tactical features of the present war which will be exceedingly interesting.

J. F. Hemstreet, rival of Houdini, will mystify the audience with magic and slight of hand. In a conversation with the Mail Tribune's reporter this morning Ben Plymale, formerly mess sergeant of the 7th company, said that Hemstreet was quite a magician but that he could take army rations consisting of perfectly good meat and vegetables and in three minutes so disguise them that no one could recognize them. Comrade Perry insists that a court martial be convened to try several flagrant charges which have been preferred against several prominent legionaires.

Herbert Alford with his famous Imperial orchestra will discourse sweet music during the evening. An efficient corps of kitchen police will have charge of the closing festivities.

The legion will have as guests at

this entertainment all veterans of the Civil war and Spanish-American war and the local company of the National Guard. Any of the above who have not received personal invitations are urged to attend.

All legion members are requested to bring their discharges if convenient in order that they may be registered for the Oregon state medal.
