

# ASHLAND PLANS TO DO SOME MORE PAVING

ASHLAND, Feb. 6.—The city may pave some more, in which event it will be a case of necessity, and so recognized by practically all residents. The specific territory will be the Park street thoroughfare, heretofore known in earlier history by the humble designation of Mill street in olden days when the sound of grinding was interment at the familiar grist headquarters. The strip of roadway where the need of paving is imperative is the gateway to the park system on which street dust is the rule a good portion of the summer-time to the discomfort of tourists as well as residents, and a matter of annoyance to Chautauqua attendants who camp in the park surroundings. A lot of space reserved for public hitching grounds in that vicinity would also assume the greater portion of the expense, for to the east of the street the parking brook is the "bathtub property," and this stream is immediately controlled. Moreover the wet season also creates disadvantage along that street. In the spring and winter more or less of a mudslide prevails in the location of "Peel's puddle," and this extensive property owner is not only willing but anxious to assume his proportion of the expense and have this fine improvement installed.

January weather developed a maximum temperature of 64 degrees on the 28th, and a minimum of 16 on the 1st. There was scarcely half an inch of rainfall, and clear weather prevailed to the extent of 18 days.

Very appropriately, the French class of the Auxiliary club was treated to a French tea, with all the hospitality which the term implies, at the cheery home of Mr. O. A. Paulsen, on Oak street, Friday afternoon of this week, the invitation to the class which is thus specializing in language being general.

Alderman A. C. Nimmer now presides as chairman of the city council in the absence of the mayor.

The Barham brothers, Jesse, Walter, Wayne and Earl, newcomers from Dallas, Ore., who recently purchased extensive timber holdings in the vicinity of Steinman from E. T. Merrill, through the Beaver agency, are all now here. They are a quartet of lively men, young and aggressive, all with families, making an important addition to the town not only numerically, but also industrially and socially, and soon echoes of ax and saw will resound under their direction among the tall timber on the Siskiyons.

Among records recently brought to

## NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

ITS natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliver very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 40c and \$1.20 a bottle at all druggists. Give it a trial.

## Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—at all druggists. Try them tonight.

## GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, and it does so naturally and evenly. You simply dip a sponge or soft brush into it and draw the liquid through your hair. It does not wash out at a time; by merely the small hair disappears, and after a few applications of two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

light in Mason's hall is an official report in extenso of William J. Bryan's address here in 1897. It is a typewritten document of 18 foolscap pages, and deals with "Bimetallism." The report is substantially bound, and bears the endorsement, "Delivered before the Chautauqua Assembly at Ashland, Oregon, July 10, 1897," the shorthand work being by Fred L. Ulen. A prelude to the speech states that Mr. Bryan, seated upon the top of a table, proceeded and said: "Mr. Chairman, Ladies and Gentlemen: I take this anomalous position for a speaker for the reason that I can talk better sitting down, and you will excuse me for I am not pleasantly enjoying my customary strength," after which introductory remarks follows a lengthy and brilliant speech. A notation upon the papers made in a familiar hand indicates that the writing was the late E. A. Sherwin. This copy bears historic significance and should be preserved within the archives of the city library for future reference.

For the purpose of raising certain matters at first hand before the state highway commission, E. V. Carter was at Portland this week in behalf of the Commercial club of Ashland.

The crowning achievement as to applied Christianity is exemplified by the kind and considerate lot of two well known Ashland women, Mrs. Jack Dunn and Mrs. Pansy Childs Williamson, who each have taken into their hearts and homes, not far temporary relief only, but for adoption purposes, a motherless child from the stricken McCoy family residing in the vicinity of Ayer's Spur, the pathetic story incident to the illness of the family and death of the mother having lately been related in these columns.

D. W. Stone, old time Southern Pacific employe residing here, was visiting Ashland last Tuesday. He has been transferred from Sacramento to Oakland with a residence at 809 Grove street, and handles baggage between the Bay City and this terminal.

The baby daughter of Mr. and Mrs. S. A. Peters, Jr., has been named Dorothy Millicent.

Much sympathy is being expressed on every hand in behalf of Major C. A. Malone and children in the death of the wife and mother, the family having been former residents here, where Mrs. Malone was esteemed for her kindness and helpfulness as a devoted friend.

Incident to the sale of the Eastern place on Terrace street, and its former occupancy by a well known horticulturalist named Bolton, it is remembered that he shipped fruit everywhere on personal account, some of it being sent overseas to different localities in the British Isles, considerable of an undertaking in those days.

The "Golden Delicious Apple" is a new candidate for horticultural favor in the central west, and recently at a banquet given in Louisiana, Mo., which by the way is the home of the noted Stark nurseries, the Wilder medal, most prized horticultural trophy, was awarded the Stark Bros. by the American Pomological society, for the discovery, introduction and dissemination of this new apple variety, the "Golden Delicious." All of which is a forcible reminder to G. F. Billings, of Ashland, that once on a time he taught school in that section, the specific locality being Bowling Green, Missouri. The plot thickens when we add that A. R. Richards, of San Francisco, prominently identified with the Postal Telegraph Co. in the management of its lines west of the Rockies, sent Mr. Billings a copy of the Missouri paper containing a lengthy account of this new apple and of the banquet incident to award of the prize as heretofore noted. Act III barks way back 50 years or more, the scene shifting again to Bowling Green, when and where young Richards went to school to Mr. Billings and was a very apt pupil, instructor and scholar having maintained a warm friendship all these years. Act IV, however is the denouement to this horticultural drama, in connection with which Oregon will certainly have to be shown by Missouri whether that state, as sponsor for the "Golden Delicious," can produce the equal of the big Red Delicious which finds its favorite habitat in this Rogue river valley of ours. Until this is shown, our orchardists will refuse to go "Stark" crazy.

Joe Pace, new city marshal of Talent, was in town early in the week connected with business matters and calling upon friends.

Mayor Lamkin is not only selling realty as agent for other parties, but is an extensive purchaser on his individual account. He has taken over the vacant lot on North Main, adjacent to the W. A. Turner property, and reports indicate that he will remove thereon the Blake bungalow on Birch street, which he purchased some time ago. He has also, as agent, been the means of selling to Albert Roby 50 acres of the Glasgow holdings near Talbot, which Roby will add to the park tract of 50 acres heretofore secured by him.

Miss Eva Foley has returned to Corvallis to finish a specific course at O. A. C. and in the meantime Katherine Miller is finishing the grade term at junior high.

"Good Turn Week" is scheduled for the period February 8 to 14, and although it will be observed here, and elsewhere, by the fair people, the execution of the laudable movement that should prevent anybody from committing themselves to the praiseworthy endeavor, for one good turn not only deserves, but also begets another.

## EAGLE POINT EAGLETS

By A. C. Howlett.

Mrs. S. B. Fry of Trail, came out on the Persist stage Saturday afternoon and spent the night at the Sunnyside, going on to Medford Sunday morning on the Medford stage.

Mrs. M. L. Cadzow and her son Robert and Mrs. H. P. Jewett of Butte Falls, also came out on the stage, took supper at the Sunnyside hotel and went on up to Butte Falls that night. There quite a number of car young men and boys went to Butte Falls that night to attend a dance that was given that night.

At the close of our Sunday school, by special arrangement and invitation by the pastor of the Presbyterian church, your Eagle Point correspondent preached here in place of the said pastor, Rev. Joseph Travoto. There was a rather small but very attentive audience. Mr. Travoto expects to preach here next Sunday, Feb. 8th, at 7:30 p. m.

Mrs. Henry Meyer and her two sons, Audley and Vernon of Lake creek, came out Sunday to attend services at the Catholic church and came to the Sunnyside for dinner.

Wm. Lewis who owns two or three ranches and a large band of sheep, was doing business here Monday morning.

Miss Hazel Brown, the assistant cashier in the First State bank of Eagle Point, who has been off duty at the bank on account of the health of her mother, who has had to submit to two operations, has resumed her duties in that institution, as her mother has gained sufficient strength to partly attend to the duties of the household.

Fred Matz, one of the forest rangers came in Monday from Trail and took dinner and so did Charles Bousman, an orchardist who has been engaged in the J. M. Wibley orchard.

Mr. and Mrs. R. Hardman of Lake creek, and A. C. Spruce of Brownsville, were among the business callers Monday.

Mrs. David Smith whose husband is helping to care for a part of Mr. Lewis' sheep came in Monday and did considerable trading with our merchants, Geo. Brown and sons. She was met there by her sister-in-law, Mrs. Sherman Wooley.

Charles Drexler who is feeding his cattle out on the desert north of here was doing business Monday and so was Owen Conover, Frank Johnson and a number of our citizens who are interested in the cattle business, and while they were here were discussing the possibilities of having the Crater Lake highway pass thru here or whether it would go up Rogue river, crossing Little Butte near the mouth of that stream and the consensus of opinion seemed to be that it would pass thru or near Eagle Point, because if it went on the route up Rogue river about all of the scenic beauty discernible would be occasionally a view of the river and the trees

along its banks on one side and on the other side a row of low hills covered with scrub oak and chaparral brush, whereas if it was brought thru or near here it would pass thru one of the richest valleys in Jackson county, and after the new ditch, that the good people of this district have decided to make—they have already voted to bond the district for \$200,000 to pay for its construction—yes after that ditch is completed and the water brought in and put on the land there will be thousands of acres of land brought into a state of cultivation and will produce thousands of dollars of produce and have new homes established, that will add to the scenic beauty of the estate.

The many friends of Mrs. Roy Stanley are glad to see her once more in our streets. She has been up in the Willamette valley visiting her relatives for some time past.

Miss Alice Humphrey of Derby, came out Monday and went on to Medford to resume her studies in the high school.

Mr. and Mrs. E. Fritzing who have a farm on Ross creek, Derby trail, came out Monday and Mrs. Fritzing went on up to Portland to settle up some business that they had left unsettled last spring when they moved out here.

Mr. and Mrs. Frank Nygren and Mrs. Nygren's brother, Ralph Biebersteadt, were business callers Monday.

S. S. Michel of Ashland, and Mr. Harley Dunn of Talent, two cattle men were here Tuesday looking over the situation and while here took dinner at the Sunnyside. Mr. and Mrs. Robert Harnish and S. H. Harnish were also diners with us and so were C. A. Rekel and Earl May. Messrs. Rekel and May came out tightening up the electric wires along the different routes in this district.

Mr. Esch, the man who has bought the Singleton farm a couple of miles below town, was a business caller Tuesday.

There is a lot of wire fencing being dropped off at the corner next to the Childreth shop and I learned that it was for Carl Biebersteadt. He seems

to be fencing quite a tract of land. S. H. Harnish and sons and the Sunnyside hotel are placing a lot of sand and gravel on the street leading from the wagon bridge up to the Sunnyside, thus greatly improving the street. We call it a street altho it is really a county road, but the powers that be have more than they can do to care for the roads entirely outside of our town.

Wm. Von der Hellen is having the rocks taken off of the tract of land lying between the city hall, not the dance hall, but the place where our mayor and the city dads meet occasionally to look after the interests of the town, the city hall and the new garage. The rocks were once used as a foundation for a large barn and some of them were used in making the forges for a blacksmith shop that was burned down, and is being to cultivate the land. The tract contains a number of lots of good land that no one has received any benefit from, so not even the town, for the taxes on the land have not been paid for a number of years. Speaking of the non-payment of taxes, there is a farm in our town that the state school board has a mortgage on and the taxes have not been paid on the land for ten years and now the school board have commenced foreclosure proceedings and will probably have to take the property, and our little town as a corporation, has a claim for back taxes, and the question comes up, if the state has to take the property will it, the state, have to pay the back taxes, or will the county and town have to lose it? There is an old saying that there are two things that we never miss, that is leath and taxes, but it looks as though there is a case of at least a strong liability of the county and town losing the tax money this time.

L. K. Haak and his two children were here Tuesday and he was buying quite a lot of nails of Wm. Von der Hellen and he inquired if he was building, and he replied he was, but not much, as long as lumber is as high as it is we cannot afford to do much building.

## LACK OF REST

worry, over-work or imperfect nourishment, all in a measure contribute to and are the beginnings of nervous prostration.

## SCOTT'S EMULSION

is a decided help to those who are nervous, in that it provides an easily assimilated food that quickly builds up the general health by nourishing the whole body. Give less attention to worry; enjoy regular rest and sleep and take Scott's Emulsion regularly after meals. Scott's never fails to nourish and strengthen.

The exclusive grade of cod liver oil used in Scott's Emulsion is the famous "Vik" fish liver oil, made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed. Scott & Bowne, Bloomfield, N. J.

## PUROLA MARK AID TO HEALTH AND BEAUTY

When wintry rain, and icy wind have chilled you through and through

When you are compelled to be out in all kinds of weather and go home with a headache and sore throat, chilblains or rheumatism—then you will appreciate the real value of

## PUROLA Crystalin

It is a volatile crystallized liniment that is immediately absorbed and affords quick relief from pains incident to wintry weather.

PUROLA Crystalin is compounded of healing ingredients and smells as pure and helpful as it is.

Your medicine cabinet should have a regular place for its bottle of PUROLA Crystalin—a penetrating liniment that every family needs time and time again.

AT ALL DRUG STORES

**GUARANTEE**  
This guarantee appears on every PUROLA package: The Blumauer-Frank Laboratories and the druggist who sold you this preparation guarantee it to give satisfaction. If it should not return it to the druggist from whom it was purchased. He will cheerfully refund the price you paid for it. PUROLA preparations must satisfy.

Prepared and Guaranteed BY THE BLUMAUER-FRANK LABORATORIES

## Lift Off Corns!

"Freezone" is Magic! Lift any Corn or Callus right off with fingers—No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Yes, magic! Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Try it! No humbug!

what car will you buy?
