

ROXY ANNE MAY BECOME A PARK FOR MEDFORDITES

Medford will probably be the only city in the United States with a mountain as a city park if the bill introduced by Senator McNary in the senate and now pending in congress with bright prospects of passage becomes a law.

This bill authorizes the secretary of the interior department to turn over without cost, Roxy Ann mountain, comprising about 600 acres, on the eastern outskirts of the city to Medford to be used as a public park. It has been twice read in the senate and has been referred to the committee on public lands, and is now up to the department of the interior for a report, and it is understood here this report will be a favorable one.

Senator McNary presented the bill at the request of Will G. Steel, secretary of the chamber of commerce, and Mr. Steel has just received a copy of it. According to the bill the government reserves all oil, coal and other mineral deposits on Roxy Ann, and in the event the city ever sells the land or any part thereof, or uses the land or part of it for any other purpose than a public park, Roxy Ann will immediately revert back to the government. Of course the 600 acres of mountain does not include any privately owned or claimed property on its sides.

In case Roxy Ann is presented to Medford by the government the intention is in time to establish a scenic drive around its slopes to the summit, and establish other public park features. In time this mountain with its commanding view of the valley and country would doubtless become one of the most unique parks in the United States.

A bench warrant was issued in Clatsop yesterday for Charlie Chaplin when he failed to appear in court for trial on a charge of speeding.

J. HENRY ALBERS HAS NO INTEREST IN ALBERS MILL

The Carnation Girls who are demonstrating the various products of the Albers Bros. Milling Co., in local stores, have made a host of friends for themselves and their company by the sincerity and willingness to serve all who called on them. They demonstrated in nine stores here serving the delicious Pearls of Wheat, Flapjacks "a la Stator" and Wheat Flakes, explaining and showing the housewives the different uses of Cereals and answering questions on all subjects pertaining to the economical advantage of cereals in cutting the high cost of living.

When asked about an article published recently in the local press which erroneously gave the impression that J. Henry Albers is a member and head of the Albers Bros. Milling Co., he stated that he has had no interest whatsoever in the firm for almost a year and anyone wishing to verify this statement could do so by communicating with the state corporation commissioner to whom all corporations are required by law to make their income tax and stock reports.

The girls point with pride to the services of 162 employees who served with the colors, a number of whom are stockholders and to their goods as a strictly western product in every way.

TALENT TALK

It is absolutely necessary that the school be closed in Phoenix. This should have been done at least two weeks ago, and there would have been at least 20 cases of sickness avoided. It may not be influenza, but it is

an epidemic at least, and should not be allowed to spread.

Joshua Patterson of North Talent had the misfortune to injure one of his eyes while doing some blacksmithing last Wednesday. A small piece of steel flew up and struck him in the eye.

Fred Perry of Phoenix sold the building off his lot, that was formerly used for a butcher shop, to John Beson. He will move it to his ranch east of Talent and use the lumber in building a barn.

There is so many cases of the prevailing grip or influenza in a tight form, that it would take too much space to mention all the names. However there has been no very serious consequences, so far.

If rain comes as predicted, and everyone surely hopes it does, it will mean more than anything else to the valley just now, as the late snow again is badly in need of moisture.

Both Wellborn and John Beson have sold their home places south of Talent. These are off one of the oldest homesteads in the valley, and the boys were both born and raised on the old place. And it is one of the very best in the valley.

Mr. and Mrs. H. H. Boyer of Ashland made a trip to Klamath Falls last Thursday, returning Saturday. They report the roads in good condition. Mr. and Mrs. Boyer left in their car for Eugene Monday. But may return to Klamath Falls to reside.

Born to Mr. and Mrs. Bert Lawrence, at their home east of Phoenix, a baby girl.

Quite a number of men have been engaged in helping build another Sunday school room at the Phoenix church house. Each class has its room for Sunday school lessons and Bible study.

Mr. and Mrs. H. H. Boyer were guests Sunday night of Mr. and Mrs. J. M. Ryder at their pleasant home south of Phoenix.

Mrs. Ed Lockwood of Phoenix returned from California last week, where she has been visiting her sister for a month past.

The family of Mr. Duncanson, who lately moved into the French residence, have all been bedfast with the flu. Mr. Duncanson being the only one of the family that was out of bed. And it is presumed he has been lucky.

JAMES SAYS HE HAD DECIDED TO GIVE UP HIS JOB

"Nothing kept me on the payroll of the Illinois Meter Co. but Tanlae, for I had already made arrangements to give up my position when I began taking it," said G. C. James, who lives at 1415 Franklin Ave., Springfield, Ill.

"I had suffered from rheumatism and stomach trouble for fifteen years," he continued, "and got in such bad shape I could hardly get about. The rheumatism was especially bad in my legs and sometimes my left leg would swell to twice its normal size. My kidneys were also in such a condition I could seldom get a good night's rest, and so far as eating was concerned—well, before I began taking Tanlae I had not enjoyed a meal in years. I suffered so from indigestion, and had such dizzy spells I would have to lie down. I became so weak I often gave out completely while at work and they would have to take me home in a car, so it is a wonder I held up at all."

"One day one of the men I work with suggested that I try Tanlae and as long as I live I will praise the day I bought it, for I haven't a trace of rheumatism now and I eat everything set before me without any bad after effects. The dizzy spells are things of the past and my kidneys are better than ever; every night I sleep like a log and I weigh just thirty-eight pounds more than I did when I began taking Tanlae. I feel twenty years younger and am in perfect health, and there is nothing in the world I would take for the good Tanlae has done me."

Tanlae is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by East Side Pharmacy, in Eagle Point by Von der Hellen.

BUTTE FALLS

Mr. Day has green vegetables for his customers fresh every few days, which we all appreciate up here this time of year.

Rupert Gleason left for Medford the first of the week to order more merchandise for his store.

Mrs. Tongate and son, Ira, went out on the Motor Monday to visit at their old home place Jacksonville, returning Wednesday.

Mrs. Jack Doubleday, left for a short stay in Medford Monday.

Mr. and Mrs. E. A. Hildreth arrived in town Wednesday for a visit with home folks. Their home, at present, is in Central Point.

The Teacher's Institute, held in the school house Saturday was a great success. A short program was given by the teachers here. Several teachers from the outside districts were present, also Superintendents Churchill and Ager, with several visitors of the school boards at Brownsboro, Lake Creek, Derby and Crater Lake. Miss Kate Foley gave a very interesting talk on different ways of having exercises to develop the children, both in form and mind. Miss Mires, of one of the rural districts, was one of the visitors.

Mrs. Mills and Carston entertained with 500 at the former's home Tuesday evening. Delicious ice cream and cake were served, at the completion of the games, which were played in progressive form. Those present were: The Messlames E. Smith, Mahoney, Davis, Clark, Clevenger, Ira Tongate and Alene Mahoney.

Tom O'Brian was home visiting his parents the last of the week from Grass Valley.

Rev. Trovate has a new black trotter he is breaking for his roadster the coming summer.

The shingle mills are turning out some fine shingles these days.

Mrs. R. Stanley was shopping in town one day this week.

Mrs. S. Davis, after a visit of two months with her sister, Mrs. Mahoney, returned to Portland Thursday, greatly impressed with our winter climate and little town. She intends to spend her winters here, if possible, from this on.

The motor was loaded down Friday bringing up the surveyors for the Eagle Point ditch.

This seems to be strawberry time up here, as every one that has a few feet of extra land are setting out ever-bearing plants.

Vote for the two-mill tax at next election, was the slogan rendered at the Teacher's Institute Saturday.

Mr. Edson drove his car up from Medford with the mail Monday and will continue to drive through it no more rain or snow falls, as the roads are good, he says.

Mrs. Kiese Edmondson and family and Agnes Edmondson were in town Saturday from the ranch above here some 20 miles.

Mr. and Mrs. E. A. Hildreth returned to their home in Central Point today.

Mr. and Mrs. Pichties arrived in town today and went up to their homestead just above town.

The Olds lumber men arrived in town today.

TAXI CHANGE. I am now connected with the Daily Taxi Co. and will be glad to accommodate all my former customers, as well as the general public.

Ben Sivertsen, Phone 15. Brown & Brown.

DELCO-LIGHT

We Lead PRODUCTS Others Follow

There's a Satisfied User Near You

In considering the installation of a farm electric plant, more must be taken into account than mere price. There are other things of greater importance.

You want to be sure you receive long years of dependable service of low operating and upkeep cost, and be sure the plant you install will do the things which are claimed.

Delco-Light is not an experiment. It has gone through the refining influences of years of actual farm usage. Today there are more than 90,000 plants in daily use. Nearly everywhere you will find Delco-Light plants providing complete and dependable electric service. There is a satisfied Delco-Light user near you.

Think what this means to you. It means that you need not depend entirely upon your own judgment when buying an electric light and power plant. You can talk to an actual user and learn from him whether Delco-Light will do for you the things claimed.

The complete story of Delco-Light is interestingly told in our free book. It explains the many uses of the cheap power made by Delco-Light.

To ask for your copy of this book is the first step towards freeing your farm from tedious tasks.

Ask how you may possess a Delco-Light for one year before you pay for it.

Write for your copy today.
