HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets. If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a larynx, no good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compound mixed with cod liver oil. You will know them by their olive color. To have clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood's days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the life and overcome constipation. Millions of boxes are sold annually at 34c and 25c. Take one or two daily and note the pleasing results.

HIGH SCHOOL NEWS

The subject matter of a portion of the book "The Recitation," by Betts was considered and discussed by the High School instructors in regular session last Monday night. The group meeting consisting of all teachers of grades 7 and 8, met in regular session with the superintendent Wednesday evening. Following the group meeting on Wednesday, the committee appointed to appertain the local prizes to the different schools met and formulated a definite plan. On Tuesday during a portion of the assembly period, Merritt Perry, president of the senior class of last year, presented two honor slips to the student body, which are to be awarded to the boy and girl who, at the end of their senior year and at the time of their graduation, have made the greatest success of their high school career, this success to be measured by character, scholarship, student-activity and general good-willship. When pupils are out of school for a few days, parents are asked to see that certificates from their family physician or from the city health officer are secured. This is required in all schools. Four hundred pupils are enrolled in the high school this year. This is an increase of about one hundred and twenty-five over that of last year. In the freshman class there are one hundred and seventy members. The local prizes as donated by the business men of our city for the essay contest are apportioned among the schools by groups as follows: 1. A general group consisting of 1st and 2nd prizes, \$44.00 and \$17.00 respectively in value, competed for by all schools and grades. First Prize Group. Grades 3 and 4, \$5.00 Value. Grades 5 and 6, 5.00

WHY CHILLY WEATHER BRINGS RHEUMATISM. Says skin pores are closed and uric acid remains in blood. Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water. Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

GRANDMA NEVER LET HER HAIR GET GRAY. She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur. When you darken your hair with Sage Tea and Sulphur, no one can tell because it does so naturally, so evenly, so repairing, this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Weyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

WHY CHILLY WEATHER BRINGS RHEUMATISM. Says skin pores are closed and uric acid remains in blood. Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water. Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
