

Not an Isolated Case

Many Similar Cases in Medford and Vicinity.

This Medford man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

J. H. Atwell, painter and paper-hanger, 129 W. Eleventh St., says: "Doan's Kidney Pills are all they are claimed to be, and I am always glad to recommend anything I believe will be of benefit to others. I have taken Doan's Kidney Pills on different occasions, when I have had trouble with my back and kidneys and they have always done the work. A few of Doan's now and then keep my kidneys in good working order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Atwell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. ADV.

Melons and other things

THE fresh, quenching sweetness of melons you have grown yourself—there's nothing like it! And its easy—just a little backyard space—a little spare time—and a packet or two of Morse's never-failing seeds.

Five cents a packet at grocers, florists, drug and hardware stores, etc., everywhere.

19 MEETINGS HELD H. DEMONSTRATION DURING FEBRUARY

The question has been asked "What does the home demonstration agent do with all of the time that she has?" The following summary was taken from her report for the month of February:

Days in the field, 12 1/2; miles traveled, 101; meetings held, 19; number of people reached in these meetings, 284; 26 dress forms made—this makes about a hundred dress forms that the home demonstration agent has helped the women in Jackson county to have; eight 2 to 4-day clothing schools planned in the following places: Ashland, Talent, Phoenix, Medford, Eagle Point, Central Point, Gold Hill and Rogue River; home visits made, 9; information given in these home visits was on food, preparation, home conveniences, home nursing, household accounting, and dress forms; information on community canning given in four of the meetings to 78 people.

Days in the office, 11 1/2; letters written, 71, and one circular letter to 54 people; office callers, 28; phone calls, 65; household account books sold, 3. Information given in office calls, letters and phone calls on the following: dress forms, how to get them, clothing schools, renovating hats, making cottage cheese, budgeting the income, household accounting, removing stains from clothing, pressure cooker, adjustable windows, septic tanks, preparation of food; copy for monthly issue of the Farm Bureau News prepared.

TALENT TALK

Professor Robinson had for his guests Sunday, Professor Aver and his family of Jacksonville. Mrs. Robinson is a sister to Professor Aver.

Sumner Robinson is able to be up again after two weeks of sickness.

Frank Works has returned to Klammath Falls after two week's stay with his parents and other relatives here.

Lloyd Lamb returned home last week from Ashland where he was a patient at the Granite City hospital. He underwent a successful operation for appendicitis and is getting along nicely.

The Talent public school has been closed on account of the prevalent epidemic, and will remain so for the next two weeks at least.

Mrs. Casey has returned to Talent from Astoria, where she was called on account of the serious illness of her husband, Mr. Wm. Casey. Mrs. Casey reached her aged husband's bedside a couple of days before death came. He was at the home of his adopted daughter, Mrs. Blakley, where he went, thinking a change in climate would improve his health. He died February 14, and was buried at Astoria February 17. He was an old resident of Talent and will be missed by many who have known him for many years. He was 85 years old.

Mr. Earl Briscoe is able to be up after a siege of the flu, but his wife is quite sick, other complications setting in, causing her trouble. His two little girls are also confined to their bed with the flu.

Mrs. Robbins of Medford returned home Saturday from Talent, where she has been caring for her daughter, Mrs. E. Briscoe and family who are sick with the flu.

Mrs. Pearl Barrett was visiting in Ashland Saturday.

Mrs. Fletcher Spencer, who is employed in the "oil fields" east of Phoenix, was a Talent visitor Monday.

Mr. Sullinger of Anderson Creek, has been enjoying a visit from his father from Illinois the last two weeks.

Mrs. A. Kouns has returned home from a six week's visit with her daughter in California.

Mr. Lucas of Beagle is hauling wire fence from town to fence his ranch.

A large caterpillar engine passed thru the valley Friday to the Rhodes and Cottrell ranch in the Meadows.

Mr. Parkerson and family of Beagle, are moving to Medford so that Mr. Parkerson can work out.

Mr. and Mrs. Doll Morrison and Mr. and Mrs. B. Chapman motored to Medford to do their shopping Monday.

Mr. Swanson of Beagle, drove to town Saturday and brought back a cow to his ranch.

Born to Mr. and Mrs. Harold Shusk, formerly of Chaparral but now of Roseburg, a 9 lb. baby girl.

Mr. and Mrs. C. M. Conley were up in the hills for a few days this week visiting with friends and brought back a wood saw to V. Conley.

Miss Zella Taylor is staying with her sister, Mrs. Shusk of Roseburg.

Grandma Conley was called to Applegate last week on account of the serious illness of her brother who was not expected to live, but found him better and returned home Friday.

W. C. Chapman and daughter, Mrs. Moore, visited with Mrs. J. W. Scott of Medford Saturday.

Mrs. Knapp who has been cooking at the Maple for the past year, has quit and is visiting with her mother and father.

Nate Minkowski who has been working at Riverside, is now home on account of the flu.

"I Don't Need to Tell You" says the Good Judge

Why so many men are going to the small chew of this good tobacco.

You get real tobacco satisfaction out of this small chew. The rich taste lasts and lasts. You don't need a fresh chew so often. Any man who uses the Real Tobacco Chew will tell you that.

A United States Army MAN

THERE is a Canal at Panama, linking two great oceans and carrying the commerce of the world.

For a hundred years and more men dreamed of that Canal. De Lesseps had the dream and failed, and the bones of men and wreck of machines remained to mark his failure.

It seemed a task almost impossible; yet that task was done.

It was done by United States Army men.

In Cuba and Porto Rico yellow fever once claimed victims by thousands.

Yellow fever is no longer a menace in those islands. A great physician and his aids helped the people of those islands to conquer it forever.

And they, too, were United States Army men.

In the Philippines a new civilization is arising; and its foundations are laid upon the courage and devotion of United States Army men.

You think of the Army as an instrument of war; and well you may; for the record of its men in France and Flanders will live as long as history is written.

But the Army has tasks of peace no less heroic—tasks that mean a safer, and a better world.

It is for those tasks that the Army asks three years of the lives of America's best young men.

To those men the Army promises sturdy health—an asset for their business success in all the years to come.

It offers them opportunity for training in a useful trade. It gives them good food, good clothes and good care. It trains them to responsibility,—it develops character and mind.

It promises them travel, and the knowledge of other lands, that will make them citizens of the world.

The United States Army seeks no inferior applicants. It wants men of whom it can be proud, during their enlistment, and in all the years to come.

Men who will look back twenty, thirty, forty years from now and say:

"Those years were the most valuable of all my years of training.

"They gave me health, and skill, and the capacity for managing men. They gave me a chance to share in giant tasks.

"I am proud of the record of those years, and of what they have meant in my success.

"Proud that I, too, for a little while, was a United States Army man."

Where the U. S. Army serves

American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the U. S. A. The recruiting Sergeant will gladly give you all the details.

Like every one else in the Army from General to Buck Private, you're under orders and if your outfit moves and you're needed elsewhere, your duty is to go.

The Nearest U. S. Army Recruiting Stations are:
123 West Main Street (Upstairs)
Medford, Oregon
A personal interview involves no obligation

UNITED STATES ARMY

THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up, the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether it's laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPT.—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

QUARTERMASTER CORPS—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.
