VE recovered from the flu, but I'm feeling worn and weak, and my nose and lips are blue, and my hinges groan and creak. Racked and broken down I am, and so long have I kerchooed that my priceless diaphragm from its moorings is unserewed; and my ribs are flapping loose, I have pains throughout my trunk, and I'm feeling like the deuce, if the deuce is feeling punk. Soon again I may be strong, but no cheerful thoughts I think; something else will come along that will put me on the blink. And the learned physician says, "You will soon be strong and hale;" but he's talking through his fez, and he ought to be in jail; for he knows diseases wait around the corner, just ahead, and they'll get me soon or late, and they'll ride me till I'm dead. In this happy frame of mind are the victims of the flu, when those convalescents find that some years of life are due. They should dance around a heap, but they mourn a ghastly lot, as old Rachel used to weep for her children who were not. I am lying on my couch, singing songs of broken hearts, for I have the grisly grouch that the dad-blamed flu imparts.

A LITTLE MORE LIGHT PLEASE

S EVERAL days ago we requested an explanation from the President regarding his precise reasons for opposing the compromise reservations. The first of the week The Salvation Army drive for his reasons for opposing reservations to Article Ten were The Salvation Army orive to his reasons for opposing reservations to the final figures that issued, amounted given in a letter to Senator Hitchcock. The promptness to a near fizzle. Amou! No drive of the response is almost embarrassing!

Like all of the President's pronouncements, this rommunication was a model of literary style, lofty feeling, and March issue of the Mct. Mag. has an article on "Leonard Wood—Husman Being." This will be read eagerly by a number of souls, who never the assertion that Article Ten is the heart of the

As we understand the reservation,—that is the last one we saw, there is probably another one now,—it simply SUFFRAGE RATIFIED states in effect, that the United States will not join in opwe saw, there is probably another one now,—it simply posing external agression against a league member either by armed force or by boycott, unless such action is approved by congress.

Considering the gravity of such action, and the far reaching consequences involved, congressional sanction would seem to be merely a matter of course. In fact, in the same letter, the President says there can be no objections to explaining again what our constitutional methods are and that congress alone can declare war or determine the cause or occasions for war.

Using armed forces in war, and declaring a boycott, we should suppose, would be considered an occasion for war. "The enemies of the league of nations have by every

The gentlemanty pointer who has charge of the 1919 edition of the SMUDGE POT alleges solemnly that it will be ready for distribution by next Monday, and it looks like it. We don't believe we are alone in this. There must be others equally stupid who would like to know how the article, as modified, would nullify the treaty. Probably George Gates, who fought in the war, and is old enought to vote the republican ticket, calls Peoria Ball Gates, Uncle Will.

Article, as modified, would mullify the treaty. Probably our former success has gone to our head, but we are going to ask for just one little note of further illumination on the subject.

FORGET ABOUT A RECALL.

It is particularly masty in a small communication of the first many vigor and strength." This will not help him work of the pressing need is give unity devoted to constructive and productive ends.

We have been asked to support a recall against the school board and have refused because we believe it would be a bad thing for the schools and a bad thing for the community. We don't believe conditions have come to such a pass that the only remedy is to plunge the city into a bitter and protracted fight. There must be a middle ground of mutual accommodation, and our appeal is for all publicspirited citizens to unite in attaining such ground,

Toward that end concessions must be made by both sides. The welfare of the schools is the supreme issue, and on this issue a vast majority of the people are united. The ill effects of a recall election, regardless of its outcome, would far overbalance any possible benefits. It's a time for cool heads and low speed. Only when the patients are dying would we favor a recall. With some show of restraint and common sense there is every reason to believe all the local patients will recover.

A. B. WILLIAMS,

Student Supports Davenport To the editor: A great many of e students exulted to hear that Mr. Davenport said he was here to better the Medford schools and meant to stay here till his contract expired. Just why do you want Mr. Daven port to resign? He has worked nigh and day to put the schools on a high-er standard. The work is somewhat harder for the students but what is an education worth if you don't have to work for it? He is a man of the highest standards, principles, morals and efficient to his finger tips. What

more can you ask! The trouble is, Mr. Davenport is a superintendent, and I'd like to see a superintendent who could get along with these agitative people in Medford if he tried to bring up the stan-dards of the schools. Eve lived here ten years and each superintendent has similar troubles, going away al-most heart broken. I'm certain it would be impossible for an angel to satusty such people.

Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Often there is pain in back or limbs.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid-as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Dr. Pierce's Anuric acts; when you take this new kidney remedy of Dr. Pierce's the pains and stiffness rapidly disappear, for "Anurie" (anti-urie-acid) is many times more potent than lithia and often eliminates uric acid as hot water melts sugar, thus removing rheumatism and lumbago.

San Francisco, Calif.—"I have used Dr. Pierce's remedies in my family for fifteen years and have found on every occasion that they gave satisfactory results. I have recommended them to dozens of relatives and friends, and each one praised them very highly. Recently I was troubled with my kidneys and my back constantly pained me. I took three packages of Dr. Pierce's Anuric Tablets which removed all pain and cleared up conditions. I advise every one to give Dr. Pierce's remedies a fair trial."
