

MISS MABEL S. DESCHANES,
a popular and attractive young woman of Lewiston, Maine, is now an ardent champion of Tanlac, since she began using it a few weeks ago.

Miss Mabel S. Deschanes, a popular and attractive young woman residing at No. 7 Bartlett Street, Lewiston, Me., is now an ardent champion of Tanlac, since she began using the medicine a few weeks ago.

"I prize Tanlac above every other medicine, even that which was prescribed for me," said Miss Deschanes in relating her experience recently. "I dislike publicity, but there are so many others who, no doubt, suffer as I did, I feel that I ought to tell them about it.

"I had been a great sufferer from indigestion and had been under the doctor's care for six months without relief. At the time I began taking Tanlac I was on a very rigid diet and at times could not retain food of any kind. Even cold water would cause extreme nausea. I suffered from loss of appetite, severe cramping pains after eating and extreme nervousness.

Finally my condition got so bad I simply had to give up and go to bed until I got relief. I was unable to go down town to do my shopping and, although I had been under treatment for six months, there seemed to be no relief for me. Honestly, I don't believe I would be alive now if I hadn't gotten Tanlac, for I was suffering terribly and getting worse all the time.

"Finally my sister persuaded me to try Tanlac. I improved from the very first and one bottle did me more good than the six months' treatment. Why, I actually gained four pounds in weight while taking this one bottle. I have now taken four bottles and I feel just like a different person and am eating just anything I want; in fact, everything seems to agree with me perfectly. I am now able to do my shopping without becoming fatigued in the least and am no longer nervous like I was.

"Tanlac is simply wonderful, and I can not praise it too highly."

Tanlac is sold in Medford by West Side Pharmacy, and by leading druggists in every town.

COUNCIL PASSES ORDINANCE OVER THE MAYOR'S VETO

It took the city council only a moment or so last night to unanimously pass the ordinance for the opening up of King street over Mayor Gates' veto.

Other business transacted by the council besides a mass of routine included the receiving of a request to extend the city six-inch water main to provide fire protection for the big mills and factories, present and future, outside the city limits in the North Central avenue neighborhood, police protection to aid in protecting the pupils of the Washington school from law defying auto drivers, a decision to aid the residents of Portland avenue to grade and gravel that thoroughfare, and the receiving of petitions to improve and grade several other streets.

All the councilmen were present excepting Dr. Hargrave and Richard Antle.

Mayor's Veto Overruled

There was no debate whatever when the mayor's veto was read disapproving of the ordinance to open up King street from Ninth to Dakota avenue, which was passed two weeks ago with only one negative vote, that of Dr. Hargrave, and the four councilmen present courteously and expeditiously demonstrated what they thought of mayorial vetoes. Mayor Gates received the blow smilingly, and there was no friction either in the personal relations between the head of the city and the council either in the veto or its overriding.

This improvement ordinance long petitioned for by the residents of King street provides for the purchase by the city of the dwelling and lot property of B. R. and Clara Woods on Tenth street between Laurel and Eleventh street, facing north on King street, which stood in the way of opening up King street, from B. R. and Clara Woods for \$2500. To help make way for this improvement the residents of King street donated a strip of land about five years ago.

The mayor's veto was on the chief grounds that the cost of the improvement will far exceed the benefit derived.

Protect Mills From Fire

As evidence of the big mill and factory development in Medford, S. S. Bullis and John R. Tomlin called on the council to furnish fire protection for the new Applegate company mill, owned by Bullis & Skewis, and the Tomlin box factory, which expects to soon resume operations, and the big new lumber mill which will be erected by the Brownlee interests of Mississippi, all located on the Pacific & Eastern railroad outside the city limits beyond the end of North Central avenue, by providing for an extension of the six inch water main to the industrial concerns, both present and contemplated, which are eventually expected to fill the vacant territory between the Southern Pacific railroad tracks on the west and Riverside avenue on the east, and the end of Central avenue on the south.

To extend a six-inch main beyond the city limits to the site of the Brownlee mill between Central ave. and Riverside, the furthest concern out, will require the laying of about 2000 feet of pipe.

Nothing was said last night about who was to stand this expense, the mill and factory owners or the city or whether it was to be divided. However, in view of these concerns with their payrolls contributing so much to the welfare and development of the city, the councilmen and mayor favor the city going the limit to the extent its financial condition will permit. The matter was placed in the hands of the fire committee and Water Superintendent Davis to decide on some plan with the factory and mill owners.

Protection of School Pupils

A petition was received from the Parent-Teacher circle of Washington school, asking that the council station a special policeman at the corner of Oakdale and West Main st., between the hours of 3:15 and 3:45 p. m., on school days, to aid in protecting the school pupils, whose lives are daily endangered at this most dangerous corner in the city, as many auto-drivers disregard the speed laws. By so doing, the petition states, the council would relieve the anxiety of many parents.

The council fell in readily with the plan of police protection and decided to designate the Washington school janitor as the special policeman asked for and instructed Chief of Police Timothy to look after the details.

The council also decided to aid the residents of Portland ave., in grading and graveling that street, after hearing the wishes of a delegation of its residents. The street lies a little higher than East Main street. The council will do the grading and stand half the cost of graveling. The cost of graveling to the residents will be about \$5 for each 50-foot lot on each side of the street. The residents of Dakota avenue, between South King and South Peach streets petitioned the council to grade Dakota avenue. The petition was referred to the street committee and Street Commissioner Davis.

The owners of 276 feet on the west side of South Park ave., petitioned for the establishment of a grade and the construction of a cement sidewalk from 11th to 12th street. This petition was also referred.

EASTER OPENING

And Style Show at Medford's Greatest Woman's Apparel Store

Thursday, Friday and Saturday, March 18-19-20

Fresh from the hands of expert designers and tailors come hundreds of new models, faithfully interpreting in the minutest details, the styles materials and new colors that have won first place in the world of fashion.
