

### PICKEL RANCH IS SOLD ARMY MAN PRICE \$45,000

Lieutenant O. V. Morrow purchased Brookhurst, formerly owned by Dr. E. B. Pickel, northeast of Medford Tuesday, through Brown and White, consideration, \$45,000.

The ranch consists of 153 acres, 69 acres of which is in pears, 6 acres in apples and the balance in alfalfa and barley. The improvements are first class and the entire ranch is under the Roguelands ditch.

This is one of the places that has been under the supervision of Bert Anderson for two years, is in first class condition and produced wonderful crops last year.

Lieutenant Morrow has a splendid record in the recent war. Enlisting as a private he went to France with the Second Division early in 1917, and saw plenty of active service at Verdun and Chateau Thierry, with the Second Division and was afterwards promoted and transferred to the 42d, or Rainbow division, and was in the Argonne. He was gassed twice during his service. The lieutenant thinks this climate, valley and city the best he has ever seen.

### NORTH PHOENIX SCHOOL AWARDED HIGHEST HONORS

The Standard Industrial Sewing club organized by Miss Ruth York, teacher of the North Phoenix school during the past year but now teaching the Rich school, was recently presented with a certificate of achievement, the highest honor that can be bestowed upon such a boys and girls organization. The certificate is beautifully engraved and contains in ornamental script the names of the seven members who constituted the successful club from that district, who were,—Callie McAbee, Dona McAbee, Jeannette Sheets, Emma Johnson, Marjorie Caster, Edna Smithton, and Margaret Mote.

Below the names of the members are found the original signatures of the heads of the various departments which are interested in, or which are directing club work in the district, county, state and nation. The personal signatures are written as follows.—O. H. Benson, U. S. Dept. of agriculture, Ben. W. Olcott, governor, W. J. Korr, president O. A. C., J. A. Churchill, supt. public instruction, O. D. Center, director extension service O. A. C., H. C. Seymour, state club leader, G. W. Ager, county school supt., Ruth York, teacher, Mrs. M. F. Sheets, local club adviser.

This girls' sewing club is what may be termed a 100 per cent Standard Industrial club, and the members are deserving of much credit for the excellent work they did in sewing during the past year, and for the excellent management which was responsible for every member having stayed with the club during the entire season. Mrs. M. F. Sheets who lives in the district and who acted as local club adviser for the girls, should be given credit for the interest she took in the welfare of the girls of her community. It is such cooperation as given by Mrs. Sheets, that makes club work really worth while. It is needless to say that interest in club work will run high in the North Phoenix community again this year. Several of the students in the school there have already designated their intention of entering some phase of club work this year.
