

SALVATION OF AMERICA AND THE WORLD LIES IN DOCTRINE OF HARD WORK

"Europe has not succumbed to its economic catastrophe. And I have faith enough, blind faith—if you will, to believe that it will not succumb," was the keynote of an address on "Europe After the War," delivered recently by Francis H. Sisson, vice-president of the Guaranty Trust company of New York, at the annual dinner of the Dominion Mortgage and Investment Association, King Edward Hotel, Toronto, Canada.

Mr. Sisson said in part as follows: "Late last fall there were many dire prophecies about the economic doom which impended in Europe; it was feared by these prophets of gloom that as a consequence of a cold, hungry winter Bolshevism would sweep throughout Europe, and then spread to the Western Hemisphere. It is curious to note, in this connection, that Soviet Russia is seeking peace today and is far more anxious to establish commercial relations with the remainder of the world than the world is to do business with Soviet Russia. In other words, Bolshevism has discovered, if our prophets of gloom have not, that Western Europe does not intend to succumb to it and still more important, can do without Bolshevistic Russia easier than Bolshevistic Russia, with its starving millions, can do without Western Europe.

"Nor has Europe succumbed to its economic catastrophe. And I have faith enough, blind faith—if you will, to believe, that it will not succumb."

"It may be well in these critical days to remember that the world has existed for millions of years, and it will continue to exist for many more millions of years. It may help to correct the angle of our vision if we recall that mankind somehow has always managed to survive every human and natural cataclysm, and has multiplied and progressed, although civilization after civilization has risen and declined and there have been many dark ages intervening. Let us not overlook the fact that the first law of nature is self-preservation. Man has lived, and he will continue to live and to better his condition

as long as this old planet revolves about the sun. But let us make sure that our civilization shall not perish; that it shall not only survive the destructive forces of radicalism and reaction, but also achieve its manifest destiny.

The Eternal Salvation of Mankind

"To be sure, man has lived by the sweat of his brow—and therein lies the salvation of the world today, as it has been the salvation of the world during all the eons since the creation.

We discuss, more or less learnedly, the depreciated exchanges and currencies, which unquestionably enter very materially into the present economic problems of the world. But in the final analysis, money is merely a token of work in some form; yes, to a slight degree, even when it represents nothing more than the product of the printing press. Capital, after all, is only crystallized labor.

"Last my use of the word labor be misconstrued by organized labor to mean manual effort alone, let me clearly define my interpretation. Manual labor, without the guidance and inspiration of brains, has never accomplished anything for mankind beyond bare existence. Labor in its biggest and truest sense signifies intellectual activity more than mere physical effort. By the sweat of the brow has a literal, as well as a figurative, meaning.

"The betterment that has been accomplished in Europe since the cessation of hostilities has been due chiefly to the fact that that continent has been able to command the raw materials of the remainder of the world and to bend its energies to the production of essentials—to work. It must work still harder.

"Even Soviet Russia is beginning to understand that, and to appreciate the necessity for work."

Sixty-five high schools in Idaho, Oregon and Washington are corresponding with the schools of Chile thru the Junior Red Cross.

ROVING MARINES MAKE A BIG HIT AT PAGE THEATER

The Roving Marines delighted and captivated an audience last night that tested the capacity of the Page theater to the very doors, and hundreds of people were turned away although most of them arrived long before 8 o'clock. Ten acts of vaudeville were presented by the United States Marine corps, all the performers being bona fide enlisted men in the corps. The show was under the personal direction of Captain C. T. Brooks. First was shown motion pictures depicting the life of a marine thruout his entire enlistment. Following the pictures was the following vaudeville program:

Corporal Arthur Vaughn opened the show, drawing some very good laughs with his comedy posing and whirlwind flips.

Corporals Pearson and Carey in a class little sketch "For Love or Corporal Duty." Corporal Pearson portrayed the customs inspector, and the feminine beauty; Corporal Carey captivated all the boys in the audience with his graceful interpretation. (Note—Corporal Carey wishes to announce that such little attentions as candy and flowers are greatly appreciated.)

Burlesque and Songs

Sergeant Billy Manca in "A Harmonious Nut" drew gales of laughter with his burlesque on "Alexander the Great" in mind reading.

The Harmony Four, Sergt. Brown, Corporals Pearson, Wolfe and Angus were greatly appreciated by the audience and brought down the house with their comic rendition of some of the latest songs.

Corporals Nagle and Davis, two exponents of "African Golf," gave their audience no chance to grow weary with their fast patter of coon songs, dance and story.

A saxophone quintet composed of Sergeants Brown and Pine, and Corporals Campbell and Tjorhan and White, all members of the famous Mare Island Marine band played some beautiful harmony on their melodious instruments.

Corporal Lew Clifford, a Jewish politician, made a campaign speech amid great flourishing of arms and water. He pleaded for the votes of everyone for his nomination for senator.

With the marines is Gunnery Sergt. Jack McFarland, well known in Oregon boxing circles as a promoter. He is a brother of Paaky McFarland. Under his management, are some fast scrappy youngsters and at the conclusion of the performance last night he matched four of them in two swift three-round bouts.

Boxing and Billy Sunday

The first was between Corporals Hager and Snyder, the second between Corporals Berry and Gonzales. They did some very clever boxing. McFarland holds open a challenge to any local 135 pounder to meet Gonzales.

Bugle Harmony Sergeants Thomas Manca and Corporals Arndt and Warner blew some snappy service calls. They are the undisputed champions of the world.

For the re-nomination to the office of County Assessor for Jackson county, by the Republican party at the primary election May 21st, 1920.

J. B. COLEMAN, Adv.

School Superintendent

I hereby announce myself a candidate for nomination for County School Superintendent on the republican ticket.

Guests of the Elks

The Elks lodge turned out en masse after a short business session to witness the performance, and after the show they with the Roving Marines, adjourned to the Elks temple where they tendered a feast and entertainment to the marines.

The marines in turn furnished the Elks delightful entertainment. The fine band played several selections and there were musical and vocal numbers. Jay Gore did some slight of hand work and "Chick" Weiss some imitations. Captain Brooks thanked the Elks and citizens of Medford for the courtesies shown his men during their stay in Medford.

With the rovers are two brother Elks, Sergeant Billy Manca of Salt Lake lodge No. 85, and Sergeant J. Howard Ransom of Milwaukee lodge No. 46. Stories were told, the band played and a very pleasant evening was enjoyed by all.

Today the jazz band of the Roving Marines went to Ashland where a concert was given. It is with great regret that Medford will bid them adieu this evening at 7.

More than 20,000 persons in the U. S. took Red Cross first aid courses during 1919.

To the relatives of each man who died overseas the Red Cross is sending a photograph of the grave.

NEW BOOKS AT PUBLIC LIBRARY

Reference Books

Report of the Librarian, 1918-1919, world almanac, 1920, U. S. Library of Congress; senate and house journals, 1919, Oregon legislature; Smithsonian Institution annual report, 1917; Cyclopaedia of painters and paintings, iv., Champlin & Perkins.

Each year for overalls—\$200,000,000

EVERY year you and the other men of the United States wear \$200,000,000 worth of overalls. Tied end to end they would reach twice around the world.

Some of these overalls wear well—stay comfortable. Others wear out quickly—bind and rip.

Which kind of service do yours give? Have you found an overall that gives you full value in wear and comfort every time?

Millions of men are today wearing overalls which give satisfaction they have never known before. When these men want overalls, they make sure that they get Blue Buckles.

"I've tried a lot of overalls, but of all I've worn I'll choose Blue Buckles every time. They always give long wear."

Frank M. Crutcher
President of the Iowa Corn and Small Grain Growers' Association

The heaviest, toughest denim on the market goes into Blue Buckles. Blue Buckles are always big and roomy—Blue Buckles never rip. First-class workmanship makes the details right in every pair. Pockets reinforced to prevent tearing—heavy brass buttons—a solid back band—extra wide suspenders—and wide double-stitched seams everywhere—points like these give Blue Buckle wearers solid satisfaction.

Ask for Blue Buckles and get your money's worth.

REPORT MANY CASES OF RHEUMATISM NOW

Says we must keep feet dry; avoid exposure and eat less meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

Clearing Sale of Used and Rebuilt Cars

Beginning Today For Remainder of Month

Auto Opportunities and Low Prices

- 1919 Velie Roadster, in first-class shape, as good as new, plate glass top, fully equipped, at a bargain.
- 1919 Maxwell, as good as new, worth your inspection.
- 1918 Dodge. This car shows the good care it has received.
- Late model Chevrolet, ready to run, \$450.
- Many other cars at prices for any purse.
- Look these cars over early. They will go fast.
