

PEORIA WOMAN HAD TO MUFFLE THE TELEPHONE

"For the benefit of thousands who are suffering from stomach trouble and a run down condition I want to tell of the wonderful results I have gotten from Taniae," said Mrs. Lena Swanson, of 1726 North Madison St., Peoria, Ill.

"It was eight years ago that my stomach got out of order and my health began to fail," she continued. "Finally I got to feeling so bad that I lost interest in everything and got no pleasure out of life. My food acted like poison to my system and I would bloat up with gas and suffer agonies. My heart would flutter until I was almost faint and at times I would get so dizzy the house seemed to be whirling round. I had to almost stop eating and because so weak it was all I could do to get about the house. My nerves were so shattered even the ringing of the telephone upset me and I had to muffle it. I slept very little and seldom woke up in the morning without a dull, nagging headache.

"My brother had gotten such fine results from taking Taniae that he talked me into trying it and I improved remarkably with the very first bottle. I got so I could eat and sleep better. Now after taking five bottles my friends tell me I am the picture of health. I can eat anything, even boiled meats, cabbage and pickles without a bit of trouble with my stomach. My nerves are calm and I sleep like a child every night. I have gained twenty pounds in weight and I never grow tired of praising Taniae."

Taniae is sold in Medford by West Side Pharmacy, and by leading druggists in every town.

The stranger's first impression of our city is gained from our hotels.

H. DEMONSTRATION CLOTHING SCHOOL JACKSON COUNTY

Attention is called to the splendid program set on the various clothing schools held over the county in April under Home Demonstration Department. The topics as given in the program will be discussed as well as a woman who attend this work will be given the privilege of making garments at these schools, with the following reservations: Those wishing to make garments must enroll with the chairman in charge and those wishing to make garments for themselves at these schools must have a dress form. The attendance at these schools is not limited, although the number who wish to make garments is limited to 20 for any one session. So if you wish to make garments at these schools, enroll with the chairman in charge, stating the session which you plan to attend.

HOME COMING FOR ODD FELLOWS IN MEDFORD MAR. 29

The Odd Fellows of Medford are preparing to have an annual grand homecoming and reunion on the evening of March 29. Invitations have been sent to all members of the lodge and sojourning members and their wives and to all local and visiting brethren to be present on that occasion. It is confidently expected to make this by far the greatest event of the kind ever undertaken by the lodge. Those members who cannot be present are requested to respond by letter.

In past years these have been very interesting features in Odd Fellows circles, but during the war and the confusion still resulting a year ago, these events have been passed up. But now, with conditions most favorable, and with a revival of interest taken in the order and a substantial increase in membership the past winter, an unimpeded time will undoubtedly be had.

A varied program of addresses, sketches, skills, readings and music will be followed by a banquet, after which will come the reunion and get-acquainted feature.

EAGLE POINT EAGLETS By A. C. Howlett.

Wm. Cottrell of Trail, one of our leading stockmen, A. Y. Florey, Jr., Miss Ethel Anderson and her sister Sadie, of Medford, came in Saturday evening for rooms and meals.

Sunday we were favored with a fine downpour of rain and snow, and that day Mr. C. H. Natwick and son Carlyle, came out from the camp that they had established a short distance beyond Prospect, and report that the snow, when they left, was fourteen inches deep and snowing like everything. Carlyle said that it snowed so hard that he had to lower his wind-shield to see to drive, as the snow would accumulate on the windshield so fast as to completely cover it up and the wind was blowing so hard that they were completely covered with snow. There has been a vast amount of trouble borrowed by a number of our citizens on account of the severity of snow in the hills and some predicted that there would be a great scarcity of water on the range for stock, but now their fears have all vanished, and now they are borrowing trouble fearing that as we have had such a fine rain and snow that it will be the last and that we will not have any more rain and that the result will be a failure of crops, but I have been living in this immediate neighborhood for the past fifty-three years, and have never seen a failure of crops, yet it is the case quite often that some one will have a failure of his crop, especially his corn crop, but that is generally attributed to a failure of the farmer to properly prepare his ground before planting or leaving it half worked, pulverized, after it is planted, but where the ground is properly worked before and after the corn is planted, especially if the ground is well rolled after the planting and then if it is inclined to bake, to run over it with a light harrow. That will almost always insure a good stand and with proper care and culture a good crop.

Owing to the inclement weather Sunday morning there was not the usual attendance at Sunday school, but nevertheless, we had a very interesting time, but no preaching as Mr. Froento failed to get in an airplane and I am not able to state whether he will be here next Sunday or not, but we will have Sunday school as usual commencing at 10 o'clock a. m.

Miss Ethel Freeman of Ashland who is teaching in the Little Butte district came out on the Medford-Eagle Point stage and went on up to her school on the Eagle Point-Lake Creek stage.

Clarence Middlebush of Trail and Fred Proctor of Medford also came out on the Medford-Eagle Point stage and then the driver, Joe Noonan, had to leave a lady, who is engaged teaching in the Elk Creek district. Miss Edna Von Gotham, of Rogue River, who came out later on the Eagle Point stage, and returned at the Sunnyside until this Wednesday morning, and then went up to her school on the Eagle Point-Forest stage.

J. M. Dews, one of the deputy assessor's, the one assigned to assess Brownsville, Lake Creek and Olney districts, came in Sunday night.

Rollo Mathews, one of the stockmen of this section, was in town Monday and in talking with him in regard to the cattle he said that they had turned out all of their cattle saved about sixty-five cows with calves that were too poor to handle for a living yet, as there is practically no grass, and I am told that another those turned out there is quite a number that have succeeded to the hard water as quite a number of the cattlemen have fed out all of their hay and it is so scarce and high that the owners are taking chances on their cattle through an browsing on oak sprouts and chinquapin.

W. S. Chappell, our shoe repairer, was away from his shop Saturday afternoon and on enquiring the cause of his absence he said that he had been up to C. E. Bellows to get a water tank and fix it to his engine, put in a hot and cold water system in his house, and everything nicely arranged now so that Mrs. Bellows can have everything convenient for caring for her milk and cream vessels.

Our postmaster, W. C. Clements, received a package of sweet clover seed from the department to be given to some one of the good farmers in the neighborhood to be planted and the character of the soil and all the particulars noted and reported to Washington, D. C., and Mr. C. selected Mr. John L. Robertson to plant it, and he says that the tract he experimented on with his new Fordson and that he is going to take special care and see what it will do. A few years ago the plant came up wild around here and some of the farmers cut it and reported that the cattle especially seemed to like it as well as any hay they could get. I intend to watch the result and report to the readers of the Gazette, if I live that long.

Mrs. Wm. Holman of Lake Creek and another lady were here Tuesday, and so was Mr. Stamford Houston of Long Branch. (Trail) and Mrs. Kent of Medford. Mrs. Kent was on her way up in that country to visit her relatives. They both took dinner with us.

Three of the gang of scavengers working with Mr. Stuart McKissick, the engineer who has charge of the laying of the route for the water ditch from Big Butte, and have been boarding here, were called to Medford to do some office work by our county surveyor, Mr. Frank Rhodes, but one of them came back Tuesday. Speaking about Tuesday brings to mind the fact that on that day 88 years ago, I arrived on this earth in Augusta, Me., and since that eventful day have seen the various ups and downs of an ordinary life, and the Good Lord has blessed me with every needed blessing, and I can truthfully say with the Psalmist David, "That I was once young and that now I am old, and that I never have seen the righteous forsaken or his seed begging bread." For our Saviour said, "Seek ye first the kingdom of God." And all these things

Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it finds on a corn or callus is to pull out the pain. Then it shrivels the corn or callus and loosens it.

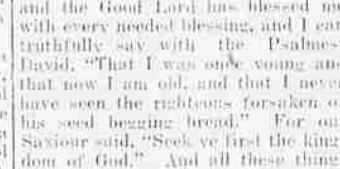

"Gets-It" is almost ready to fall off. You help it just a little by lifting it off with thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, safest, and most pleasant method.

"Gets-It" is the never failing, guaranteed money-back, corn remover costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago.

Sold in Medford and recommended as the world's best corn remedy by Leon B. Haskins, Medford Pharmacy, Strang's Drug Store, Heath's Drug Store, West Side Pharmacy.

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Chamberlain's Tablets

Quality, Skill and Accuracy Are the three most essential requisites your Physician demands in the filling of your Prescriptions to produce the desired results. With our corps of Registered Pharmacists and our stock of pure drugs and chemicals we are prepared to meet this demand.
