## COSTUMES FEATURE IN WET AND DRY PAGE MARCH 30TH

In every production with which the names of Kolb and Dill have been connected the costuming has been a feature that never failed to attract the masculine eye and the feminine optic as well. These inimitable character comedians who are coming to the Page theatre on Tuesday night, March 30, in their latest and funniest comedy with music "Wet and Dry" have taken pains to see that the costumes were as novel and as original as their vehicle. This is saying a great deal for "Wet and Dry," described as a prohibition dramatic farce in a prologue and two acts, written by Max Dill with the lyrics and music by Jean Hayes, is said to eclipse in fun-provoking proclivities anything Kolb and Dill yet have offered to the public.

As is usual with all Kolb and Dill productions there is a host of sing-birds who come under the "100 per cent beautiful" category and each of them has been fitted with a gown exactly designed to best bring out her feminine charms. The designer of these creations is Madame Igoe of San Francisco who has the distinction of having created the gowns for every Kolb and Dill show in the past ten years. Madame Igoe is famous for her originality and her wonderful color schemes.

### TALENT TALK

Mr. Witherow has bought the place of Mr. Shopy, where Cliff Garvin lives, and expects to move this week. Mr. Vogel has traded his property for the property where Witherow lives which is owned by Mr. Sterns of Ashland.

Mr. Turnbaugh and Mr. A. J. Bowman have moved into the Ames rooms vacated by Mr. Mulligan.

Mrs. Inman has moved up to the McGren mill, where her son, Ben, is head sawyer.

Miss Elsie Larson is back in the store after her recent illness.

Mrs. Mulligan of Oregon City is visiting her son here.

Carl Briscoe has moved near Oregon City and Mr. Koozer will move into the house vacated by Mr. Briscoe.

Mr. Andy Weidner has left for Pennsylvania via San Francisco.

Mr. Fred Spencer and wife and son Fletcher and family have moved up to Camp No. 2, where they will work this summer. Mrs. Spencer will run the cook house.

Mrs. Nora Wells who has been visiting her sister, Mrs. Geo. Kerby, left for Nevada Saturday.

Mr. H. J. Barrett and family, who purchased the Andy Weidner place, are moving into their new home.

Mrs. Win. Crosby came home Sunday from the Sacred Heart hospital and is doing fine.

### EDEN PRECINCT

Mr. and Mrs. James Allen of North Talent were most agreeably surprised a few days ago when friends from Stephens county, Wash., called on them. The parties were Mrs. Roy De Haven and small son, Frank De Haven, an ex-service man, who spent fifteen months overseas. Also Mrs. C. B. Weston of Ashland, an aunt of both the former parties with whom they are visiting. They are well pleased with the Rogue River valley, and if Mr. Roy De Haven finds a place to his liking, will send for his wife and daughter, who are visiting with relatives in Seattle.

Mr. and Mrs. Noah Chandler, of North Talent, were visiting friends in Medford Sunday.

Roy Coffman has bought himself a Ford car. This completes the list of every family in North Talent owning a car.

Little Miss Becky Jene and Doris Rose were guests at their aunt's, Mrs. J. M. Rader's home, Sunday.

Charley Wolgamott, of Medford, was up to Noah Chandler's last Sunday buying seed potatoes.

Arthur Furry sold his beef cattle last week. These were a fine bunch of stall fed beef and the price received was none too much for this kind of beef. Our stock men should be getting more for their cattle, when hay is the price it is.

We note that the Farm Bureau is doing some good in the way of securing to the farmer better and cheaper feedstuff such as mill rim, rolled grain, and meal. This is as it should be. Work together, farmers. You are the only persons that are not organized.

Bob Norris and Berthold Hearn, of Phoenix, came home Saturday to spend their week's vacation with home folks. Berthold will take his father's place in the store while home.

Miss Anna Ziegler of Ashland, was a guest of Mrs. A. S. Furry, Sunday, as were Mr. and Mrs. C. C. Cate of Medford and Mrs. M. Rose. Mrs. Rose will spend this week with her daughter, Mrs. Furry.

Members of the Presbyterian church at Phoenix last Sunday had a basket dinner in Clyde hall, and Sunday school conference was held in the afternoon. Next Sunday there will be another basket dinner and the

work pertaining to retaining their pastor will be taken up.

Clay Patterson of Talent, has been quite sick, following an attack of the flu, but is some better at this writing.

E. V. Jones of Talent, left Monday by team for Canada. He will drive part way, or until he finds a sale for his team.

Mrs. B. N. French of Talent was in Medford Monday trading.

Mr. Bruin, road supervisor of Talent district, had his men at work on the Pacific Highway Monday filling up the ruts.

Mrs. Colver Furry of Phoenix, left last Tuesday for Portland with her sister and will visit with her sisters and brothers there for a short time.

### PHOENIX PARAGRAPHS

The following club projects have been organized in the Phoenix school: Pig club, Wm. Forns, local club leader; Roland Carless, president; Edwin Stanwood, vice president; Leonard Turnbaugh, secretary.

Corn club, G. W. Milan, local club leader; Geo. Shafer, president; Edwin Stanwood, vice president; Dettie Schnack, secretary.

Mr. Tyrrell is able to be at his work and is getting along fine with the use of only one hand.

Supt. Ager visited the schools one day last week checking up for standard school.

Teachers for the coming year have been employed to fill all vacancies except one high school vacancy. Miss Frater resigned to attend Columbia university. Miss Gore and Miss Lawton resigned to take better positions.

Mr. Milan is trying to get the boys headed to the farm as he is a great believer in production as well as consumption. As he sees the reconstruction problem, the boys in the cities must get back to the farms and help produce until living becomes normal and then other things will adjust themselves. Fine clothes will not make a hungry man happy. High wages will not give a man ham and eggs if they are not found on the market.

### REESE CREEK RIPELETS

Miss Pool, the home demonstrator, met a few of the ladies at the home of Mrs. C. E. Bellows last Thursday, making dress forms was the order of the day. Those having forms made at that time, were Mrs. Peter Betz, Mrs. W. H. Crandall, Mrs. Sam Courtney, Mrs. W. E. Hammel, Mrs. H. Watkins and Miss May French.

The ladies took their lunch and spent a very pleasant as well as profitable day.

The Reese creek Sunday school expects to have an all day meeting at the school house Easter, April 4th. Come and bring your lunch and remain all day. There will be a short program, also a sermon by Rev. J. Sulle.

The recent rains have caused the farmers to wear a more cheerful countenance.

### Restful Results for Men

Only a person who has experienced that awful "all night" cough that sometimes follows influenza can appreciate what a good night's sleep can be. Mrs. Annie Davison, 2080 Myrtle St., Long Beach, Cal., writes: "The result of using Foley's Honey and Tar was a restful one for me." Foley's Honey and Tar checks harsh, racking coughs; eases wheezy breathing; stops tickling in throat; covers raw, irritated surfaces with a soothing, healing feeling. For sale by Medford Pharmacy.

### SPRING FEVER

Following Colds, Grip or Flu, Thin, Watery or Poisoned Blood

(By Dr. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

BAKER CITY, OREGON:—I was taken with influenza and also had a nervous breakdown. My stomach was so bad I did not retain my food for three or four weeks and I was troubled with fearfulness and gas. I doctored with my two favorite doctors and a Chiropractor. One day I sent for a copy of Dr. Pierce's Medical Adviser (price, 50c.), which I read and decided to make a trial of the "Medical Discovery." At that time I was only able to stay up a few minutes at a time. After taking two bottles I was able to be on my feet all day. I am now able to eat anything without discomfort and never have the distress in my mouth in the morning nor any bowel trouble. I walk 18 or 19 blocks at a time now and feel no ill effects. MRS. WM. HOGGARD, 2830 Church St.

## The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

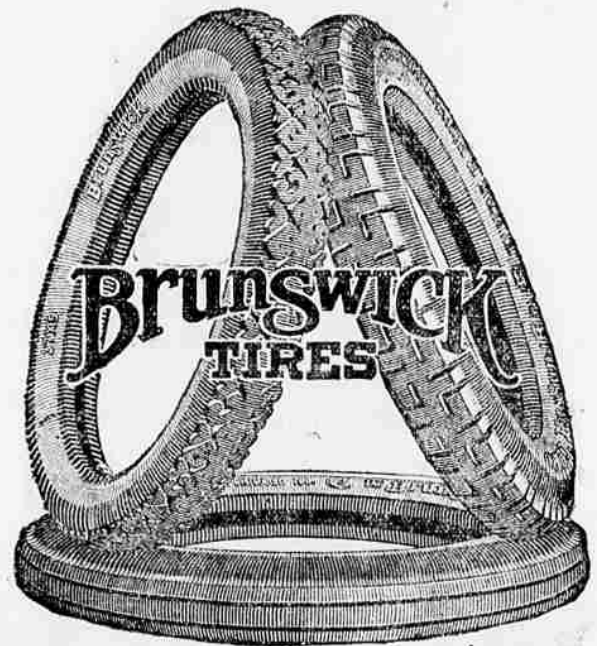

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

## Our Customers Tell Us

THAT OUR IMPLEMENTS DO THE WORK THE WAY THE FARMER WANTS IT DONE.

And that's the best recommendation that any farm implements can have.

There is no substitute for the quality that assures good work—the kind that meets the practical farmer's approval.

Our plows pull light and handle easily, but it's the good seed bed-making quality of their bottoms that gives them leadership.

Our corn planters have an automatic marker and all of the other conveniences, but it is the accuracy of their drop—the precision with which they put the desired number of kernels in every hill—that makes users especially glad they bought at our store.

Our cultivators have more than the usual operating advantages, but it is the way they work all of the soil between the rows that makes users call them the best.

You will find ability to do good work predominant in all our implements. They are built by a firm that puts good work first. We see that they are set up the way the manufacturer intended. We help you to understand their operation so that you can get the full advantage of their good working qualities.

Be sure of good work above everything else, when you buy your implements this year. Come in and let us show you our line.
