

ALBERT B. STEINER, of St. Paul, Minn., who declares he is now able to do twice the work he could before taking Tanlac and that his sister has gained sixteen pounds.

Talking about things that help people, I have just received a letter from my sister in Waterloo, Iowa, telling me she has gained sixteen pounds in weight by taking Tanlac. ... My sister was on a visit to me a short while ago, and as she was suffering from stomach trouble some one advised her to try Tanlac, which she did, and as I saw the great benefit she was getting from it I decided to try it myself, for I had been troubled with my stomach for the past two years. ... Well, while I have only taken five bottles of Tanlac in all my improvement is simply remarkable. I have such a good appetite I am hungry all the time, and my stomach is in such a splendid condition I can eat anything I want without suffering the least bit from it afterward. ... Tanlac is sold in Medford at West Side Pharmacy and by leading druggists in every town.

CLOTHING SCHOOL INSTRUCTION IS A COMPLETE SUCCESS

The clothing schools that are being held under the supervision of the home demonstration department are a huge success. The Rogue River School started off Monday and continued thru Wednesday with morning and afternoon sessions each day. The average attendance was 25 and many things were accomplished. Fine coats were either remodeled or suggestions given for remodeling. Three dresses were made, two remodeled and one made from new material, bound button holes, set in pockets were made and innumerable suggestions given as to finishing up garments, seams, etc. All who are attending these schools say that one cannot afford to miss any one of the sessions. Women are urged to plan to come to the sessions with some work, either old or new garments or materials. The more work that is brought the more problems can be cleaned up. These schools are being held in Central Point the last three days of this week and the attendance and interest is splendid.
