TOM H. E. HATHAWAY WRITES ABOUT OIL AND OTHER THINGS

T. H. E. Hathaway, the former well known Medford man who has been in Chicago for several years past where he is connected with a large sporting goods store, wrote Chris Gottlieb on Easter Sunday as follows: "This is a beautiful Easter day. A blizzard has been blowing all day and tonight it is raining. I have not been out all day. They are netting some fish in Lake Michigan that look like a steelhead except that they have no pink stripes on the side. One has been sent to Washington, D. C., to find out just what it is. They run in weight from 3 lbs. to 6 or 7 lbs. As soon as the weather clears up a party is going out to see if they can be taken with a rod and line. These fish are netted quite close to shore, just across the Indiana line. I would like to get a try at them but cannot get time.

Well, I have been granted a patent on my auto lunch cabinet. Now I must get it on the market. This is a hard thing to do when one has no capital to work on, but I think I can make it go somehow. Business is picking up, Saturday I sold about \$200. It is awful hard to get help. There are all kinds of strikes and they all seem to win.

"How is the drilling progressing I hope it turns out all right. Some mining stock I bought years ago is coming to life, I am told, by a party who owns over \$20,000 worth. Wouldn't it be funny if I made some money out of it? Hope I do.

"A friend of mine just returned from Oklahoma said he never saw so much money before. He told of three young men who put \$300 in a well they were working on and after striking oil they are now drawing over \$1400 a month apiece. That will help to keep the well from the door. "Von is back from Florida and had a good time. I run across some of your old friends once in a while."

SAM'S VALLEY

The Easter program planned and carried out by the Sunday school was well attended by an appreciative audience. The house was prettily decorated with the use of our beautiful wild flowers and shrubbery. After the completion of the program all joined in partaking of a sumptuous basket dinner.

Mr. and Mrs. Wheeler of Gold Hill are visiting indefinitely at the Lyman home.

Mrs. Burford was sadly shocked Thursday on receiving a telegram from her brother, Mr. Metcalf, telling of the sudden death of his wife in Bakersfield, Cal. Mrs. Burford immediately left to be with her grief-stricken brother.

Ralph Koger is employed at the Modoc orchards.

Orin Zimmerman of Klamath Falls is visiting at the Zimmerman home.

Mrs. H. I. Pelton who spent the winter in Portland and Oakland, Cal., returned Tuesday accompanied by Mrs. Bergman, who will visit at the Pelton home.

Mr. Straus is soliciting for the Armenian fund, also Farm Bureau work. All farmers should be members of the Farm Exchange and reap the benefits extended them thru its organization.

The Ladies' Industrial club met this week at the home of Mrs. Burford. A more complete plan of organization will be formed by an acting committee and brought before the next meeting, April 24.

The refreshing showers and warm sunshine are giving us very promising looking crops.

Miss Ruth Daniels of Medford, visited from Friday to Sunday at the Edgington home.

OREGON PEOPLE AMONG VICTIMS IN NEAR EAST

The committee charged with the raising of the local quota for Near East Relief has just received a copy of a cablegram from Armenia which brings to our mind vividly the hardly appreciated fact that the war is not yet over. The Rambos spoken of are a Mr. and Mrs. Rambo of Baker, Oregon, who have been doing heroic service in the Near East for several years. The cablegram, which should be self-explanatory, is as follows: "Word just received telling of orphanage at Hardanie where Rambos of Baker, Oregon, in charge. Orphanage destroyed by bombardment, but relief workers able to remove children in safety seventy miles on foot to Adana. Details lacking. Let this heroic action of these Oregonians and other Americans shame us into such activity as we have never known before!"

Surely such situations should indeed "shame us into such activities as we have never known before." Some of the citizens have already given toward the local quota for Near East Relief, but many have not. Are you one of those whom the sufferings of these little orphans has not yet touched and moved to the point

of giving? The funds are coming in, but not nearly as fast as they should. Subscriptions may be left at Page-Dressler's or given to almost any of the boy scouts who are working on the Near East campaign. Don't wait to be solicited! Make it your business before you tuck your little ones in bed for another night to do your bit toward saving one of these little sufferers and helping raise the local quota. Do it now!

DON'T SUFFER WITH NEURALGIA Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

DANDRUFF IS Unnecessary and Embarrassing. Dandruff encourages Baldness. Both Dandruff and Baldness can be prevented if taken in hand in time. We are sure that there have been times when you have been embarrassed by the falling of Dandruff on the shoulders of your garments. And it is embarrassing, too. We speak from experience. We, personally, are not bothered any more, for we have been putting to good use a very efficient, effective and inexpensive treatment. It is a very simple treatment, too. It is a fact that if you will give this treatment a fair trial you will be mightily well pleased with the results—yes, we are so sure that you will be pleased that we will positively guarantee that you will either be satisfied to the fullest extent or we will return to you just exactly what you paid us for the treatment. The treatment is SAN TOX. Scalp Wonder used in connection with SAN TOX Liquid SHAMPOO and depending up on the condition of your scalp whether you use SAN TOX Hair Tonic, or SAGE and Sulphur Lotion, or SAN TOX Eau De Quinine. Note: If your hair is unusually oily use the latter article, if it has lost its lustre and is breaking off use S. and S. Lotion. Phone to us, if you cannot conveniently call at our store and we will deliver to your home, at no extra cost to you, this combination treatment. It is really a WONDER. FAITH Good Old Fashioned Faith - That's What The World Needs Most. WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear? Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy. We're hungry and thirsty for Faith. "The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the view of hard-headed business men." What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule. Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign. It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help. For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers. Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together. To strengthen the Church is our first great task; out of the Church flows Faith. The only real and permanent solution of the vexing problems which seem more acute than ever since the end of the World War is the application of the Golden Rule. JOSEPHUS DANIELA, Secretary of the Navy. To bring men back to the spiritual standard, to make Christ's principles an impelling force in the reconstruction of society, and to teach men to think true and live true is the mighty task to which the church is called. ROBERT LAWRENCE, Chair'n Gen. Comm. Interchurch World Movement. The spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things. W. B. WILSON, Secretary of Labor. For our own sakes, for our children's sakes, for the nation's sake, let us business men get behind the churches and their preachers! Let us from this very day give them more time, money and thought, for upon them the value of all we own ultimately depends! ROBERT W. BARBER, Business Analyst. The INTERCHURCH World Movement of North America. The publication of this advertisement is made possible through the cooperation of thirty denominations.
