

IF WEAK, THIN OR NERVOUS DON'T WORRY

Try the Bitro-Phosphate Health System—\$300 Guarantee.

NEW YORK. If you are feeling run-down, weak, nervous, tired in the morning, and generally ailing, these are the symptoms that should warn you to take care of your health.

Four persons in every ten are needing more phosphorus in their bodies. When you see thin and frail people; or those who are anemic, pale, frail, oft despondent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of salts, quinine, drastic drugs, iron, calomel, cod-liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health, and contained in BITRO-PHOSPHATE, the famous health preparation. Now obtainable everywhere.

The right thing for you to do is make a trial of BITRO-PHOSPHATE beginning at once. It is not a patent medicine; the formula is prescribed by many physicians for the ailments and weaknesses mentioned above.

With every box of BITRO-PHOSPHATE, are a few simple health rules and a \$300 guarantee. Buy a box of BITRO-PHOSPHATE. It is sold and recommended by all good druggists everywhere.

MRS. LARK EVANS AGAIN ARRESTED ON NEW CHARGE

Life for Mrs. Lark Evans has been just one darn jaunt after another into the courts for the past several months and a hustling around to provide bail bonds.

Following her being bound over under \$500 bonds to the grand jury Wednesday afternoon at her preliminary hearing in Justice Taylor's court on the charge of the larceny of the car of W. G. White of Grants Pass in connection with the robbery of White, for which her husband was recently convicted and sentenced to 15 years in the penitentiary, she was re-arrested in court on a perjury charge sworn out by District Attorney G. M. Roberts, on which charge she was allowed to go on her own recognizance until next Tuesday when her preliminary hearing will be held.

She is charged with having committed perjury at her preliminary hearing two weeks ago, on the charge of having been an accomplice of her husband in the robbery of White, by testifying in court that she and Evans were married eight years ago in Tacoma, he obtaining the license under the name of Wallace Music. She said then they lived together only a few months and then separated, only getting together again about six months ago. On this testimony as to the marriage the case against her was dismissed on a technical point raised by her attorney.

At Wednesday's hearing the county clerk's records at Tacoma were introduced as evidence showing that a marriage license was issued there Oct. 12, 1912, for the marriage of Mildred Coe, 18 years old, a nurse of Portland, and Wallace Music, 23 years old, an engineer of Morton, Wash.

In addition the Medford school records were introduced showing that Lark Evans then resided with his parents in Medford, was but 14 years old on Oct. 12, 1912, and was a school pupil. Miss Ferguson, a Medford teacher testified that Lark attended her school regularly at that time.

This evidence showed that the 14 year old boy could not have been Wallace Music, and hence the perjury charge.

Could Not Begin to Tell All "I could not tell you all the benefits I had from the use of Foley's Honey and Tar," writes Miss Rose Florke, 299 Hawkins Ave., N. Braddock, Pa. "I had a cold in my chest and fearing it would cause pneumonia I tried Foley's Honey and Tar and it was not long till I felt relieved. I hope others suffering from severe colds will try it." Many such letters have been written about this time-tried, reliable family medicine for coughs, colds, croup and whooping cough.

PHOENIX PEOPLE MOURN LOSS OF DR. J. K. BAILLIE

The annual meeting of the Phoenix Presbyterian church was held last evening in Clyde-hall. The most important topic of conversation was the resignation of the pastor, Dr. J. K. Baillie, D.D., who has held this charge for the past ten years. A resolution addressed to the Presbytery of Southern Oregon was presented, reluctantly asking them that a dissolution between pastor and congregation be effected.

Dr. Baillie, thru his hard work and sympathetic disposition, has endeared himself to every one in the community. He has labored unceasingly not alone for the welfare of his own church, but for anything which has borne a streak of uplift for his fellow man anywhere and at any time, and he has thrown his influential support where that support could be used. He is not leaving the congregation he has shepherded and been so faithful to during this long pastorate for the purpose of taking up another charge, nor does he intend altogether to give up the ministry. For one who has followed this work for forty years it is not easy to give it up. If anyone has earned a rest, his people feel that he has. During the last flu epidemic he was overtaken with a hard siege, and the after-effects of this, coupled with the fact that his two married sons are now living in Los Angeles has led him to the determination that he and Mrs. Baillie will leave Phoenix and move to the southern metropolis where they expect to purchase a home and be in close touch with the sons and their families. His zeal for missions will not languish, and it will not be his fault if he does not frequently fall into the long established habit of preaching the word of God.

Thru the untiring efforts of Dr. Baillie, the Phoenix church is now entirely out of debt and the field offers the brightest prospects for his successor, for in addition to the liquidation of all debt, work has gone out from the board of church erection in New York that the congregation is to have a new church building. Efforts are being pushed now to secure another pastor who will be on the ground when Dr. Baillie leaves in May, so that there will be no interruption in the work.

U.S. FURNISHED EIGHTY PER CENT FRENCH OIL

PARIS, April 15.—Governmental purchase and distribution of all oils used in France will come to an end April 23, and all restrictions on commerce in oils will be lifted on that date. During 1919 France used 80,000,000 gallons of gasoline, and a similar amount of illuminating and lubricating oils, of which American oil companies furnished 80 per cent.

Defies Age by Using Howard's Buttermilk Cream for Complexion

This Pretty Girl Tells Druggists Not to Take Anyone's Money Unless This Delightful New Vanishing Cream Quickly Shows a Decided Improvement.

Buttermilk Cream creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its used after application. It actually vanishes from sight and the most heated atmosphere will not produce the least sliminess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, uply finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream. "BILL" MITCHELL RETURNS AFTER 3 YEARS IN ARMY

Sergeant First Class Marvin J., better known as Bill Mitchell, returned home Tuesday evening after serving three years in the army, thirteen months of which was spent in France, and seven months in Germany with the army of occupation. Bill says that he has seen all of the world that he wants to see for a while and that the good old Rogue River valley looks good enough for him.

Sergeant Mitchell along with about twenty of his friends and school mates answered their country's call a few days before war was formally declared, but after it was evident that the United States could not keep out of it. He was forced to serve the full three years in the army and was then furloughed into the reserve for four years. Instead of serving for the duration of the war, as those did who called later. He was also confronted with the cheering news the next

52¢ How would YOU like a raise like this?

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

We Pay Him Half the Wages of a Mechanic

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic. And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can make.
