If—

An Oregon family of four had \$100 a month to get along on in 1913, but had grown into a family of ten with only \$45 a month income in 1920, how in the world would it live?

That Is the Case With

The State University, the Agricultural College, and the Oregon Normal. In 1913 they had 2250 students; now they have 5400. And \$1 in 1913 is only as good as 45 cents today, in purchasing power.

If You Yourself Were Responsible

could you carry on the work of the College, University and Normal on the same state support as in 1913?

You Could Not

Neither can the State University, the Agricultural College, and the Normal School do it. Will you not help these three institutions to continue their useful and productive work for Oregon by voting on May 21 for the Higher Educational relief measure?

ROAD PETITIONS NEED SIGNATURES 900 MORE VOTERS

Of the fourteen hundred names of voters necessary to get the five hundred thousand road bond question upon the ballot, there are less than five hundred names on the petitions at the present time.

The county commissioners cannot place this question upon the ballot unless the full number of signatures appear upon a petition requesting them to give the voters an opportunity to express their desire as to future road building program in this county.

There is an understanding among the commissioners and the citizens at large that no money will be spent out of this road bond issue unless the same is matched dollar for dollar by either the state or the federal government.

Under an agreement with the state and federal authorities, should Jackson County vote five hundred thousand dollars for road expenditures, this will be matched by no less than nine hundred thousand dollars of state and federal funds, making a total of one million four hundred thousand dollars to be spent upon the roads in this county.

The county cannot afford to let this opportunity pass by without making an effort to get practically two dollars from outside sources for every dollar of our own which will all be spent upon our roads.

Road improvements cannot be looked upon as an expenditure of funds but rather that of an investment. The voters of Jackson county by an understanding pledged their support to build laterals as soon as the Pacific highway was completed. The Pacific highway has been paved from one end of the county to the other, with but very few miles yet to be completed, all of which is now under contract.

Not one dollar of the one million four hundred thousand dollars will be spent upon the Pacific highway, but upon roads leading into agricultural sections not now improved with modern roadways.

Petitions have been circulated by a few residents of Medford during the past few days with success as far as their ability will permit to reach the voters. Those who wish to sign the petition should come forward and assist in getting the required number of signatures to the petition. The time is short. The petitions must be signed not later than Monday afternoon, April 19th, as the 20th is the last day for the same to be filed.

Petitions may be found at the following places of business: Wm. F. Isaacs, Sid Brown, J. W. Dressler, Nash Hotel, Medford National bank, First National bank, Jackson County bank, Farmers & Fruit Growers bank, Davidson Cigar store, Valley Garage, George L. Treichler, Brown Motor Co., Seeley V. Hall Motor Co., Hubbard Bros., C. E. Gates, Leon Haskins, Medford Harness Co., Jonas Wold and Chamber of Commerce.

A number of residents have petitions who will be pleased to receive signatures upon same. They are Glenn Taylor, V. H. Vawter, H. L. Walther, Benj. C. Sheldon, F. W. Mears, F. E. Merrick, Mrs. Rose G. Schieffelin, Mrs. T. A. Howell and Mrs. Dora A. Price.

There should be no hesitancy on the part of all voters to sign these petitions as it is nothing more than a request of the county commissioners to give the people an opportunity to express their views upon this question.

IRISH MOB FIRES ON CONSTABULARY

LIMERICK, Munster, Ireland, April 16.—While constabulary were escorting mails from the postoffice to the railroad station last night, crowds melted them with stones and it is alleged the civilians fired some shots. The police returned the fire, wounding two or three civilians.

DUBLIN, April 16.—Another hunger strike is reported to have been begun in Mountjoy prison. The political prisoners, both convicted and unconvicted, who are still detained there, refused to take food last night.

The latest hunger strikers total 40, including nine who participated in the original strike.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. Adv.

H.S. SENIOR CLASS SELECTS A COMEDY FOR CLASS PLAY

The senior class of Medford high school has selected "A Bachelor's Romance" by Martha Morton, a clever and humorous four-act comedy, as their class play this year and the cast are strenuously working in preparation for presenting it to the public on April 23 at the Page theater. There has been several changes in this cast and this has necessitated the postponement from the original date of April 9. From present indications this play of the graduating class will maintain the high standard established by the senior class last year, when they presented "Green Stockings."

"A Bachelor's Romance" is a story of a successful young bachelor's love affair with his beautiful young ward. It is bubbling over with humor and every act is a show in itself.

Miss Cottrell, instructor of English in Medford high is the director. She has had much experience in this work and the very fact that she is directing "A Bachelor's Romance" is a guarantee to the public for its success. The present cast is as follows:

- 1. David Holmes, literary critic on the review—Everett Brayton
2. Gerald Holmes, his brother, pleasure loving, a man of the world—Ned French
3. Martin Beggs, David's secretary and confidential man—Harry Christner

LIBERTY BONDS DROP TO NEW LOW RECORD

NEW YORK, April 16.—Liberty bonds and Victory notes continued

to decline today, the first 4 1/2 being the only one of the nine issues not to have made a new low record by noon. The railroad strike, like the steel strike, is said to have caused some selling and corporations have been realizing on their holdings to acquire additional capital, but the principal reason assigned is the pending issue of treasury certificates of indebtedness at 5 1/2 per cent.

BEAUFORT, Ky., April 16.—The naval wireless station on Pivers Island, near here, was destroyed by fire early today.
