

The FRUIT GROWER says—
"for tree planting
genuine IANT is
most satisfactory"

The Giant Farm Powders—Eureka Stumping and Giant Stumping—loosen and pulverize the soil instead of packing it and throwing it high in the air. Western fruit growers have used hundreds of tons of these Giant Powders for blasting beds for trees. They have proved that blasting with genuine Giant Powders provides free drainage, increases moisture-storage capacity and insures vigorous growth and early bearing. "My trees planted three years ago in beds blasted with Giant Powder are 75 to 100 per cent bigger and better than the trees that I planted in dug holes," writes H. H. Smith, Oregon City.

You will enjoy reading "Better Farming with Giant Farm Powders." It describes all the new and money-saving methods of blasting beds for trees, soil, and established groves and orchards, clearing land, ditching, etc. Write for it now.

**BOY SCOUTS DO
 VALIANT SERVICE
 FOR NEAR EAST**

City Chairman Millard reports that up to date something over \$800 has been brought in by the various boy scouts toward the local quota for Near East Relief. The boys are still working, and the committee wishes to impress upon the citizens the urgency of giving their contributions at once, either through the boy scouts or the other agencies at work on the drive. Although a creditable start has been made, at least \$800 dollars more must be raised if this community is not to fall behind in reaching its quota.

Ashland and Phoenix have been "over the top" for some time, and surely the people of Medford will not allow their city to fall behind the sister cities to the south in this important piece of work. By giving your contributions through the Boy Scouts, you not only are helping to raise the quota, but also helping the scouts to win the medals and prizes for which they are working. However, contributions may be made at the Page-Dressler office, if no scout is available.

No means is being overlooked to raise the quota in the shortest possible time. The prominent churches and lodges are being asked to contribute their share toward the work, and gratifying responses are being made. But unless every person does their share, the campaign may fail to raise the proper amount. In the face of the appeal of the thousands of starving children, surely no self-respecting citizen can fail to loosen his or her purse-strings. Give now, and help out Jackson county in the list of those who have heard the call and responded gladly to this opportunity to aid suffering humanity.
