

FACTS TO KNOW ABOUT ASPIRIN

The "Bayer Cross" means genuine Aspirin prescribed for 18 years.

Aspirin created a sensation when introduced by Bayer over eighteen years ago. Physicians at once proved its wonderful efficiency in the relief of pain. The genuine, world-famous Aspirin, in "Bayer Tablets of Aspirin" is safely taken by millions for Colds, Headache, Rheumatism, Neuralgia, Earache, Toothache, Neuritis, Aching Joints, Neuritis, and Pain generally.

Be sure the "Bayer Cross" which is the mark of true "Bayer Tablets of Aspirin" is on each genuine package and each genuine tablet.

Boxes of 12 tablets cost but a few cents and contain proper directions. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monacoceticacid-ester of Salicylicacid.

Evening—Floor, \$2.50. Balcony 4 rows \$2, 4 at \$1.50, 3 at \$1. Gallery, reserved, at 50c.

FIRST FROST ON SUNDAY MORNING DOES NO DAMAGE

So far as reports had been received at the county agent's office up to early this afternoon, the heavy frost of Sunday morning did no considerable damage, although a minimum temperature of 27 degrees was reached in Medford and immediate vicinity, and of 25 degrees in the Bear Creek and Central Point sections. It was the first heavy frost of the season and snowing was general in the valley. A number of orchardists, including the Bear Creek orchard, began snodging at midnight and kept it up until all danger was past in the morning.

The escape from a killing frost was very fortunate as it looked for some time as though the mercury would drop to 20 degrees, but it stopped falling at 3 a. m., at 27 degrees and held there. It seems that most orchardists of the valley can stand a temperature of 25 or 26 degrees without damage.

Sunday a killing frost for the valley was predicted by the San Francisco weather bureau for this morning, greatly worrying the orchardists, but after this prediction was received, a warmer wave struck the valley and hence Frost Expert Young was able to give out the welcome news in the evening that all danger was past.

17 ARE KILLED IN ARKANSAS STORM

LITTLE ROCK, Ark., April 19.—Seventeen persons were killed and probably a score seriously injured during the storm which swept through the northwestern part of the state last night.

LITTLE ROCK, Ark., April 19.—A score of people were killed and many injured in storms which swept several counties in northwest Arkansas last night, according to messages received over demoralized wire service.

At Harkey valley, 12 miles north of Danville, seven people, six of them members of one family, were reported killed with many persons hurt and at Hikeville sixteen miles south of Clarksville, three persons were reported killed and many hurt.

VICTOR BURSSELL FOR COUNTY COMMISSIONER

The latest addition to the list of county candidates is Victor Bursell, who asks for the nomination for county commissioner on the republican ticket. This makes three candidates for this office. Mr. Bursell has lived in Jackson county 37 years, and at present owns a fine farm between Medford and Central Point, where he recently built a new home. He understands the needs of the farmers, stockmen and business men of the county and stands for a practical administration of county affairs. He is a good roads enthusiast, has made a study of the same, and has built, at his own expense, a good gravel road from his ranch to the county road.

LATEST NEWS OF THE STATE

PORTLAND, Ore., April 19.—Two years in state's prison was the sentence imposed here today upon Joseph Taunty, convicted April 3 of violation of the state criminal syndicalism act.

SALEM, Ore., April 19.—Chester Harness, a trusty, employed at the wood camp of the state penitentiary, escaped early today. Harness is 29 years old and under sentence from Baker county from two to five years for burglary.

SALEM, Ore., April 19.—O. P. Hoff state treasurer, it is understood, was one of the witnesses called before the Marion county grand jury today when it met to continue investigation of alleged bond transactions between the treasurer's office and a Portland brokerage firm.

NEW R. R. STRIKE THREATENED

(Continued from Page One) manently the places of strikers who failed to report up to yesterday noon, Mr. Mantell said. All railroads in this section commenced to move freight from badly congested terminals today. Virtually normal passenger schedules were maintained. The Hudson tubes, connecting Manhattan and New Jersey cities were still tied up. The federal grand jury was convened at Newark, N. J., today to consider alleged radical activities among the strikers.

U. S. ARMY MULE IS HIGHLY PRAISED OFFICIAL REPORT

WASHINGTON, April 19.—The patient, long suffering, hard working, and oft ridiculed army mule has at last come to his own in an appreciation from the quartermaster general.

"The low down," on the army mule came today in an official publication. There were more than 45,000 of him engaged with the army overseas, and more than 100,000 with the troops in the United States, and the army mule lived up to his established reputation for enduring, sacrificing and dying like a soldier.

They were not all American mules. Seven thousand came from England and 9000 from France and another 11,000 from Spain.

"There was no comparison," says the quartermaster general's announcement, "between the small and poorly nourished mule secured in Spain, and those purchased in southern France and the powerful, unstanding, meaty-nosed product of the middle west."

"These were times during the final stages of the world war when it was necessary to keep mules on the move 48, 60 and sometimes 72 hours, with hardly more than a mule. Then it was possible to feed only a small amount of grain and a few handfuls of hay. Under this strain the mule went forward, giving his all uncomplainingly."

"The mule had always been given the credit of having his full quota of brains, but at times it seemed he had more than his share. He may run when hitched to a wagon, but invariably does no harm to himself or the wagon. When tired he makes his condition known by quitting. However, this quality did not come to the fore during the days of St. Mihiel and in the Argonne."

A good many farmers these days, devoted to their horses say "God darn a mule anyway" on general principles, but the army loves and admires him for services rendered and would like to see him get the distinguished service medal.

SALEM, Ore., April 19.—An application has been filed with the state engineer by the Grants Pass irrigation district for the appropriation of 500 second feet of water from Rogue River for the development of power with which to operate pumps in connection with the irrigation of land within the irrigation district.

FINE! FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on! Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 20c and 60c jars; hospital size \$2.50.

GAS SHORTAGE IN MEDFORD CAUSES AUTOISTS ALARM

Because of the switchmen's strike there is a shortage of gasoline in the city, which bids fair to become acute if the railroad freight embargo continues. The situation is such as to cause auto owners to worry, and the fact that there is a shortage of gasoline in California makes the outlook somewhat dubious for ample gas supply this summer, if the present situation is not remedied.

The Associated Oil company ran completely out of gasoline Saturday, but received a car load this morning, and has three more cars en route if the railroad situation permits them to get through. The Standard Oil company has only enough on hand to supply its own regular customers, and therefore refused to sell any to the customers of the Associated company's service stations Saturday and Sunday.

TOTAL LOSS DUE TO GOVT. CONTROL MOUNTS TO OVER ONE BILLION

WASHINGTON, April 19.—Total loss to the government growing out of federal control of the railroads was estimated today by the house appropriations committee at \$1,129,000,000. This includes the \$225,000,000 estimated as guarantees to the railroads under the terms of the transportation act.

WASHINGTON, April 19.—Reduction of \$30,000,000 in the \$420,000,000 asked by the railroad administration to wind up its affairs was made today by the house appropriations committee. The new appropriation would bring the total funds granted the railroad administration to \$1,780,000,000.

WASHINGTON, April 19.—In deciding a belated appeal, the supreme court today held that transportation by the owner of intoxicating liquors into a dry state by means of his own automobile was a violation of the "bone dry" amendment. The opinion was rendered in government appeals from federal court decrees quashing part of an indictment against Everett L. Simpson, who was charged with carrying intoxicants from Wyoming into Colorado.

Associate Justice Van Devanter, in rendering the opinion, said the taking of intoxicants from one state to another was interstate commerce, no matter how transported.

Murder Conviction Stands.

WASHINGTON, April 19.—Conviction in New Mexico of E. W. Blance on charges of murdering Clyde DeArmoir will stand as a result of the supreme court's action today in dismissing appeals brought by him. Blance was sentenced to death.

ROAD PETITIONS MUST BE HANDED IN BY TONIGHT

The office of the Chamber of Commerce will be open this evening to permit the return of the road bond petitions which must be presented to the county commissioners tomorrow (Tuesday) morning.

It will be necessary that all who have petitions turn them in at this time, as it is far better to have too many signers to the petitions than not enough. The next few days will be taken up by the county authorities checking up the signatures and their next act will be to place the measure upon the ballot.

All who are interested in road construction and who have not signed

the petition may do so at the Chamber of Commerce this evening.

CALOMEL!

It's Mercury! Quick-silver! Shocks the Liver—Danger!

You're bilious, but take "Cascarets"! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched, your bowels are constipated. No wonder you feel foggy, mean and ill-tempered. You need Cascarets tonight. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are ended by morning with gentle, harmless Cascarets—they work while you sleep, never grip, shock, sicken or inconvenience you. They're grand!

Missing any Rialto program is unwise.
