CITY EMPLOYEES GIVEN RAISE OF \$15 PER MONTH

The city council at its session last night voted a welcome raise in pay to all city employees. The raise in most cases was \$15 a month, except to the recorder and treasurer, who each were raised \$25, from \$125 at which figure their salaries have stood for the past 10 years. The larger increase was given them because of the importance and responsibility attached to these offices. The highest salaried city official now is Chas. Davis, the street, water and light department superintendent, who with the \$15 additional, now draws \$165 a month.

The increase gives most of the city employees not less than \$100 a month, including the policemen and firemen, and those receiving less than that sum have enjoyed raises granted during the past few months. Although the mayor and councilmen reiterated that a married man could not live nowadays on less than \$100 monthly, they nevertheless, left some of the employees under that figure.

The \$15 increase gives the fire chief \$115; the assistant fire chief, \$105; the fire department mechanic \$110; and the firemen \$100. The city council has always seen fit for some reason to pay the fire chief more than the police chief, and hence with his raise of \$15, the police chief's salary is only \$105. The police patrolmen now draw \$100 a month.

In the water department the tap man now draws \$115, his assistant \$90, the reservoir caretaker \$100 and the pipe linemen \$100 each. In the street department the flushman now gets \$115 the sewer man \$100 and the latter's assistants \$95. The city park caretaker with his increase only gets \$70.

As a general rule the increases were granted in an attempt to prevent the employees from quitting city work to obtain more remunerative employment. A number of the employees are still dissatisfied with their pay.

MYSTERIOUS AIR PLANE LANDS IN CITY 8, DEPARTS 10

The first aeroplane to be seen in Medford and the valley since late last fall arrived here about 8 o'clock this morning from Redding, Calif., en route to Spokane, landing at Gore field. The two young men in the plane at once found their way to the weather bureau office, where they made inquiries of C. C. Cate about the weather.

They were evasive as to their identity and what they were representing in their flight, but asserted that they came through from Redding this morning, passing over the Siskiyou at an elevation of 7000 feet, and encountered very cold weather at that altitude. They said that their next stop was Eugene, and after going on top of the Liberty building with Mr. Cate and viewing the landscape and sky, during which they spotted a wide rift in the clouds to the north, through which they stated that they would fly, left at once for Gore field and departed from the city.

The arrival and departure of the plane from the city, together with the familiar hum overhead aroused much interest and considerable speculation.

NEW GROCERY FIRM OPENS UP TOMORROW

J. A. Moffatt & H. S. Launspach have purchased the Krebs Grocery and will take charge tomorrow morning. Both of these men have had experience in this line, are wide awake young business men and will make a success of their new venture. They will carry an up-to-date line of goods, give the best service, will have a strictly modern equipment and ask a share of the patronage of the public. The Palace Grocery is the name of the new firm.

Dorothy Dalton Scores
The ability of Dorothy Dalton to play emotional roles to perfection was again shown last evening at the Liberty theatre, where the talented star opened a three day's run in her latest Thomas H. Ince production, "His Wife's Friend." Miss Dalton has the role of a young wife of a millionaire who spends most of his time over a chess table. A great mystery is the central theme in the story, which is highly entertaining and offers copious thrills.
